## **Part 1 Overview & Definitions**

### **1.10 Title**

- 1.10.1 This Bylaw will be known as the “Zoning Bylaw”.

### **1.20 Overview of this Bylaw**

- 1.20.1 This Bylaw:

- 1.20.1.1 divides the City into Zones;
- 1.20.1.2 prescribes and regulates for each Zone, the purpose for which the land and Buildings may be used and the Permitted Uses and Discretionary Uses that may be allowed;
- 1.20.1.3 establishes the roles of the Development Authorities;
- 1.20.1.4 establishes the method of making decisions on applications for land use redesignations and Development Permits, and issuing Development Permits; and
- 1.20.1.5 prescribes the procedures to notify landowners, residents, and citizens who may be affected by the issuance of a Development Permit or Bylaw amendment.

### **1.30 Transition**

- 1.30.1 Development Permit applications must be evaluated under the regulations of this Bylaw as of the effective date, even if the application was received before this date.

### **1.40 Interpretation**

- 1.40.1 Header text forms part of the Bylaw text.
- 1.40.2 The follow items do not form part of this Bylaw and may be changed without an amendment:
- 1.40.2.1 title page;
  - 1.40.2.2 page numbers;

- 1.40.2.3 Table of Contents;
  - 1.40.2.4 List of Figures; and
  - 1.40.2.5 List of Appendices.
- 1.40.3 Provisions of the Bylaw must be interpreted and applied as follows:
- 1.40.3.1 “must” means required; and
  - 1.40.3.2 “should” or “may” means encouraged.
- 1.40.4 Words and terms used in the Bylaw have the same meaning as given to them in the Act unless defined in Part 1.
- 1.40.5 Words that are not capitalized should be given their plain and ordinary meaning as the context requires.
- 1.40.6 Text boxes are for convenience, clarification, and reference only; they do not form part of this Bylaw and must not be used in the interpretation of this Bylaw.
- 1.40.7 The term “Zone” may be used interchangeably with “district”.
- 1.40.8 References to specific Road classifications such as collector, arterial, and lane, have the same meaning as described within the Engineering Design Guidelines.
- 1.40.9 Where in conflict, numerical metrics or text will take precedence over graphics. Graphics are to support the intent of the Bylaw.
- 1.40.10 Where a part, section, or subsection is cross-referenced the cross-reference will apply to the identified part, section, or subsection and any sections or subsections within it, unless explicitly stated otherwise.

This is a text box. It helps to explain concepts in plain language or provide examples of things that might not be familiar to the reader. The wording in text boxes is not part of the Bylaw.

## 1.50 General Definitions

1.50.1 Where examples are used in definitions, they are meant to explain the definition and are not meant to limit the scope of the definition in any way.

1.50.2 In this Bylaw, unless context otherwise requires:

**Abut or Abutting** means physically touching or sharing a common border such as a Boundary;

**Act** means the Municipal Government Act;

**Active Commercial Main Floor** means Main Floor Commercial uses which create pedestrian activity at the Movement Corridor or Road level such as a coffee shop, an art gallery, or boutique, as identified in the Capstone Area Redevelopment Plan;

**Adjacent** means lands that Abut or would be next to a Site if not for an easement, right of way, railway, Road, lane, river, or stream;

**Amenity Space** means an indoor or outdoor space designed for active or passive recreation, and enjoyment, provided as common or private spaces or a combination of both;

**Bed and Breakfast** means a Dwelling Unit where temporary sleeping accommodations, with meals, are provided for remuneration to members of the public;

**Bicycle Storage** means a space designed for parking a bike in an orderly and secure manner, and can be designed to secure a bike horizontally or vertically;

**Third Party Advertising** means Copy that promotes goods, products, services, or activities not sold, produced, or offered on the Site where the Sign is located. This does not include the name of a sponsor on Signs on a Building;

**Window Area** includes all contiguous panels of glass, including panes of glass that would be contiguous if not separated by mullions (the bars between panes of glass).

## 1.80 Establishment of Zones

1.80.1 The land use Zones within The City include the following:

Short Code	Zone Name
A-1	Future Urban Development Zone
A-2	Environmental Preservation Zone
C-1	City Centre Commercial Zone
C-1A	City Centre West Commercial Zone
C-2	Multi-Neighbourhood Commercial Zone
C-3	Neighbourhood Commercial Zone
C-4	Major Arterial Commercial Zone
C-5	Mixed-Use Commercial Zone
CAP-C	Capstone Commercial Zone
CAP-PR	Capstone Primarily Residential Zone
CAP-TD	Capstone Taylor Drive Zone
DC	Direct Control Zone
I-1	Industrial Business Service Zone
I-2	Heavy Industrial Zone
I-C	Industrial Commercial (Mixed-Use) Zone
P-1	Parks and Recreation Zone
PS	Public Service (Institutional or Government) Zone
PS-I	Post-Secondary Institution Zone
PS-R	Public Service Residential Zone
R-A	Residential Acreage Zone
R-D	Residential Duplex Zone
R-H	Residential High-Density Zone
R-L	Residential Low-Density Zone

R-M	Residential Medium-Density Zone
R-MH	Residential Manufactured Home Zone
R-N	Residential Narrow Lot Zone
R-SMU	Residential Small-Scale Mixed-Use Zone
R-W	Residential Wide Zone

1.80.2 The following zoning modifiers may qualify, or limit uses or regulations in a land use Zone:

Short Code	Zoning Modifier Name
D	Density Zoning Modifier
HP	Historical Preservation Zoning Modifier
HS	Historical Significance Zoning Modifier
V	Vertical Height Zoning Modifier

### 1.90 Establishment of Direct Control Zones

1.90.1 Direct Control Zones are established to allow for Developments which require specific regulations unavailable in other land use Zones.

1.90.2 <sup>7</sup>Council may delegate the decision on Development Permit applications to the Development Authority.

### 1.100 Land Use Zone Boundaries

1.100.1 Zone boundaries are shown in the Land Use Zone Maps in Appendix “A”.

1.100.2 For Sites on or Adjacent to an escarpment area with more than 1 applicable Zone, the Boundary between the 1 Zones will be the Crest of the escarpment.

---

<sup>7</sup> 3357/C-2026

## **1.110 Land Uses in Zones**

- 1.110.1 Development within a Zone will be subject to the regulations set out in this Bylaw for that Zone.
- 1.110.2 Permitted Uses and Discretionary Uses for a Site are subject to the limitations and restrictions contained in any statutory plan, such as an area structure plan or an area redevelopment plan, that applies to the Site.
- 1.110.3 Uses are mutually exclusive, meaning the Development Authority must determine what use definition applies to a particular use.
- 1.110.4 Despite subsection 1.110.3, uses listed in Direct Control (DC) Zones or under Part 13 Site Exceptions do not create new use categories that would affect use definitions applicable in other Zones.

## **Part 2 Development Process & Administration**

### **2.10 Development Officer**

- 2.10.1 The City Manager must appoint 1 or more Development Officers.
- 2.10.2 The Municipal Planning Commission may act in place of a Development Officer.

### **2.20 Permission Required for Development**

- 2.20.1 Except as outlined in subsection 2.30.1, no Development will commence unless a Development Permit was issued.
- 2.20.2 No clearing or grading on a Site larger than 1 hectare will occur without:
  - 2.20.2.1 a clearing and grading permit issued by the Development Authority; or
  - 2.20.2.2 a signed development agreement with The City affecting the Site and containing provisions on the Site's preparation.
- 2.20.3 Clearing and grading operations must conform with The City's Engineering Design Guidelines, as amended.
- 2.20.4 Except for Sites under DC(32) (Direct Control Zone No. 32), applications for Development in an escarpment area, as identified in the Land Use Constraints Maps in Appendix A, must be considered per section 2.70.

### **2.30 Developments Not Needing a Development Permit**

- 2.30.1 The following Developments, provided they otherwise comply with this Bylaw and are not located within an escarpment area or under Direct Control Zone No. 32 (DC(32)) Zoning, do not require a Development Permit:
  - 2.30.1.1 the Temporary Use of a Building in connection with a federal, provincial, or municipal election, census, or referendum;
  - 2.30.1.2 the demolition or relocation of a Building, where a Development Permit was issued for a new Development on the same Site and the demolition or relocation of the existing Building or structure is implicit in that Development Permit;

- 2.30.1.3 the construction and maintenance of transit shelters, Roads, lanes, or parks;
- 2.30.1.4 Temporary Buildings erected in connection with the construction, marketing, or alteration of an approved Development;
- 2.30.1.5 Temporary Buildings erected pursuant to an approved special event permit as identified on said permit;
- 2.30.1.6 Temporary Buildings erected for 7 days or less;
- 2.30.1.7 the temporary storage of construction material on a Site near or Adjacent to a Site upon which a Building is being erected or altered;
- 2.30.1.8 the construction of patios and Decks provided they are not covered by a roof;
- 2.30.1.9 <sup>8</sup>the construction of a fence.
- 2.30.1.10 landscaping, where the existing Grade and natural surface drainage pattern is not materially altered, except where the landscaping forms part of a Development requiring a Development Permit;
- 2.30.1.11 outdoor recreation amenities that are devoted to the communal use of residents living on the Site, including but not limited to above ground pools, hot tubs, backyard skating rinks, play structures, putting greens, or tennis courts;
- 2.30.1.12 internal alterations and maintenance, or repair to any Building provided the use, intensity, height, or floor area of the Building does not change;
- 2.30.1.13 Site grading in accordance with an executed development agreement;
- 2.30.1.14 minor structures not exceeding 1.8m in height which are accessory to Residential uses, such as barbeques, tents for camping, dog houses, lawn sculptures, bird feeders, or raised planting beds;
- 2.30.1.15 Accessory Buildings within a Residential Zone with a Floor Area of 10.0m<sup>2</sup> or less and a height of 2.8m or less, including garden sheds

---

<sup>8</sup> 3357/C-2026

- workshops, and potting sheds, provided they are movable and comply with the regulations in this Bylaw;
- 2.30.1.16 the basement Development of any Residential Dwelling Unit in respect of which a Development Permit has been issued including, but not limited to, the number or placement of basement windows. This excludes House Suites;
  - 2.30.1.17 a Home Occupation Minor that does not generate any business associated visits, such as a drop-offs, pick-ups, deliveries, and visits from customers or consultants;
  - 2.30.1.18 the Outdoor Display or Sale of Goods where the area:
    - 2.30.1.18.1 does not extend further than 4.5m from the front of a Building;
    - 2.30.1.18.2 is on private property in a C-1, C-1A, C-2, C-4, and C-5 Commercial Zone, or on an approved DC Site;
    - 2.30.1.18.3 contains goods displayed:
      - 2.30.1.18.3.1 in an orderly fashion; and
      - 2.30.1.18.3.2 in a way that does not impede pedestrian or vehicle traffic;
  - 2.30.1.19 Development undertaken by The City for repairs and general upkeep on Public Property in the P-1 and A-2 Zones, including picnic areas, play structures, outdoor furniture, playgrounds, or tot lots, but not including any Development requiring tree removal;
  - 2.30.1.20 Targeted Grazing on City owned lands, including lands within an escarpment area or Direct Control Zone No. 32 (DC(32)), which is carried on by, or on behalf of, The City;
  - 2.30.1.21 <sup>9</sup>In the C-1 Zone, except where the change of use involves a Dwelling Unit, a change of use of a Building or part of a Building from one Permitted Use to another Permitted Use does not require a Development Permit provided that:
    - 2.30.1.21.1 the uses are similar;
    - 2.30.1.21.2 there is no increase in the intensity of use of the Site or Building; and

---

<sup>9</sup> 3357/C-2026

2.30.1.21.3 the change of use does not require a variance.

- 2.30.1.22 Signs as outlined in section 5.30;
- 2.30.1.23 minor exterior renovations to a Residential Building including changes in material, the addition of windows or doors, or changes to existing windows or doors;
- 2.30.1.24 solar panels that are on the roof of a Building only and do not project beyond the eaves of the Building.
- 2.30.1.25 <sup>10</sup>covered Decks provided that all other regulations required under the Bylaw are met.
- 2.30.1.26 <sup>11</sup>Day Cares caring for six or less children operating in conjunction with a residential use.

## 2.40 Development Permit Applications

- 2.40.1 Development Permit applications must be made on an application form prescribed by the City Manager and completed to the Development Officer's satisfaction.
- 2.40.2 An application is complete if the Development Officer determines that it contains the documents and other information necessary to review the application as outlined in section 2.40.
- 2.40.3 The Development Officer determines the number of paper, electronic copies, or both required for a complete application.
- 2.40.4 Despite subsection 2.50.5, an incomplete application may be accepted if the Development Officer is satisfied that a decision can be made without all of the documentation and information required in subsection 2.40.5.
- 2.40.5 A Development Permit application must include:
  - 2.40.5.1 signed authorization of the landowner of the Site;
  - 2.40.5.2 at the discretion of the Development Officer, a copy of the Certificate of Title for the subject Site dated within 30 days of the

    - 2.40.5.4.1.7 proposed Site Grades, with contours;
    - 2.40.5.4.1.8 all water bodies, drainage courses, and flood risk areas on or Abutting the Site as well as high water marks and arrows indicating the direction of water flow;
    - 2.40.5.4.1.9 active or suspended oil or gas Development on or within 25.0m of the Site Boundary; and
    - 2.40.5.4.1.10 unless previously submitted to the Development Authority or Subdivision

Authority during the last 12 months for any proposed Building or addition greater than 47.0m<sup>2</sup>, information from the Alberta Energy Regulator identifying the locations of, or confirming the absence of, any abandoned oil or gas wells on or within 25.0m of the Site Boundary.

