# Comments on the Census

The City of Red Deer conducts a municipal census to determine the total population of our city.

Census information is collected under the authority of the Municipal Government Act (MGA), and is used for statistical purposes only. Any personal information collected is used for verification of the data and is protected under the Freedom of Information and Protection of Privacy Act (FOIP). If you have any questions regarding the information collected or the statistical data provided in this report please contact:

# The Census

The census is an official count of the number of people living in Red Deer.

The City conducts a municipal census:

- To establish the total population of our city;
- To help The City understand community needs as we move forward with future growth and development; and
- To calculate the amount of provincial grant money Red Deer receives, which is based on the total population of our community multiplied by a dollar figure.

Census data is also used by a variety of outside agencies such as community groups, businesses, charities and research groups.

Since 2013, The City has collected census data online. The response rate for the online portion of the Census for 2013 was 31%. It increased to 40% in 2014, and to 41.65% in 2015.

## **What information was collected in 2015?**

Enumerators asked Red Deer citizens the following questions:

- How many people live in your household?
- What is the gender of each person living in your household?
- What is the year of birth of each person living in your household?
- Does anyone in the household need or prefer The City to communicate with them in a language other than English?

With our growing population, The City wanted to find out if there is a need to begin communicating to our residents in a language other than English.

## **Audit**

As instructed by Municipal Affairs, The City undertook a Quality Assurance Audit by completing 1,000 follow-up phone calls to verify the accuracy of census results.

## **Will a census be conducted in 2016?**

Red Deer is still growing, which means our population changes all the time. The City plans to conduct a basic census in the year 2016.

The City thanks all citizens who participated in the 2015 Census.