- 2.40.5.4.2 a landscaping plan, except for Residential Developments of 5-units or less, with:
  - 2.40.5.4.2.1 the name of the project or applicant;
  - 2.40.5.4.2.2 the name and endorsement stamp of a landscape professional;
  - 2.40.5.4.2.3 a north arrow, plan scale, and the legal and civic address;
  - 2.40.5.4.2.4 identification of any existing and proposed surface Parking, Outdoor Storage areas, Driveways, and Buildings;
  - 2.40.5.4.2.5 all other physical features existing or proposed, including but not limited to berms, walls, fences, Signs, outdoor furnishings, decorative paving, streetlights, and hydrants;
  - 2.40.5.4.2.6 location of existing and proposed Utilities, easements, and right of ways. If landscaping is proposed within Utility right of ways, the plan must also be endorsed by all utility companies that have access to the right of ways, indicating their approval;
  - 2.40.5.4.2.7 location of existing plant materials and indication as to whether they are to be removed or retained;
  - 2.40.5.4.2.8 location of new plant materials scaled accurately to mature size;

- 2.40.5.4.2.9 location of any planting beds and identification of the bedding material;
- 2.40.5.4.2.10 a table indicating the Landscaped Area in square meters, percentage of the Site Area proposed as Landscaped Area, an outline of the minimum number of trees and shrubs required to be provided, the total number of trees and shrubs provided, and the ratio of proposed coniferous to deciduous;
- 2.40.5.4.2.11 a list of plant material including the plant key or symbol, botanical name, common name, quantity, planted size and any special conditions for each species;
- 2.40.5.4.2.12 a list of proposed variances, if any; and
- 2.40.5.4.2.13 any water conservation methods or strategies employed.
- 2.40.5.4.3 a Building plan which must include:
  - 2.40.5.4.3.1 floor plans showing proposed uses;
  - 2.40.5.4.3.2 total dimensions of the Site and Site Buildings coverage calculations;
  - 2.40.5.4.3.3 where required to determine Parking requirements, the allocation of floor space for different uses;
  - 2.40.5.4.3.4 patios, steps, porches, Decks, playgrounds, Amenity Space and Open Space areas, and other similar features;
  - 2.40.5.4.3.5 for a Manufactured Home Park or multiple unit projects, proposed unit locations, number of units, and Amenity Space in the overall Development area;
  - 2.40.5.4.3.6 cross sections; and
  - 2.40.5.4.3.7 foundation plans.

- 2.40.5.4.4 a Building elevation plan which must include:
  - 2.40.5.4.4.1 colour renderings of each facade of the Buildings;
  - 2.40.5.4.4.2 description of exterior finishing materials;
  - 2.40.5.4.4.3 Building Height and number of storeys; and
  - 2.40.5.4.4.4 For applications in Capstone, the Building elevation plan must also include the layout, features, and materials of the Edge Zones.
- 2.40.5.5 for a Temporary Use, a Site Plan that includes the same requirements as identified in subsection 2.40.5.4.1;
- 2.40.5.6 for an Accessory Building:
  - 2.40.5.6.1 a Site Plan that includes the same requirements as identified in subsection 2.40.5.4.1;
  - 2.40.5.6.2 a Building elevation plan that includes the same requirements as identified in subsection 2.40.5.4.4.
- 2.40.5.7 for a change of use:
  - 2.40.5.7.1 a comprehensive Site Plan that includes the same requirements as identified in subsection 2.40.5.4.1;
  - 2.40.5.7.2 a Building elevation plan that includes the same requirements as identified in subsection 2.40.5.4.4;
  - 2.40.5.7.3 a floor plan showing the location of the proposed use.
- 2.40.5.8 in addition to the foregoing, for Townhouses, Apartments, Manufactured Homes, Commercial Developments, and Industrial Developments:

- 2.40.5.8.2 location and elevations for proposed waste and recycling containers, as well as collection routes;
- 2.40.5.8.3 location of existing and proposed transit stops;
- 2.40.5.8.4 in the case of the Development of a Site with multiple uses, a master plan and preliminary engineering plan for the entire Site;
- 2.40.5.8.5 a lighting plan for all outdoor Parking showing location of all light poles, Illumination levels, aiming direction and angle of light source;
- 2.40.5.8.6 for a large-scale Development, unless sufficient information is otherwise provided, a traffic impact analysis stamped by a professional engineer, or a registered professional technologist accredited by the Association of Professional Engineers and Geoscientists of Alberta (APEGA).
- 2.40.5.8.7 for the purpose of subsection 2.40.5.8.6, a large-scale Development is one that:
  - 2.40.5.8.7.1 regularly generates more than 100 trips in the peak hour; or
  - 2.40.5.8.7.2 because of its nature or unique circumstances may have unusual impact on traffic in the area.
- 2.40.5.9 in addition, every application for a Development Permit:
  - 2.40.5.9.1 if in a Historical Preservation Overlay or Historical Significance Overlay, will receive a recommendation from the City, or the Minister responsible for the Historical Resources Act, as the case may be;
  - 2.40.5.9.2 if Abutting a Historical Preservation Overlay or Historical Significance Overlay, will be accompanied by a recommendation from The City;
  - 2.40.5.9.3 if in an area subject to a Character Statement:
    - 2.40.5.9.3.1 must include a letter of intent addressing how the proposed redevelopment is compatible with the

- Immediate Road Context as identified in the Character Statement; and
- 2.40.5.9.3.2 a tree preservation plan, if required.
  - 2.40.5.9.4 in an area subject to the Developed Areas Regulations requirements:
    - 2.40.5.9.4.1 in addition to the landscaping plan requirements in subsection 2.40.5.4.2, includes identification of the location of all existing Adjacent City owned trees and shrubs.
    - 2.40.5.9.5 if the proposed Development is for Lot 1, Block 1, Plan 012 0303 and the remainder of Section 5, Township 38, Range 27, West of the 4th Meridian (known as Red Deer College):
      - 2.40.5.9.5.1 must include a letter of intent addressing how the proposed Development will meet the specific general purpose for the Site, as prescribed in subsections 9.50.1 and 9.50.2 of the PS-I Post-Secondary Institution Zone.
  - 2.40.5.10 and such additional information as may be required by the Development Authority to assess or evaluate the proposed Development, including:
    - 2.40.5.10.1 a real property Report;
    - 2.40.5.10.2 a geotechnical Report;
    - 2.40.5.10.3 a Parking assessment;
    - 2.40.5.10.4 a biophysical or environmental Site assessment;
    - 2.40.5.10.5 a groundwater Report;
    - 2.40.5.10.6 a flood hazard mapping study;
    - 2.40.5.10.7 a noise attenuation study;
    - 2.40.5.10.8 a reclamation plan;
    - 2.40.5.10.9 a wetland conservation plan;

- 2.40.5.10.10 a tree preservation plan;
  - 2.40.5.10.11 a walkability study;
  - 2.40.5.10.12 a landscape plan;
  - 2.40.5.10.13 a topographical survey;
  - 2.40.5.10.14 a Site grading or drainage plan;
  - 2.40.5.10.15 a Site servicing plan;
  - 2.40.5.10.16 a risk assessment Report;
  - 2.40.5.10.17 an erosion or sediment control plan; and
  - 2.40.5.10.18 any other Report, study, plan, or information.
- 2.40.5.11 in addition to the foregoing, a Development Permit application for a Cannabis Retail Sales use must include:
- 2.40.5.11.1 a Site Plan illustrating the location and separation distances from the proposed Cannabis Retail Sales use to those uses identified in subsection 4.60.4;
  - 2.40.5.11.2 a Site Plan illustrating compliance with applicable provincial Setbacks; and
  - 2.40.5.11.3 written confirmation from the Alberta Gaming and Liquor Commission the applicant has satisfied Alberta Gaming and Liquor Commission eligibility requirements to sell Cannabis in Alberta.
- 2.40.5.12 in addition to the foregoing, a Development Permit application for a Home Occupation Minor or a Home Occupation Major must include:
- 2.40.5.12.1 a description of the business;
  - 2.40.5.12.2 hours of operation;
  - 2.40.5.12.3 the anticipated number of daily business associated visits, such as drop-offs, pick-ups, deliveries, and visits from customers or consultants; and
  - 2.40.5.12.4 indication if more than 1 business associated visit will occur at a time.

- 2.40.5.13 in addition to the foregoing, a Development Permit application for a Home Occupation Major must include Parking details.
- 2.40.6 All Development Permit applications within Developed Areas must be accompanied by the following:
  - 2.40.6.1 a sketch or photograph showing the location of side windows of the Dwelling Units on Abutting side Sites;
  - 2.40.6.2 proposed Building demolition, if applicable; and
  - 2.40.6.3 a drawing displaying utility and grading information in accordance with the Engineering Design Guidelines.
- 2.40.7 An application for a Development Permit to redevelop in a Character Statement area must include a letter of intent addressing how the proposal is sensitive to the Immediate Road Context.
- 2.40.8 An application for a Development Permit for Development subject to the Eco Industrial Park Overlay must be accompanied by the following information specifically related to eco-Industrial Development:
  - 2.40.8.1 in-house recycling and composting letter;
  - 2.40.8.2 Green Building Materials list; and
  - 2.40.8.3 any additional information as prescribed by the Development Authority.
- 2.40.9 An application for a site-specific exception or site-specific exemption to the uses or regulations of a Zone must, as part of the application for the exception, submit a written statement indicating why, in the applicant's opinion:
  - 2.40.9.1 an exception is necessary, and the proposed Development cannot proceed without an exception;
  - 2.40.9.2 rezoning to another Zone cannot achieve the same result, with or without variances of this Bylaw; or
  - 2.40.9.3 the exception cannot be addressed by conditions imposed by the Subdivision Authority or Development Authority.
- 2.40.10 Prior to an application being considered, the Development Authority may require the applicant to host a public meeting to ensure information and an opportunity to comment about the application is provided to the public at large, where:

- 2.40.10.1 notice of the meeting will be provided by The City, at the applicant's cost, to all landowners within 100m of the Boundary of the Site.
- 2.40.10.2 the applicant must provide to the Development Authority a Report summarizing the nature of the consultation process and the responses received, identifying any issues raised and discuss how the applicant proposes to address these issues.
- 2.40.11 The Development Authority will approve:
  - 2.40.11.1 the Site Plan;
  - 2.40.11.2 the relationship between Buildings and open space;
  - 2.40.11.3 architectural treatment of Buildings;
  - 2.40.11.4 architecture and amount of landscaped open space; and
  - 2.40.11.5 Parking layout.

## **2.50 Notice of Complete or Incomplete Development Permit Applications**

- 2.50.1 Within 20 days after receiving an application for a Development Permit, the Development Officer must determine if the application is complete in that it contains the documentation and other information necessary to review the application.
- 2.50.2 The time period referred to in subsection 2.50.1 may be extended by an agreement in writing between the applicant and the Development Officer.
- 2.50.3 If the Development Officer does not make a determination on completeness within the time required in subsections 2.50.1 or 2.50.2, the application is deemed to be complete.
- 2.50.4 If the Development Officer determines that the application is complete, they must issue a written acknowledgment to the applicant advising that the application is complete.
- 2.50.5 If the Development Officer determines that the application is incomplete, they must issue a written notice to the applicant advising that the application is incomplete. The notice must list the documentation and information required for the application to be considered complete and specify a date by which they must be submitted to the Development Officer.

- 2.50.6 The applicant and the Development Officer may agree, in writing, to a date later than that provided for in subsection 2.50.5.
- 2.50.7 Upon receipt of the required documentation and information by the date set in the notice issued under subsection 2.50.5 or by written agreement under subsection 2.50.6, the Development Officer must issue a written acknowledgment to the applicant advising that the application is complete.
- 2.50.8 Where the required documentation and information is not provided on or before the set in the notice issued under subsection 2.50.5 or by written agreement under subsection 2.50.6, the application is deemed to be refused. The Development Officer must issue a written notice to the applicant stating that the application is refused and the reasons for the refusal.
- 2.50.9 Despite the issuance of a written acknowledgment under subsections 2.50.4 or 2.50.7 that an application is complete, the Development Authority may request from the applicant additional information or documentation that the Development Authority considers necessary to review the application.
- 2.50.10 A decision must be made on a Development Permit application within 40 days after the applicant receives acknowledgement that the application is complete under subsections 2.50.4 or 2.50.7, or after the application is deemed complete under subsection 2.50.3.
- 2.50.11 The applicant and the development officer may agree, in writing, to extend the time required under subsection 2.50.10.
- 2.50.12 If no decision is made on a Development Permit application within 40 days after the applicant receives the acknowledgment that the application is complete, or within any extension of that period under subsection 2.50.11, the application is, at the option of the applicant, deemed to be refused.

## **2.60 Crime Prevention Through Environmental Design**

- 2.60.1 Applicants are encouraged to include, in Site Plans for commercial Buildings, school Buildings, recreational Buildings, places of worship, Residential Buildings consisting of 3 or more storeys, and parkades, the following design elements that incorporate Crime Prevention Through Environmental Design:
  - 2.60.1.1 principles of:

- 2.60.1.1.1 natural surveillance – design the Site and Buildings, including the use of lighting and the placing and selection of landscaping elements, to promote natural observation and maximize opportunities for people to observe and be observed from Adjacent space;
- 2.60.1.1.2 access control – design the Site and Buildings, including the placing and selection of landscaping elements, to create a perception of risk physically or subtly to discourage unauthorized access, clearly indicate public routes and discourage access to private areas and structural elements; and
- 2.60.1.1.3 territorial reinforcements – design landscaping elements, Sidewalks, lighting, fencing, and Building features to clearly identify and distinguish between public and private spaces.

## **2.70 Applications In Escarpment Areas**

- 2.70.1 For any application for subdivision or Development in an escarpment area, the Subdivision Authority or Development Authority may impose conditions in consideration of the purpose of the intended application and the uniqueness of the Site, including, but not limited to:
  - 2.70.1.1 the applicant providing a Real Property Report during preliminary construction showing the location of any Development relative to the Crest of the escarpment;
  - 2.70.1.2 slope stability measures, including recommendations from a Report or requirements specified in a restrictive covenant;
  - 2.70.1.3 providing emergency access;
  - 2.70.1.4 ongoing monitoring programs and related access;
  - 2.70.1.5 stormwater, drainage and erosion control measures;
  - 2.70.1.6 Development be designed and constructed using materials, processes, or techniques intended to minimize slope risks or instability;
  - 2.70.1.7 the applicant and any current or future landowner of the Site entering into an Indemnity Agreement with the City respecting environmental risks, including but not limited to slope stability;

- 2.70.1.8 providing a post-construction certificate or Report from a relevant professional confirming:
  - 2.70.1.8.1 Development is located and constructed in accordance with any Site Plan or Report accepted by the Subdivision Authority or Development Authority; and
  - 2.70.1.8.2 compliance with an accepted professional lot grading plan;
- 2.70.1.9 ensuring the applicant enter into and comply with an agreement with the City respecting those matters set out in sections 650, 651 and 655 of the Act.

## **2.80 Land Titles**

- 2.80.1 The Development Authority is not required to examine the title to any land or to investigate whether the Development is affected by any City bylaw or any federal or provincial legislation or with any condition of any easement, covenant, building scheme or agreement.
- 2.80.2 An applicant whose Development is approved and for which a Development Permit has been issued remains responsible to ensure the Development conforms to all applicable laws and regulations.

## **2.90 Development Authority Powers, Duties, and Discretion**

- 2.90.1 When applying this Bylaw, the Development Authority must use the Bylaw in conjunction with relevant policies and procedures as adopted and amended by the City or Council from time to time.
- 2.90.2 If, in the Development Authority's opinion, a particular use does not conform to any of the use definitions; or if a particular use appears to conform to 2 or more definitions, the particular use may be considered to conform to the definition which, in the Development Authority's opinion, is most appropriate.

## **2.100 Development Officer's Decision on Permit Applications**

- 2.100.1 The Development Officer:
  - 2.100.1.1 will review each application to determine the use that is being applied for;

- 2.100.1.2 may refer an application to any City department, provincial, federal or inter-jurisdictional body, or other agency;
- 2.100.1.3 <sup>12</sup>in respect of Discretionary Use applications and Permitted Use applications where a variance is required, may notify landowners within 100m of the Boundary of the Site that an application was received and request their comments, unless the application is for a Backyard Suite, in which case the Development Authority must circulate the aforementioned notice to landowners within 100m of the Boundary of the Site and request their comments.
- 2.100.1.4 will not accept an application for a Development that:
  - 2.100.1.4.1 is for a use that is neither a Permitted Use nor a Discretionary Use in the applicable Zone;
  - 2.100.1.4.2 Is for a use prohibited in this Bylaw;
- 2.100.1.5 must refuse an application from which a Development Authority is precluded from approving under the Matters Related to Subdivision and Development Regulation or the Act;
- 2.100.1.6 will approve an application for a Permitted Use which complies with this Bylaw:
  - 2.100.1.6.1 without conditions; or
  - 2.100.1.6.2 subject to conditions if the power to do so is set out in this Bylaw;
- 2.100.1.7 may, in respect of an application for a Discretionary Use:
  - 2.100.1.7.1 approve the application with or without conditions;
  - 2.100.1.7.2 refuse the application and provide written reasons; or
  - 2.100.1.7.3 refer the application to the Municipal Planning Commission;
- 2.100.1.8 may approve an application for a Permitted Use or a Discretionary Use, with or without conditions, where the proposed Development does not comply with the applicable regulations of this Bylaw if, in the Development Officer's opinion:
  - 2.100.1.8.1 the proposed Development would not unduly interfere with the amenities of the neighbourhood or materially

<sup>12</sup> 3357/M-2025

interfere with or affect the use, enjoyment, or value of neighbouring land; and

- 2.100.1.8.2 the proposed Development conforms with the use prescribed for that land in the Bylaw.
- 2.100.1.9 may, where the test set out in subsection 2.100.1.8 is met, approve, with or without conditions, a variance which:
  - 2.100.1.9.1 is consistent with the purpose of the Zone and the intended scale and form of the Development;
  - 2.100.1.9.2 results in a Development that aligns with the City's Municipal Development Plan and other statutory plans;
  - 2.100.1.9.3 addresses a physical constraint or other function specific to the Site; or
  - 2.100.1.9.4 rectifies an error in the siting of a Building that would otherwise create unnecessary hardship to the landowner in trying to correct.
- 2.100.1.10 will refer to the Municipal Planning Commission or Council all applications requiring the specific approval of the Municipal Planning Commission or Council under this Bylaw and may refer to the Municipal Planning Commission any application the Development Officer determines is advisable;
- 2.100.1.11 the Development Officer must issue the Development Permit when all conditions of the approval under section 2.130, except those of a continuing nature, have been fulfilled.

## **2.110 Municipal Planning Commission Decisions on Permit Applications**

- 2.110.1 The Municipal Planning Commission will approve an application for a Permitted Use which requires no variance;
  - 2.110.1.1 without conditions; or
  - 2.110.1.2 subject to conditions if the power to do so is set out in this Bylaw.
- 2.110.2 The Municipal Planning Commission may, in respect of an application for a Discretionary Use:
  - 2.110.2.1 approve with or without conditions; or
  - 2.110.2.2 refuse, providing reasons.

- 2.110.3 Except for applications in DC(32), the Municipal Planning Commission may approve an application for a Permitted Use or Discretionary Use, with or without conditions, where the proposed Development does not comply with the applicable regulations of this Bylaw if, in the Municipal Planning Commission's opinion:
- 2.110.3.1 the proposed Development would not unduly interfere with the amenities of the neighbourhood;
  - 2.110.3.2 the proposed Development would not materially interfere with or affect the use, enjoyment, or value of neighbouring land; and
  - 2.110.3.3 the proposed Development conforms with the use prescribed for that land in the Bylaw .

## **2.120 Notice of Decision**

- 2.120.1 On the same day the Development Authority makes a decision to approve an application for a Development Permit, they must give or send the applicant a written notice specifying the date of the decision and advise that a Development Permit will not be issued until after any appeal from the decision is pending, or until the time for filing an appeal has expired.
- 2.120.2 On the same day the Development Authority makes a decision to refuse a Development Permit application, they must give or send the applicant written notice specifying the date of the decision and reasons for the refusal.
- 2.120.3 Within 14 days of a decision for a Discretionary Use, or for a Permitted Use where the applicable regulations of this Bylaw were varied by the Development Authority, the Development Authority must publish a notice in a local newspaper and publicly accessible web page which includes the legal description or civic address of the Site in question, the nature of the approved Development and rights of appeal.
- 2.120.4 No notice is required to be given for a decision to approve an application for a Permitted Use for which no variance was granted.
- 2.120.5 Notwithstanding subsection 2.100.1.11, no Development Permit shall be issued while a decision about a Development Permit application is pending, or an appeal from the decision is pending, or until the time for filing an appeal of the decision has expired.

- 2.120.6 A person applying for a Development Permit may appeal the decision of the Development Officer to the Subdivision and Development Appeal Board by filing a written notice of appeal within 21 days after the date the decision was given.
- 2.120.7 A person applying for a Development Permit may file a written notice of appeal with the Subdivision and Development Appeal Board if a Development Permit application is deemed to be refused in accordance with subsection 2.50.12.
- 2.120.8 A person affected by a decision of the Development Officer about a Development Permit application may appeal the decision to the Subdivision and Development Appeal Board by filing a written notice of appeal within 21 days after the notice of the decision regarding the application was given.

## **2.130 Conditions of Issuing a Development Permit**

- 2.130.1 The Development Authority may impose conditions limiting the duration of a Development Permit for a Discretionary Use, a Permitted Use requiring a variance, or a Development that is intended to be temporary or is inherently temporary.
- 2.130.2 As a condition of approving a Development Permit for a Permitted Use that meets the applicable regulations of this Bylaw, the Development Authority may:
  - 2.130.2.1 require the applicant to make arrangements for the supply of water, electric power, sewer service, vehicle and pedestrian access, or any of them, including payment of the costs of installation or constructing any such Utility or facility by the applicant;
  - 2.130.2.2 require the applicant to:
    - 2.130.2.2.1 submit information such as an environmental Site assessment or risk assessment, confirming the Site is suited for all Developments in the application;
    - 2.130.2.2.2 provide phasing of the Development;
    - 2.130.2.2.3 undertake Site design measures to mitigate the environmental hazards or risks inherent to or affecting the Site;
    - 2.130.2.2.4 repair or reinstate, or to pay for repair or reinstatement, to original condition, any Public

- Property, street furniture, curbing, boulevard landscaping and tree planting or any other property owned by The City damaged, destroyed or otherwise harmed by Development or construction on the Site;
- 2.130.2.2.5 where the application is for a Building that encroaches on City property, mitigate the impact of the encroachment, including compensation, indemnities, insurance, and a duty to remove the encroaching Building when notified by the City.
- 2.130.2.3 where a Site has a Zero Lot Line, require the applicant to obtain an easement agreement for private maintenance and access with the Site Abutting the Zero Lot Line, and ensure the easement is registered against both Sites.
- 2.130.3 As a condition of issuing a Development Permit for a Permitted Use where a variance is granted, the Development Authority may:
- 2.130.3.1 impose any of the conditions listed in subsection 2.130.1 or subsection 2.130.2; or
- 2.130.3.2 impose conditions they consider appropriate to address any planning concerns that arise as a result of a variance.
- 2.130.4 The Development Authority may, as a condition of issuing a Development Permit for a Discretionary Use, impose conditions in respect of:
- 2.130.4.1 any reason addressed in subsections 2.130.1, 2.130.2, or 2.130.3;
- 2.130.4.2 the construction or maintenance of the proposed Development in accordance with the approved plans;
- 2.130.4.3 the appropriate performance of a use;
- 2.130.4.4 an environmental site assessment;
- 2.130.4.5 the time or times a use may be carried out;
- 2.130.4.6 limits imposed on the Development; or
- 2.130.4.7 the furtherance of sound planning principles.
- 2.130.5 The Development Authority may include conditions in Development Permits for Buildings and land uses listed in subsection 2.60.1 to ensure adherence to Crime Prevention Through Environmental Design principles.

- 2.130.6 As a condition of issuing a Development Permit for a Development in a Direct Control Zone, the Development Authority may impose such conditions as they consider appropriate, having regard to the regulations of the Bylaw and any statutory plan.
- 2.130.7 The Development Authority may, as a condition of issuing any Development Permit, require the applicant to enter into an agreement with The City to do any or all of the following:
- 2.130.7.1 construct or pay for the construction of:
    - 2.130.7.1.1 a road required to give access to the Development;
    - 2.130.7.1.2 a pedestrian walkway system to serve the Development; or
    - 2.130.7.1.3 pedestrian walkways to connect the pedestrian walkway system serving the Development with a pedestrian walkway system that serves, or is proposed to serve, an Adjacent Development, or both.
  - 2.130.7.2 to install or pay for the installation of Utilities, on or off the Site, that are necessary to serve the Development;
  - 2.130.7.3 to construct or pay for the construction of:
    - 2.130.7.3.1 off-street or other parking facilities; or
    - 2.130.7.3.2 loading and unloading facilities.
  - 2.130.7.4 to pay an off-site levy or redevelopment levy;
  - 2.130.7.5 to give security to ensure the terms of the agreement under subsection 2.130.7 are carried out;
- 2.130.8 Where a Development is to occur in multiple phases, the Development Authority may require as a condition that landscaping of the undeveloped areas occur using an approved ground cover.
- 2.130.9 To allow for electrical wiring and equipment, the Development Authority may require registration of an easement or right of way as a Development Permit condition.

## **2.140 Cancellation of Development Permit**

- 2.140.1 The Development Officer may cancel a Development Permit if:

- 2.140.1.1 the Development Permit was issued in error; or
- 2.140.1.2 the Development Permit was issued based on incorrect information.

## **2.150 Limit on Frequency of Development Permit Applications**

- 2.150.1 When an application for a Development Permit for a Discretionary Use or Building is refused, another Development Permit application on the same Site and for the same or similar use of land must not be accepted within 6 months of the date of refusal.
- 2.150.2 Limitations on frequency of applications do not apply to applications that are considered refused under subsection 2.50.3.

## **2.160 Requirement to Commence Development**

- 2.160.1 A Development Permit expires 12 months after the date it was issued unless the applicant has commenced Development or the Development Authority grants an extension of time, except as outlined in subsection 2.160.3.
- 2.160.2 The Development Authority may grant an extension on a Development Permit for not more than 2 consecutive 1 year extensions beyond the expiry date of the initial Development Permit, provided the proposed Development still otherwise complies with this Bylaw. If the applicant does not commence Development in the extended period, the Development Permit expires.
- 2.160.3 Once work is initiated connected to an approved Development Permit, the Development Permit remains valid until work is completed, provided the project is substantially completed within 2 years of the date the Development Permit was issued or the date that any extension of the Development Permit was granted. If work is not substantially completed in that time, the Development Permit will be considered expired.

## **2.170 Failure to Complete Development**

- 2.170.1 A Development must be substantially completed to municipal standards within 2 years of the start of work, failing which the Development Officer may direct the Site be returned to its original condition or to a state acceptable to the Development Officer.

## **2.180 Notice of Appeal Hearings**

- 2.180.1 The Subdivision and Development Appeal Board will give written notice of the hearing of a Development appeal to:
  - 2.180.1.1 the parties specified in the Act;
  - 2.180.1.2 the applicant for the Development Permit, if such applicant is not the appellant;
  - 2.180.1.3 the landowner of the Site which is the subject of the Development application, if such landowner is not the appellant;
  - 2.180.1.4 the Development Authority whose order, decision, or Development Permit is the subject of the appeal;
  - 2.180.1.5 the landowners of all Sites within 100.0m of the Site; and
  - 2.180.1.6 any other person that the Subdivision and Development Appeal Board considers to be affected by the appeal and should be notified.

## **2.190 Zoning Bylaw Amendment Application**

- 2.190.1 Applications to amend this Bylaw must be submitted in writing to the Development Authority.
- 2.190.2 Where an application affects particular Sites rather than the municipality as a whole, the application must be accompanied by:
  - 2.190.2.1 a letter from the registered landowners and any other person beneficially interested in the Sites;
  - 2.190.2.2 a written statement from the applicant containing reasons in support of the application;
  - 2.190.2.3 traffic, market, land use or feasibility studies and neighbourhood surveys required by The City;
  - 2.190.2.4 payment of all costs of advertising and holding any public meeting required by The City; and
  - 2.190.2.5 copies of any maps, documents, or other material.
- 2.190.3 At the discretion of The City, the following additional material may be required, where appropriate:

- 2.190.3.1 drawings done on standard drafting material, fully dimensioned, accurately figured, explicit and complete; or
- 2.190.3.2 a Neighbourhood Area Structure Plan or Area Redevelopment Plan, including the affected area and showing a level of detail acceptable to The City.
- 2.190.4 Subsections 2.190.1 and 2.190.2 apply to Bylaw amendments initiated by The City, except that no undertaking to pay the costs of public information meetings is required and no letter from registered landowners is required.
- 2.190.5 The Development Authority will forward a copy of the application to all relevant City departments for comment. The Development Authority will confirm to the applicant the application was received and will advise the applicant of the time and date Council will consider the application.
- 2.190.6 If the Development Authority determines that a public meeting or other means of public consultation is required regarding any application, all landowners of Sites within 100m of the Site Boundaries will receive notice of the proposed amendment.

## **2.200 Limits on Frequency of Applications for Amendments**

- 2.200.1 When an application for a change in zoning is refused by Council, another application for a similar change in zoning on the same Site must not be accepted within 6 months of the date of refusal.
- 2.200.2 When an application for a text amendment is refused by Council, another application for a text amendment where the effects of the proposed amendment would be the same must not be accepted within 6 months of the date of refusal.

## **2.210 Guidelines**

- 2.210.1 The City is authorized to establish and implement planning guidelines, standards, and procedures in accordance with the Council's Planning and Development Policy. These guidelines outline the procedure to be followed or factors to be considered by the Development Authority with respect to types of Development, including but not limited to communications towers and redevelopment in existing neighbourhoods.

## **2.220 Subdivision Approval Applications**

- 2.220.1 Correspondence between the Subdivision Authority and an applicant may be in writing, or electronic form if the applicant has agreed that correspondence may occur electronically.
- 2.220.2 The Subdivision Authority must, within 20 calendar days after receiving an application under section 653(1) of the Act, determine whether the application is complete.
- 2.220.3 An application is complete if, in the Subdivision Authority's opinion, the application contains the documents and other information necessary to review the application.
- 2.220.4 The period referred to in subsection 2.220.2 may be extended by an agreement in writing between the applicant and the Subdivision Authority.
- 2.220.5 If the Subdivision Authority does not make a determination referred to in Subsection 2.220.2 within 20 calendar days, or within the extended period agreed between the applicant and the Subdivision Authority, the application is deemed to be complete.
- 2.220.6 If the Subdivision Authority determines an application is complete the Subdivision Authority must issue to the applicant acknowledgement the application is complete in writing or electronically.
- 2.220.7 If the Subdivision Authority determines an application is incomplete, the Subdivision Authority must issue the applicant written notice the application is incomplete, identify the outstanding documents and information that must be provided for the application to be complete and a date by which the information must be received in order for the application to be considered complete. The applicant and the Subdivision Authority may agree, in writing, to an alternate date the information is to be provided.
- 2.220.8 If the Subdivision Authority determines the required information and documents, identified in the notice issued per subsection 2.220.7, have been submitted, the Subdivision Authority must issue a written acknowledgement to the applicant that the application is complete.
- 2.220.9 If the applicant fails to submit all the outstanding information and documents on or before the date referred to in the notice or the extended time agreed between the applicant and the Subdivision Authority, the application is deemed to be refused.

- 2.220.10 If an application is deemed refused under subsection 2.220.9, the Subdivision Authority must issue written notice to the applicant that the application has been refused and the reason for the refusal.
- 2.220.11 Despite the Subdivision Authority issuing an acknowledgement under subsection 2.220.6 or 2.220.8, while reviewing an application, the Subdivision Authority may request additional information or documentation from the applicant that the Subdivision Authority considers necessary to review the application.

## **2.230 Enforcement**

- 2.230.1 A designated officer may carry out inspections to determine compliance with this Bylaw, a Development Permit, or the Act.
- 2.230.2 For the purposes of enforcing this Bylaw and the Act, the following are considered designated officers:
  - 2.230.2.1 a Bylaw Officer;
  - 2.230.2.2 a Development Officer or any City employee designated by a Development Officer; or
  - 2.230.2.3 a compliance officer.
- 2.230.3 Notice of an inspection by the designated officer must be given in accordance with the Act.

## **2.240 General Regulations for Offences and Penalties**

- 2.240.1 No person will:
  - 2.240.1.1 fail to comply with a Development Permit, subdivision approval, or the conditions forming part thereof;
  - 2.240.1.2 fail to comply with an order issued under sections 545, 546, 551, 645 of the Act;
  - 2.240.1.3 fail to comply with a decision of the Subdivision and Development Appeal Board;
  - 2.240.1.4 obstruct or hinder any person in the exercising their powers under this Bylaw; or
  - 2.240.1.5 use land contrary to this Bylaw.

- 2.240.2 A person who violates or fails to comply with any regulation of this Bylaw is guilty of an offence and liable upon summary conviction to the specified penalty set out in section 2.250, or:
- 2.240.2.1 if there is no specified penalty set out in section 2.250, the penalty will be set to a fine of \$250.00 for a first offence, \$500.00 for a second offence and \$1,000.00 for a third or subsequent offence, and in default of payment of any penalty, to imprisonment for up to 6 months.
- 2.240.3 Where a Bylaw Officer reasonably believes that a person has violated any regulation of this Bylaw, the Bylaw Officer may, in addition to any other remedy at law, serve upon the person a violation ticket, in the form used by the City, allowing payment of the penalty as set out in subsection 2.240.2.1 for the particular offence, which payment will be accepted by the City in lieu of prosecution for the offence, or a Bylaw Officer may issue a violation ticket in accordance with the Provincial Offences Procedure Act, R.S.A. 2000, c. P-34, allowing a voluntary payment of the penalty as set out in subsection 2.240.2.1, or, requiring a person to appear in court without the alternative of making a voluntary payment. The recording of the payment of a penalty made to the City or the Alberta Court of Justice will constitute an acceptance of a guilty plea and conviction for the offence.
- 2.240.4 Any person who violates the same regulation within 12 months after the date of the first contravention, is liable to the specified penalty for such second, third or subsequent offence in the amount set out in the corresponding columns of section 2.250, or as set out in subsection 2.240.2.1.
- 2.240.5 Section 2.240 will not prevent any Bylaw Officer from issuing a violation ticket requiring a court appearance of the defendant, pursuant to the Provincial Offences Procedures Act, or from issuing a warning in lieu of issuing a violation ticket.
- 2.240.6 Where 1 or more vehicles are parked or left on Public Property in a prohibited manner, each day or part of a day on which it continues constitutes a separate offence.
- 2.240.7 A Bylaw Officer who believes on reasonable grounds a Sign is not authorized pursuant to the Bylaw may remove and impound the Sign:
- 2.240.7.1 if a Sign permit is issued, after 7 days notice to the permit holder, delivered to the address shown on the Sign permit; or
- 2.240.7.2 if no Sign permit was issued, without prior notice.

- 2.240.8 Despite subsection 2.240.7, a Bylaw Officer may not remove a Sign in, upon, or affixed to a Building without either the consent of the owner of the Building, the consent of the owner of the Sign, or a court order.
- 2.240.9 Following the impounding and removal of a Sign, the Bylaw Officer for The City will send notice to the owner of the Sign (if known) or to the landowner of the Site where the Sign was removed, advising of the removal. The owner of the Sign may secure release from impound upon payment in full of all applicable impounding and storage charges at the rates specified in section 2.260 of this Bylaw.
- 2.240.10 An impounded Sign not redeemed within 60 days of the date notice was served may be disposed of by The City without further notice.

## 2.260 **Impounding and Storage Charges**

2.260.1 The impounding and storage of Signs seized in violation of this Bylaw will incur a financial penalty to be paid off prior to the release of the Sign at the following rates:

- 2.260.1.1 impounding of Signs will incur a penalty of \$100.00 per Sign;
- 2.260.1.2 storage of Signs at or smaller than 1.5m<sup>2</sup> will incur a penalty of \$3.00 per Sign per day;
- 2.260.1.3 storage of Signs greater than 1.5m<sup>2</sup> will incur a penalty of \$5.00 per Sign per day.

## **Part 3 General Regulations**

### **3.10 Use of Public Property**

- 3.10.1 No storage, display or selling of goods on any Public Property is allowed without approval granted by The City.

### **3.20 Number of Principal Buildings Per Site**

- 3.20.1 No more than 1 Principal Building will be built on a Site unless an overall Site Plan that provides for 1 or more groups of Buildings is approved by the Development Authority.

### **3.30 Main Floor Minimum Height Measurements**

- 3.30.1 The height of a Main Floor must be a minimum 1.7m above Grade, unless otherwise stated.

### **3.40 Frontage**

- 3.40.1 Frontage will be calculated at the Front Yard Setback of the Principal Building. If there is no Principal Building on the Site, Frontage is measured at the minimum required Front Yard Setback.
- 3.40.2 On pie-shaped Sites, Frontage is measured perpendicular to the tangent of the middle of the Front Boundary.
- 3.40.3 On Corner Sites, Frontage is measured perpendicular to the interior Side Boundary.

### **3.50 Yard Measurements**

- 3.50.1 In determining Yard measurements, the shortest horizontal distance from the respective Boundary will be used.

### **3.60 Development Over Gas Lines**

- 3.60.1 A Building may not be placed over a gas line if it is on a permanent foundation, unless prior approval has been granted by the City or the applicable gas company.

### **3.70 Utility Regulation Stations**

- 3.70.1 The Development Authority may approve gas, electricity or waterworks pumping, regulating, transformer, storage Buildings, or equipment on a Site, regardless of if it conforms to the surrounding area or meets the Side Yard regulations of this Bylaw.

### **3.80 Electrical Overhead Wiring Separation Distance**

- 3.80.1 No Building at or over 4.4m in height may be constructed so any part is closer than 4.3m to a Boundary Adjacent to existing overhead wiring.
- 3.80.2 No Building less than 4.4m in height may be constructed so any part is closer than 2.5m to a Boundary Adjacent to existing overhead wiring.
- 3.80.3 Despite any other section of this Bylaw, where a Setback regulation differs between section 3.80 and one required by another section, the Setback will be the larger distance.

### **3.90 AltaLink Consultation and Potential Constraints Area**

- 3.90.1 A constraints area exists for 100.0m extending from a high voltage transmission line in each direction and affects any Site partially or fully in the area.
- 3.90.2 Development applications in constraint areas may be sent, at the discretion of the Development Authority, to AltaLink Management Limited to determine if there are any concerns.
- 3.90.3 Conditions or restraints for a Development may be placed on a Development Permit to address the constraints area or concerns from AltaLink Management Limited.

### **3.100 Setbacks from ATCO High Pressure Pipelines**

- 3.100.1 A 15.0m Setback will apply to any Building except Accessory Buildings exempt from a Development Permit. The Development Authority may vary the Setback after consulting with ATCO.
- 3.100.2 Setbacks from high pressure ATCO pipelines will be measured from the centre of the pipeline right of way.

### **3.110 Setbacks from TransCanada Pipelines**

- 3.110.1 A 7.0m Setback will apply to any habitable Building. The Development Authority may vary the Setback after consulting with TransCanada Pipeline.
- 3.110.2 Setbacks will be measured from the TransCanada Pipeline right of way edges to any habitable Building.

### **3.120 Restrictions on Corner Site Lines**

- 3.120.1 Any Building, object, or vegetation more than 0.9m in height must not be placed or maintained on the part of a Corner Site as follows:
  - 3.120.1.1 where the Corner Site Abuts the intersection of 2 lanes or 2 Roads, in a triangular area with the 2 sides Adjacent to the lanes or Roads a minimum of 4.5m in length, measured from the corner of the Corner Site along the Boundaries of the Site which meet at the intersection, and the third side by drawing a straight line connecting the end points of the other 2 sides (for illustrative purposes see Figure 3.120-1); or
  - 3.120.1.2 if a Site which Abuts the intersection of a lane and a Road, in a triangular area where the 2 sides Adjacent to the Road and lane will be a minimum of 3.0m long, measured from the corner of the Corner Site along the Boundaries of the Site which meet at the intersection, and the third side by drawing a straight line connecting the end points of the other 2 sides (for illustrative purposes see Figure 3.120-1).
  - 3.120.1.3 in the Front Yard of a Residential Zone, fences or hedges taller than 0.9m are not allowed within 6.0m of the intersection of a Driveway or lane and a Road.

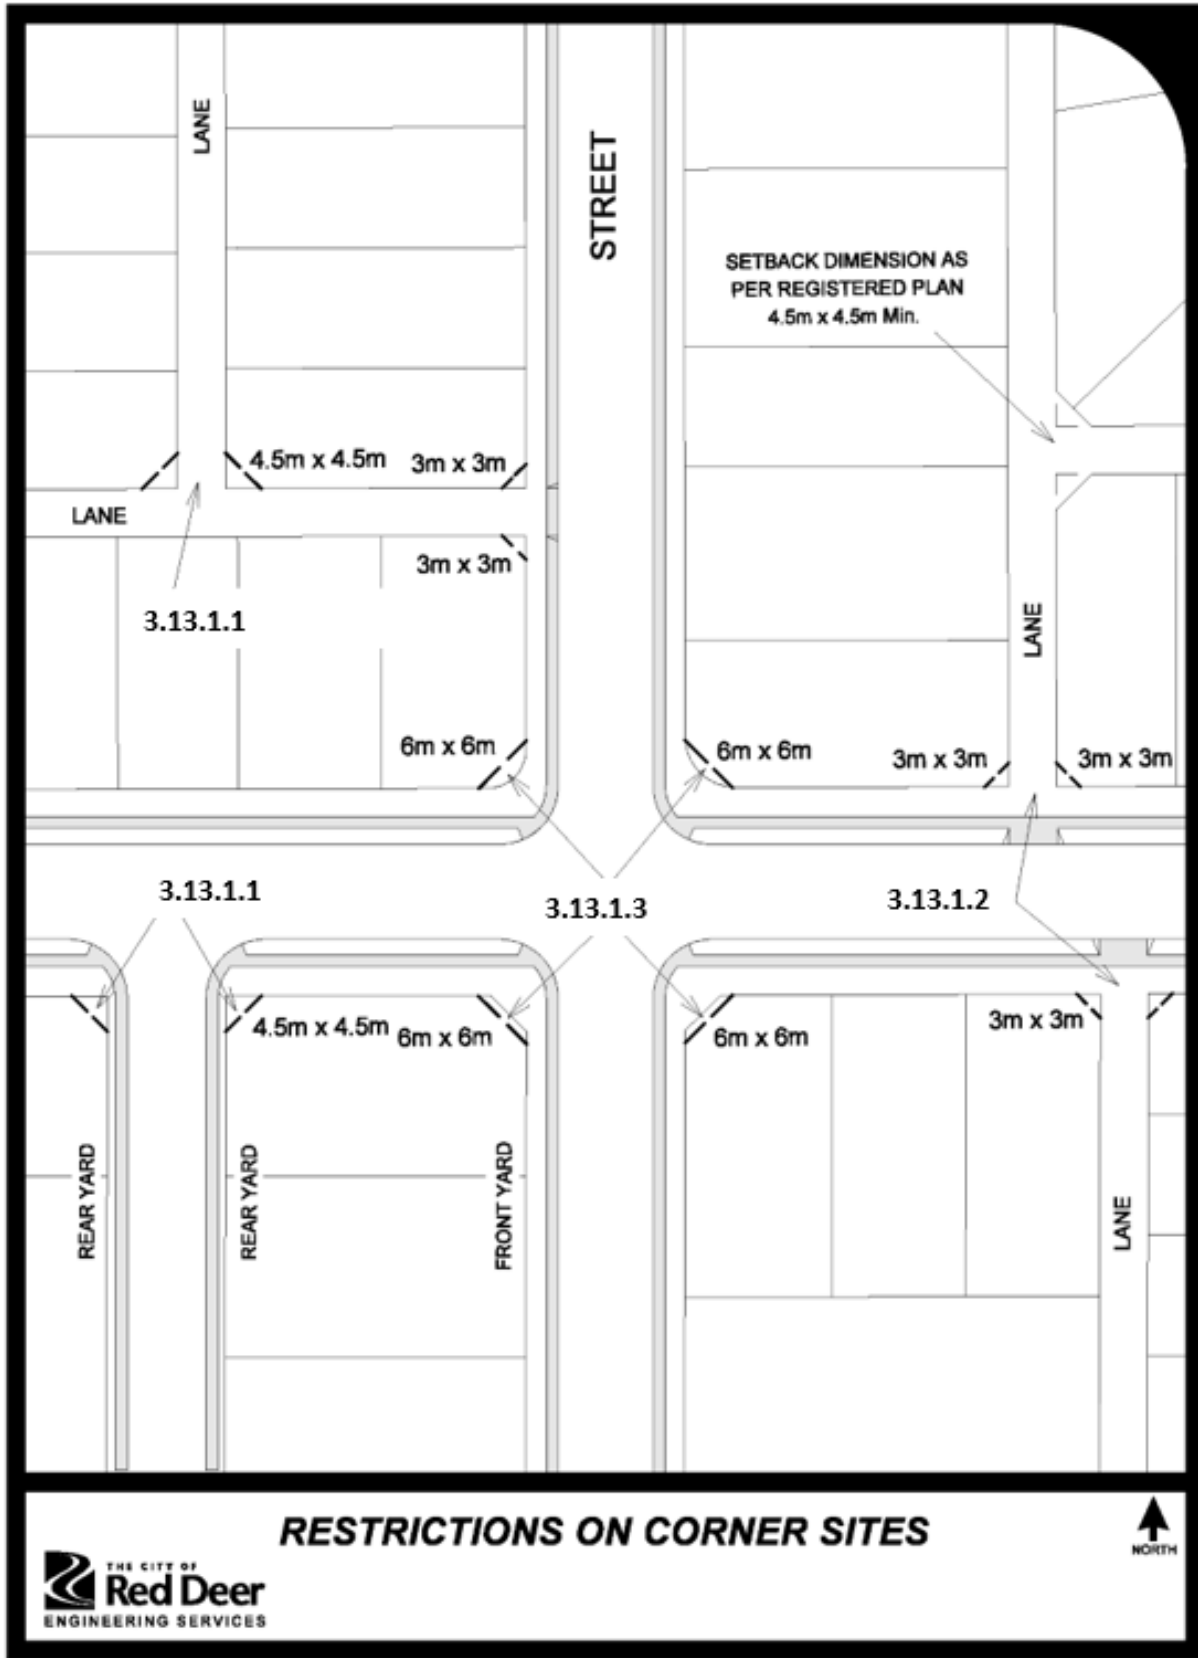

Figure 3.120-1: Restrictions on Corner Sites

### **3.130 Landscaping Regulations**

#### **3.130.1 General Landscaping Regulations**

- 3.130.1.1 Landscape specifications must follow the Contract Specifications planting requirements.
- 3.130.1.2 For Apartment Buildings, Commercial Zones and Industrial Zones, landscaping is required Adjacent to exterior walls and fences which are visible from Adjacent public Roads to minimize the perceived mass and to create visual interest. Landscaping along the fence line must be positioned to the Road side of the fence when Adjacent to a public Road.
- 3.130.1.3 The parking of vehicles, the Outdoor Display or Sale of Goods, and Outdoor Storage are prohibited on any part of a Site approved for landscaping, including the natural display of grass, plants, or other landscaping features, unless approved by the Development Authority.
- 3.130.1.4 Landscaping must provide a visual buffer along the Abutting Boundary between Residential and non-Residential uses, except in mixed-use Zones.
- 3.130.1.5 For a phased Development, an overall landscaping plan must be approved prior to the first phase of Development.
- 3.130.1.6 The landscaping of Front Yards must include a mixture of coniferous or deciduous tree and shrubs that add value throughout all seasons.
- 3.130.1.7 The following minimums must be met unless the Site is in the Major Entry Areas Overlay or contains a House:
  - 3.130.1.7.1 1 tree for every 60.0m<sup>2</sup> of Landscaped Area;
  - 3.130.1.7.2 1 shrub for every 30.0m<sup>2</sup> of Landscaped Area; and
  - 3.130.1.7.3 the ratio of deciduous trees to coniferous trees or shrubs must be approximately 2:1.

#### **3.130.2 Residential Landscaping Regulations**

- 3.130.2.1 A landowner of a Residential Site must ensure landscaping is completed within 2 years of the date the Building is occupied.

- 3.130.2.2 For subsection 3.130.2.1 completion means, at minimum, the Landscaped Area is covered by the acceptable landscaping materials.
- 3.130.2.3 Landscaping removed for the purposes of Development must be replaced in accordance with the Development Permit by the first growing season after renovations are completed.

### **3.130.3 Landscaped Islands in Parking Areas**

- 3.130.3.1 Where Parking of 25 or more motor vehicles on a Site is required at ground level, landscaped islands must be provided in the interior of the Parking area to provide visual relief and break up large areas into smaller cells.
- 3.130.3.2 Landscaped islands should be placed at the following locations in the Parking area:
  - 3.130.3.2.1 at the ends of long rows of Parking;
  - 3.130.3.2.2 between rows of facing Parking stalls;
  - 3.130.3.2.3 mid-aisle of long rows of Parking stalls; or
  - 3.130.3.2.4 another form or combination of landscaping treatments to the satisfaction of the Development Authority.
- 3.130.4 Landscaped islands must consist of a minimum of 1 deciduous tree well-suited to survive in a high traffic environment, or shrubs the Development Authority deems equivalent to a tree.

### **3.140 Fence Regulations**

- 3.140.1 The following fences are prohibited in The City:
  - 3.140.1.1 any barbed wire fence or other barbed wire structure or any fence which is surmounted by nails, sharpened spikes, broken glass or other dangerous objects or materials;
  - 3.140.1.2 any electrified fence;
  - 3.140.1.3 any fence made of pallets, cloth, tarps, plastic that is non-weather resistant, or materials which may deteriorate quickly in inclement weather, or those which are considered unsightly by the Development Authority because of their haphazard construction,

evidence of decay, unstable condition or use of perishable materials.

- 3.140.2 Subsection 3.140.1.1 will not apply:
  - 3.140.2.1 where barbed wire is placed on a fence at or higher than 1.83m above the level of ground in a non-Residential Site; or
  - 3.140.2.2 where barbed wire is used for fencing on a Site designated A-1 Future Urban Development Zone.
- 3.140.3 Where the Site is Zoned for Residential or the Principal Use of a Site is Residential, a fence must meet the following:
  - 3.140.3.1 the part of a fence between the front of the Building and the rear Boundary or along the rear Boundary must be a maximum 2.0m in height;
  - 3.140.3.2 the part of a fence between the front of the Building and the front Boundary of the Site must be a maximum 0.9m in height.
- 3.140.4 The height of a fence is measured from ground level to the top of the fence except where the fence is on a retaining wall, where the height of the retaining wall will be included in the measurement.
- 3.140.5 No Development Permit is required for a fence in a Residential Zone or other Zone in which the Principal Use is Residential unless a height variance is requested.
- 3.140.6 <sup>14</sup>Deleted
- 3.140.7 No fence is allowed on Public Property without obtaining written permission from the City.
- 3.140.8 All fencing must consider surrounding Developments and be compatible in its design.

### **3.150 Roof Drainage**

- 3.150.1 All roof drainage will be directed onto the Site or as specified by the Development Authority.

<sup>14</sup> 3357/C-2026

### 3.160 Amenity Space Regulations

- 3.160.1 In non-Capstone Zones, the following amount of Common Amenity Space must be provided for the following uses:
  - 3.160.1.1 a minimum of 4.5m<sup>2</sup> per Dwelling Unit for Apartments, Townhouses, and Mixed-Use Buildings; or
  - 3.160.1.2 a minimum of 15.0m<sup>2</sup> per unit for Supportive Living Accommodations and Temporary Care Facilities.
- 3.160.2 The following amount of Private Amenity Space must be provided within all Residential Zones where there is a Backyard Suite:
  - 3.160.2.1 an outdoor space Abutting an exterior wall of the Backyard Suite, with a minimum of 7.5m<sup>2</sup> with no dimension less than 1.5m
- 3.160.3 In Commercial Zones, Residential and mixed-use Developments must include outdoor Amenity Space for residents of the Building, except when:
  - 3.160.3.1 the Development Authority may vary subsection 3.160.3 if the proposed Development is Adjacent to a public park.
- 3.160.4 The following amount of Common Amenity Space, Private Amenity Space, or a combination thereof must be provided within the Capstone Zones:
  - 3.160.4.1 a minimum of 4.5m<sup>2</sup> per Dwelling Unit for Apartments, Townhouses, and Mixed-Use Buildings; or
  - 3.160.4.2 a minimum of 15.0m<sup>2</sup> per unit for Supportive Living Accommodations and Temporary Care Facilities;
  - 3.160.4.3 Private Amenity Spaces must have no dimension less than 1.8m; and
  - 3.160.4.4 Common Amenity Spaces must have a minimum area of 50.0m<sup>2</sup> with no dimension less than 6.0m.

### 3.170 Exterior Fire Escapes

- 3.170.1 <sup>1516</sup>Exterior fire escapes are allowed to project into Yards in any Zone, provided the width and projection are a maximum 1.2m wide.

---

<sup>15</sup> 3357/SS-2024

<sup>16</sup> 3357/C-2026

- 3.170.2 <sup>17</sup>In Commercial Zones, the exterior fire escape must be constructed a minimum of 3.6m above grade.

### **3.180 General Regulations for Residential Zones**

#### **3.180.1 General Residential Regulations**

- 3.180.1.1 There must only be 1 House or Duplex per Site except for bare land condominiums. This cannot be varied by the Development Authority.
- 3.180.1.2 There must only be 1 Manufactured Home, or 1 Manufactured Home plus another Manufactured Home used as a Backyard Suite, per Site. This cannot be varied by the Development Authority, except:
- 3.180.1.2.1 despite subsection 3.180.1.2, bare land condominiums and Manufactured Home Parks are excepted from the limitation.
- 3.180.1.3 Mechanical or operational elements such as air conditioning units, electrical equipment, service areas, and waste containers must be Screened from public view.

#### **3.180.2 Below Grade Development**

- 3.180.2.1 No below-Grade Development may occur within 0.6m of the Boundary of a Residential Site.

#### **3.180.3 Projections over Yards**

- 3.180.3.1 Projections on a Principal Building in a Residential Zone must not project into a minimum Yard Setback, except as outlined in subsections 3.180.3.2 to 3.180.3.4.
- 3.180.3.2 **Front Yard**
- 3.180.3.2.1 A Deck, unenclosed porch, barrier-free ramp, bay window, bow window, or chimney must:
- 3.180.3.2.1.1 not project more than 1.5m over or on a minimum Front Yard; and

---

<sup>17</sup> 3357/C-2026

3.180.3.2.1.2 be at least 3.0m from the Front Boundary.

3.180.3.3 **Rear Yard**

3.180.3.3.1 A canopy, eaves, chimney, or steps must not project more than 1.5m over or on a minimum Rear Yard.

3.180.3.3.2 An unenclosed porch, Deck, or barrier-free ramp must not project more than 3.0m over or on a minimum Rear Yard. Steps extending beyond an unenclosed porch or Deck into a minimum Rear Yard may project up to an additional 1.5m.

3.180.3.4 **Side Yard**

3.180.3.4.1 A canopy, eaves, or chimney must not project more than ½ of the minimum Side Yard required for the Site.

3.180.3.4.2 Unenclosed steps, including landing, not more than 0.6m above Grade, must not project more than 0.9m into the minimum Side Yard.

3.180.3.4.3 On the Sites with no rear lane, no steps, landings, or Decks shall project into the minimum Side Yard of 3.0m except if there is rear access for a Garage or vehicles.

3.180.3.5 Projections over a utility or road right of way are not allowed.

### 3.190 **Developed Areas Regulations**

3.190.1 Developed Areas Regulations apply to:

3.190.1.1 Residential Sites, except in the R-H Zone and R-MH Zone, as shown in Figure 3.190-1; and

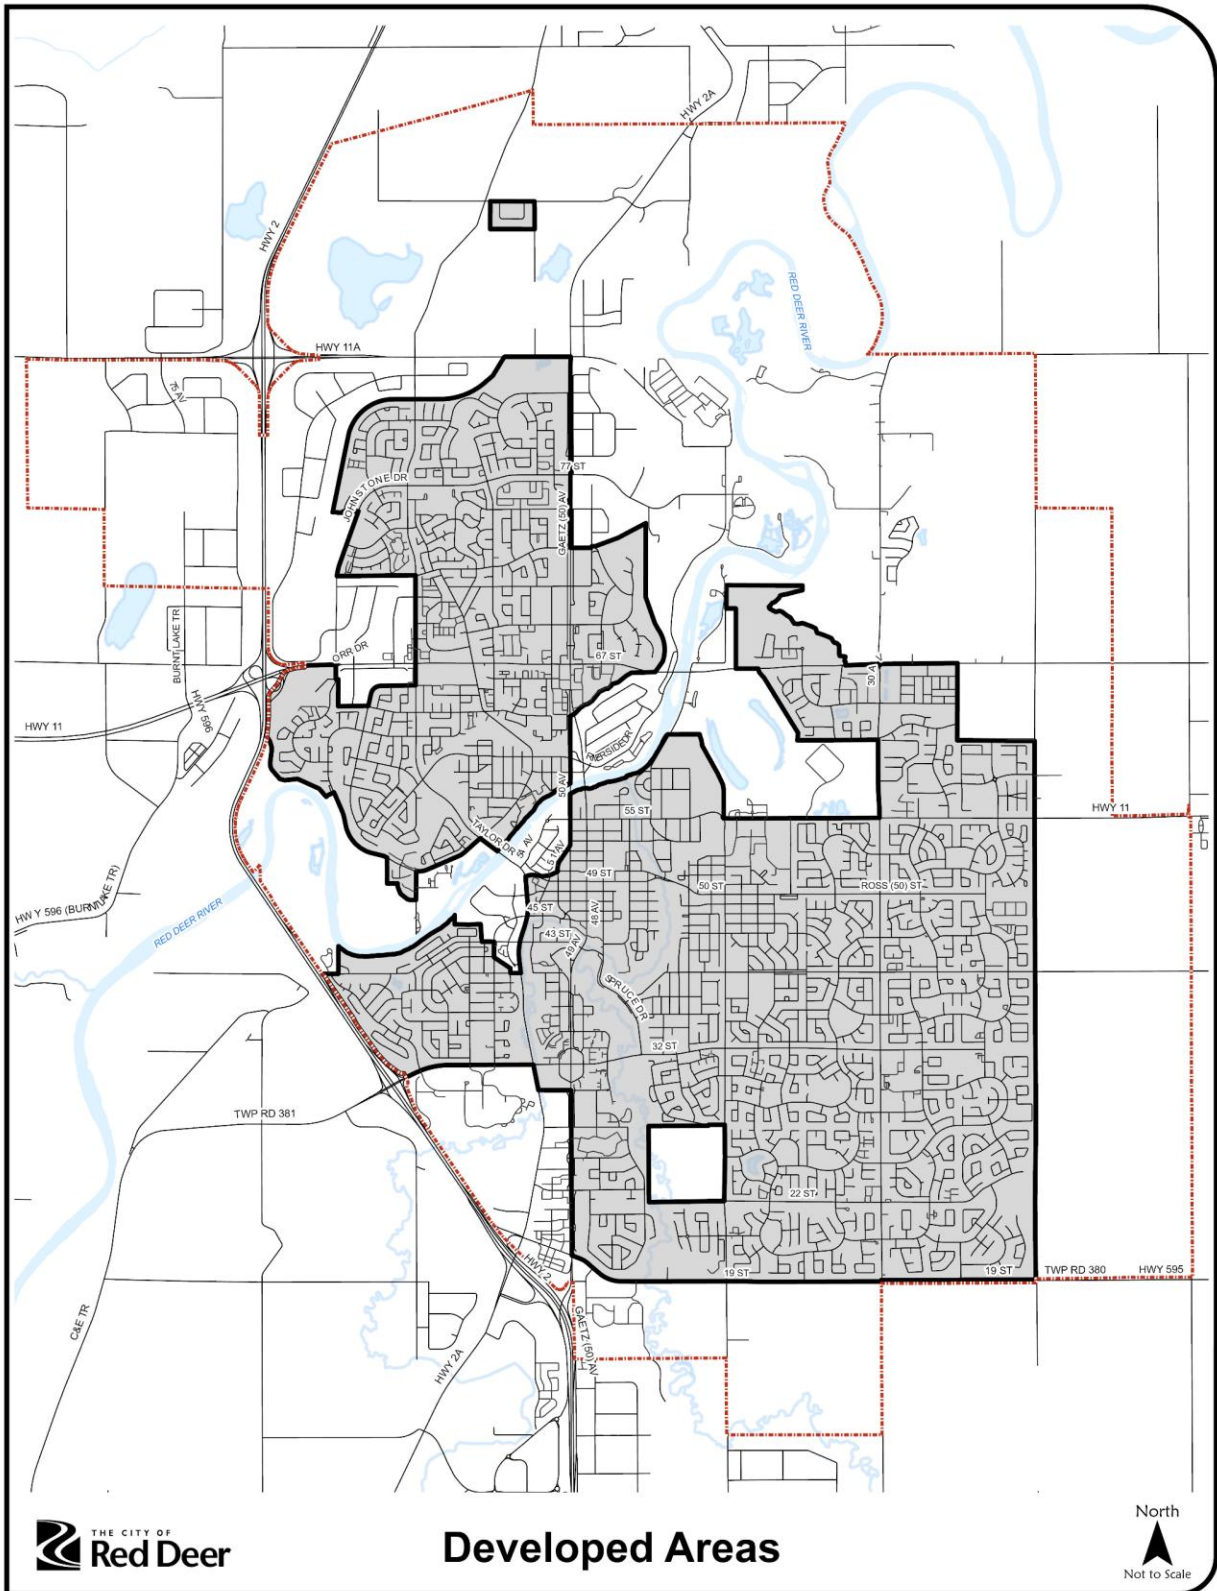

3.190.1.2 Developments where proposed is:

3.190.1.2.1 Buildings that contain a Dwelling Unit;

3.190.1.2.2 construction of new Dwelling Units; or

3.190.1.2.3 enclosed structural additions to existing Dwelling Units, except for sunrooms projecting from the rear of the Dwelling Unit.

- 3.190.2 Developed Areas Regulations are in addition to and prevail over the Zone regulations and General Regulations for Residential Zones where conflict occurs.
- 3.190.3 Character Statements are in addition to and prevail over the Developed Areas Regulations where conflict occurs.

**Figure 3.190-1: Developed Areas**

### 3.190.4 **Site Design**

#### 3.190.4.1 **Yards**

- 3.190.4.1.1 Front Yard Setbacks must be within 1.2m of the average existing Front Yard Setback of Principal Buildings in the Immediate Road Context.
- 3.190.4.1.2 Rear Yards must minimize overlook into the Rear Yard and Side Yard of Abutting Sites by using a combination of fencing, Screening, or landscaping.
- 3.190.4.1.3 New Front Yard vehicle access on the Sites Abutting a lane will only be allowed if:
  - 3.190.4.1.3.1 there is existing Front Yard vehicle access in 50% or more of Dwelling Units in the Immediate Road Context; or
  - 3.190.4.1.3.2 features such as mature trees in the Rear Yard or an irregular shaped Site make it difficult to access from the Side Yard or Rear Yard.

#### 3.190.4.2 **Front-attached Garages (where allowed)**

- 3.190.4.2.1 If 50% or more of Dwelling Units in the Immediate Road Context have existing front-attached Garages, new front-attached Garages must:
  - 3.190.4.2.1.1 not protrude beyond the Live Portion of the Dwelling Unit further than existing front-attached Garages; and
  - 3.190.4.2.1.2 have a maximum width similar to existing front-attached Garages in the Immediate Road Context.
- 3.190.4.2.2 If less than 50% of Dwelling Units in the Immediate Road Context have existing front-attached Garages, and the Site has a unique feature that makes vehicle access from the Rear Yard or Side Yard difficult, then front-attached Garages are allowed only if they:
  - 3.190.4.2.2.1 do not protrude more than 3.5m from the Live Portion of the Dwelling Unit;

3.190.4.2.2.2 meet the minimum Front Yard Setback;  
and

3.190.4.2.2.3 are a maximum 40% of the front Façade  
of the Building.

**3.190.5 Grade and Vegetation**

3.190.5.1 Development must minimize disruption to existing topography and  
vegetation.

3.190.5.2 City owned trees and shrubs must not be disturbed or removed to  
construct or service a Dwelling Unit unless approved on the Site  
Plan by the Development Authority through an issued permit.

3.190.5.3 Changing of Grades should be avoided for the construction of a  
new Dwelling Unit or structural enclosed addition.

**3.190.6 Design Criteria**

3.190.6.1 The front Façade of a Dwelling Unit facing a Road must have  
projections or recesses give visual variety.

3.190.6.2 The maximum Building Height must be within 1 storey of the  
existing Principal Building with the least number of storeys on an  
Abutting Residential Zone Site, except if the Abutting Site with the  
least number of storeys is within the R-H Zone, then the Zone  
regulations for maximum Building Height applies.

3.190.6.3 Despite any other section in this Bylaw, the overall Building Height  
of a House or Duplex in a Developed Area must not exceed 12.5m  
measured from Grade.

3.190.6.4 Building design must place Side Yard windows to minimize  
overlook into living spaces and Rear Yards of Abutting Sites by:

3.190.6.4.1 reducing direct line of sight into windows of the  
Dwelling Unit on an Abutting side Site by using  
obscured glass, staggered window location, raised  
windows, or privacy screening; and

3.190.6.4.2 not locating Side Yard windows beyond the rear Façade  
on an Abutting side Site unless:

3.190.6.4.2.1 the window is completely below the  
second storey; or

3.190.6.4.2.2 the glass in the window is entirely obscured; or

3.190.6.4.2.3 there is a minimum distance of 1.5m between the finished floor and the bottom of the windowsill and the window does not extend beyond the storey it is placed on.

3.190.6.5 The threshold of Rear Yard and Side Yard doors, and walking surfaces of Decks, balconies, patios, and other similar access points, should be less than 1.0m above Grade to maintain privacy of Abutting Sites.

3.190.6.6 Fencing, screening, or landscaping must be used to protect the privacy of Abutting Sites.

3.190.6.7 Principal Building façade that face a Road may only have horizontal or vertical walls longer than 5.0m if they are broken up by features such as porches, Projections, terracing, gables, windows, different exterior finishing materials, or variations in rooflines.

### **3.190.7 Houses and Duplexes**

3.190.7.1 Primary entrances to Dwelling Units must face the Front Boundary of the Site with a direct Walkway to the Sidewalk or to the Road if there is no Sidewalk, unless:

3.190.7.1.1 the Dwelling Unit is on a Corner Site, it may face the Side Boundary closest to the Road if other Dwelling Units on Corner Sites within the Immediate Road Context face the Side Boundary.

3.190.7.2 Dwelling Units must not be identical to or mirror the front façade of an Abutting side Site.

3.190.8 Every Townhouse unit at Grade that faces a Road must have a direct Walkway from its primary entrance to the Sidewalk or to the Road if there is no Sidewalk.

## **3.200 General Regulations for Commercial Zones**

### **3.200.1 Projections over Yards**

3.200.1.1 A canopy may project over a minimum Yard if:

- 3.200.1.1.1 It is at least 3.0m above Grade; and
- 3.200.1.1.2 There are no supports or posts built under the part projecting over a minimum Yard.

### 3.200.2 **Design Criteria**

#### 3.200.2.1 **Storage Areas**

- 3.200.2.1.1 Storage areas must be placed in the Rear Yard or Side Yards of the Principal Building; and
- 3.200.2.1.2 Storage areas must be Screened from view from any Adjacent Sites or public Roads.

#### 3.200.2.2 **Street façades of Buildings**

- 3.200.2.2.1 Building Façades on Road and Corner Sites must have high-quality architectural treatments.
- 3.200.2.2.2 Buildings must have a strong presence along the public Road Front Boundary and an inviting entrance and appearance on the Sidewalk and Road.
- 3.200.2.3 Developments that include 1 or more Buildings must create variety, character, comfortable scale, and visual interest by incorporating a variety of Building styles.
- 3.200.2.4 Developers must create pedestrian linkages with Adjacent Sites and to Sidewalks along Roads.
- 3.200.2.5 Buildings must transition seamlessly between ground floor Commercial Development and the Sidewalk.
- 3.200.2.6 Underground parking ramps must be at the Rear Yard or Side Yards of the Building and not on the front Road.

### 3.200.3 **Additional Setbacks for Front- and Side-Yard Setbacks of Sites Abutting Roads**

- 3.200.3.1 The minimum Front Yard and Side Yard Setbacks of Sites Abutting the identified Roads shown in Figure 3.200-1 must increase by 2.13m on each side of the original 20.12m-wide Road right of way. The Development Authority:
  - 3.200.3.1.1 must not vary the requirement for this additional Setback in areas shown with a solid heavy line.

- 3.200.3.1.2 may reduce or eliminate the additional Setback on a case-by-case basis in the area shown with a dashed heavy line for pedestrian improvements that are:
  - 3.200.3.1.2.1 non-structural;
  - 3.200.3.1.2.2 amenities such as Walkways, Sidewalks, bicycle routes, green spaces and landscaping, urban sculptures, and benches or other street furniture;
  - 3.200.3.1.2.3 special design elements such as unique Building entrances or Façades, non-structural columns, canopies, porches and balconies, special lighting, or Road-oriented Signs;
  - 3.200.3.1.2.4 Development based on the character of an area or applicable neighbourhood design guidelines; or
  - 3.200.3.1.2.5 Development made visually interesting and compatible with the Road and adjoining Buildings and offers a continuous pedestrian streetscape or pedestrian or public amenity such as an outdoor café, Courtyard, or garden.
- 3.200.3.2 Subsection 3.200.3.1 does not apply to the areas below, which have specific minimum Setbacks set out on each figure:
  - 3.200.3.2.1 Figure 3.200-2, Figure 3.200-3, Figure 3.200-4: 55 Street (Gaetz Avenue to 42A Avenue)
  - 3.200.3.2.2 Figure 3.200-5, Figure 3.200-6, Figure 3.200-7: Ross Street (45 Avenue to west Boundary of N.E. 15-38-27-4)
  - 3.200.3.2.3 Figure 3.200-8, Figure 3.200-9: 40 Avenue (44 Street to 52 Street)
  - 3.200.3.2.4 Figure 3.200-10: 45 Street (Taylor Drive to 51 Avenue)
- 3.200.3.3 Subsection 3.200.3.1 does not apply to a Site where:

- 3.200.3.3.1 the landowner transferred title to The City on the land that would otherwise be required as additional Setback; and
- 3.200.3.3.2 the Setback or any part of it is occupied by a Building and the landowner has a License to Occupy Agreement with the City.
- 3.200.3.4 The minimum Front Yard and Side Yard Setbacks in Figure 3.200-1 do not apply to:
  - 3.200.3.4.1 any historical Building under the Historical Significance Zoning Modifier or the Historical Preservation Zoning Modifier; or
  - 3.200.3.4.2 new construction approved by the Development Authority as a historical “echo” or “replica” Building.

### **3.210 General Regulations for Industrial Zones**

- 3.210.1 All parts of an Industrial Front Yard must, to the satisfaction of the Development Authority:
  - 3.210.1.1 be paved or gravelled and maintained in neat, dust-free condition;
  - 3.210.1.2 be suitably landscaped and maintained free of weeds.
- 3.210.2 If a Road Adjacent to an I-1 or I-2 Zoned Industrial Site is not paved and not landscaped at the time of Development, the Site may remain unpaved with no landscaping until The City completes this work and notifies the landowner.
- 3.210.3 The landowner of the Site must enter into an agreement in writing satisfactory to The City acknowledging the conditions outlined in subsection 3.210.2 and has up to 12 months to pave and landscape the Site in compliance with the Bylaw after receiving notice from the City the Adjacent Road work is complete.
- 3.210.4 The City may register a caveat on the title to the Site to protect the agreement.

#### **3.210.5 Industrial Standards**

- 3.210.5.1 Industrial Standard I is any Industrial Operation that does not:
  - 3.210.5.1.1 emit audible Industrial production noise at any location on the Boundary of the Site on which the operation takes place;
  - 3.210.5.1.2 emit smoke, except waste disposal incinerators approved by the Development Authority;
  - 3.210.5.1.3 emit dust, flying ash, or other particulate material;
  - 3.210.5.1.4 emit odour or gas;
  - 3.210.5.1.5 emit toxic gases or toxic substances;
  - 3.210.5.1.6 produce glare or heat noticeable beyond the Boundary of the Site;
  - 3.210.5.1.7 discharge waste into sewers if the waste does not meet Utility Bylaw standards.

3.210.5.2 Industrial Standard II means an Industrial Operation which produces noxious emissions but does not create a noticeable nuisance beyond the Boundary of the Site.

**3.210.6 Projection Over Yards**

3.210.6.1 A canopy may project over a minimum Yard if:

3.210.6.1.1 it is at least 3.6m above Grade; and

3.210.6.1.2 no supports or posts are constructed under the part projecting over the minimum Yard.

**3.210.7 Vehicle Access to Sites from Public Roadways**

3.210.7.1 A minimum of 10.0m of the Driveway must be paved if:

3.210.7.1.1 the Adjacent public Road is paved; and

3.210.7.1.2 the Driveway transitions onto a gravel part of the Site.

**3.220 Vehicle Access to Sites from Public Roads**

3.220.1 The location and number of proposed accesses for a Development must conform to the Engineering Design Guidelines.

**3.230 Parking Spaces and Areas**

3.230.1 If changes are made to a Site use that requires increased Parking above what is currently provided, the additional Parking must be provided.

3.230.2 When a Development requires a minimum number of Parking spaces, those spaces may not be used for any other use, and access to the stalls must be unobstructed.

3.230.3 Unless otherwise determined by the Development Authority, Parking spaces must be on the Site.

3.230.4 Parking spaces on the Site must be provided for according to Table 3.240, unless otherwise stated, and any fractional number of required Parking stalls will be rounded down to the next whole number.

3.230.5 The Development Authority has discretion to determine the Parking requirement for any use not specified in Table 3.240 and may decide based on the Parking requirements for similar uses.

- 3.230.6 <sup>18</sup>Deleted.
- 3.230.7 Where a Building or Site, other than a Lease Bay Building or Shopping Centre, contains multiple uses, the minimum number of Parking spaces is the sum of the requirement for each use.
- 3.230.8 The Development Authority may grant a variance on Parking space requirements for a Building or Site if multiple uses are expected to share parking spaces without conflict.
- 3.230.9 Where there are multiple uses on a Site inside a Shopping Centre or Lease Bay Building, Parking spaces are calculated for the entire Shopping Centre or Lease Bay Building, not for each individual use.

### 3.241 <sup>21</sup>Parking Exceptions

#### 3.241.1 Downtown Parking Exceptions

3.241.1.1 Despite the requirements outlined in 3.240, Residential uses within the Greater Downtown area identified in Figure 3.241-1 require:

3.241.1.1.1 a minimum 1.0 stall per residential unit; and

---

<sup>20</sup> 3357/SS-2024

<sup>21</sup> 3357/SS-2024

- 3.241.1.1.2 clearly identified guest parking stalls provided at 1.0 per 5.0 units, when 5.0 or more residential units are on site.
- 3.241.1.2 Non-Residential Uses in the C-1 Zone do not require minimum Parking spaces. Residential uses in the C-1 Zone will adhere to the exceptions outlined in 3.241.1.1.
- 3.241.1.3 Residential uses in Capstone Zones will meet the requirements of 3.241.1.1.1, but not be required to meet the requirements of 3.241.1.1.2.

### 3.250 Parking on Public Property

- 3.250.1 A vehicle, or any part of a vehicle, will not be left on or over any Public Property unless it is:
  - 3.250.1.1 in a designated Parking stall or designated Parking areas;
  - 3.250.1.2 on any roadway or travel lane intended for the passage of vehicles and where not otherwise prohibited; or
  - 3.250.1.3 on Public Property in accordance with a license from, or the express approval of, the City.

### 3.260 General Parking Regulations

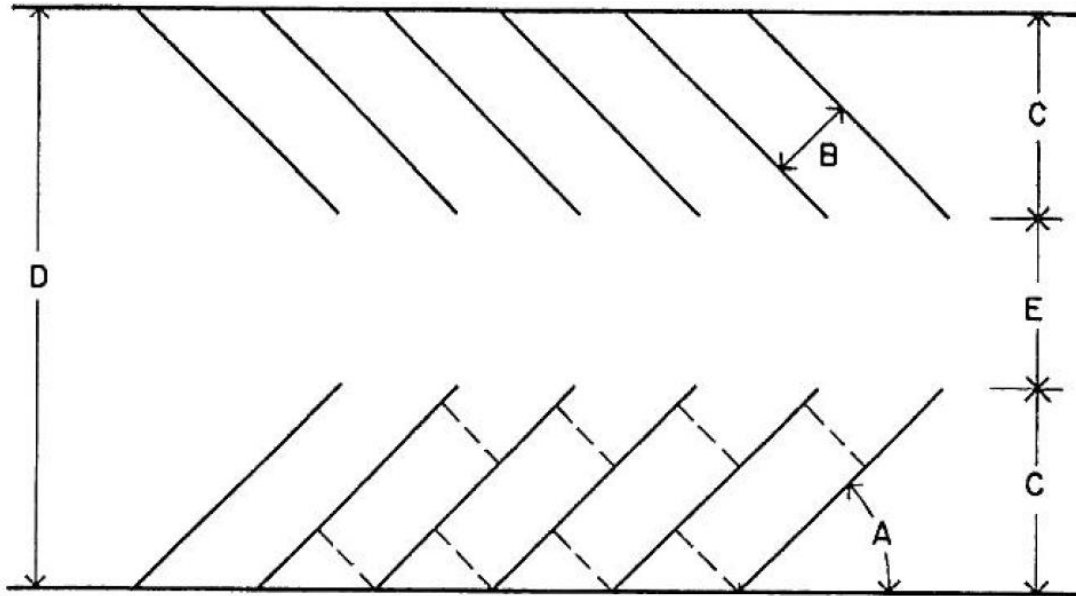

- 3.260.1 General Parking Regulations apply to on the Site Parking in all Zones including, but not limited to, Parking Lots, Parking Structures, Parking Pads, Driveways, and other areas used for Parking.
- 3.260.2 All Parking areas must have clear driving aisles for easy access to individual Parking spaces.
- 3.260.3 All Parking areas, except those approved on a temporary basis, must be paved or finished with a hard surface.
- 3.260.4 Where a Front Yard Parking Pad or Driveway is accessed from a hard surfaced Road, the Parking Pad or Driveway must have a hard surface.
- 3.260.5 Parking Pads or Driveways will not be placed such that, in the Development Authority’s opinion, they interfere with intentional pedestrian crossings such as intersections, crosswalks, or other similar pedestrian crossing areas.
- 3.260.6 The Development Authority has discretion to require curbs, concrete bumpers, fences, or curb stops in any Parking area.
- 3.260.7 Parking areas must be physically separated from any Landscaped Areas using curb stops or any other means satisfactory to the Development Authority.
- 3.260.8 Parking spaces, excluding those in Parking Lots and Parking Structures, will satisfy the following minimum requirements:

Typical examples of hard surfacing for Parking areas, Parking Pads, and Driveways can include concrete, asphalt, and pavers.

Parking Stall Regulation	Minimum Requirement
--------------------------	---------------------

Width	2.7m
Length (angled or perpendicular)	5.5m
Length (parallel)	6.7m

3.260.9 Parking spaces in Parking Lots and Parking Structures will satisfy the following minimum requirements:

### **3.270 Parking Regulations for Commercial and Industrial Developments, Townhouses, and Apartments**

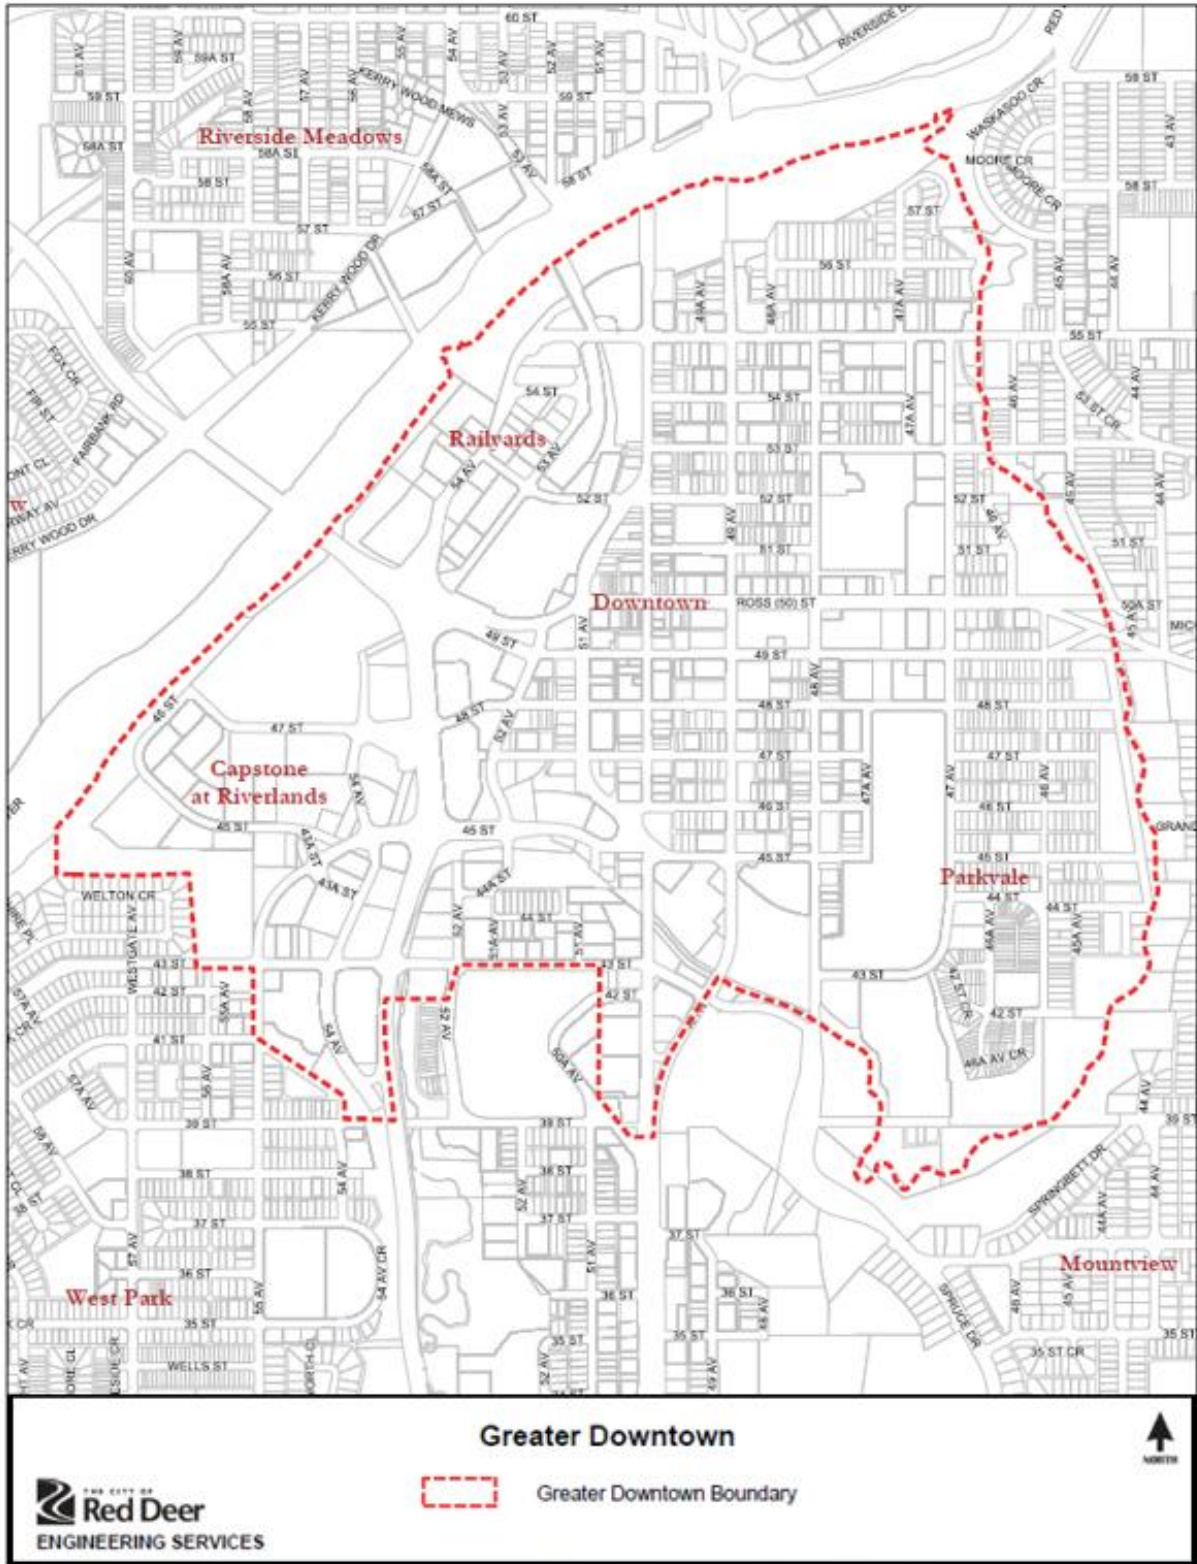

- 3.270.1 Parking spaces may be on another Site, but not more than 100.0m away from the Building or use they serve.
- 3.270.2 When Parking is provided on a separate Site, the Development Authority may require the landowner to permanently secure the Parking by a restrictive covenant or other title obligation enforceable by the City.
- 3.270.3 Parking aisles must be a maximum 105.0m in length.
- 3.270.4 Parking aisles must have curbed islands at each end, no less than 1.0m in width.
- 3.270.5 Parking Lots with more than 200 Parking spaces must be configured into smaller cells by use of interior landscaping, drive lanes, and Walkways.
- 3.270.6 Walkways in Parking lots with more than 200 Parking spaces must be at least 1.2m wide, oriented for safe pedestrian flow and integrated with nearby trail systems or Sidewalks.
- 3.270.7 Walkways are required:
  - 3.270.7.1 from Commercial and publicly-serving Developments to any Abutting transit stops and Sidewalks;
  - 3.270.7.2 from Apartments or Mixed-Use Buildings to the nearest Sidewalk;
  - 3.270.7.3 between all Principal Buildings in multiple Building Developments.
- 3.270.8 Wheel stops must be provided a minimum of 0.6m from the front the of a Parking stall for all Parking spaces Adjacent to a Walkway or in front of a Building, but does not apply if the Walkway is barrier-free, at least 1.2m in width, and is wider than the City's minimum required Sidewalk.
- 3.270.9 Commercial Developments must have sufficient stacking and queuing lanes for vehicles to prevent traffic hazards or disruptions on public Roads.
- 3.270.10 Except for Capstone Zones, Parking for each use must be near the entrance of the corresponding Building.

### **3.280 Parking Regulations for Areas in the Greater Downtown**

- 3.280.1 Despite sections 3.260 and 3.270, Parking areas in the boundaries defined in the Greater Downtown Action Plan and illustrated in Figure 3.280-1 will meet the regulations of section 3.280 instead.
- 3.280.2 Parking areas must have concrete curb stops around the area perimeter, where the perimeter abuts the narrow edge of a Parking space.
- 3.280.3 When a stormwater sewer is Adjacent to a Parking area, the Development Authority may require on the Site catch basins or connections to the City's stormwater sewer system.
- 3.280.4 The Development Authority may require waste containers.
- 3.280.5 Lighting is provided to a standard such that:
  - 3.280.5.1 ground-oriented pedestrian scale lighting identifying pedestrian routes and Illuminating the Site is required;
  - 3.280.5.2 lighting must be placed and arranged to avoid:
    - 3.280.5.2.1 directing light at Abutting Sites;
    - 3.280.5.2.2 interfering with traffic control devices.
- 3.280.6 Landscaping is provided to a standard such that:
  - 3.280.6.1 a 1.5m wide Landscaped Area must be installed between a curb or Sidewalk and a Parking area, incorporating trees, shrubs, sod, and decorative rock; and
  - 3.280.6.2 the Development Authority may require corner island landscaping and planting beds; and
  - 3.280.6.3 City owned trees and shrubs may not be removed or damaged to facilitate construction of a Parking area, without the prior approval of the Development Authority issued through a permit; and
  - 3.280.6.4 all top soiled areas are to be sodded or be decorative rock; and
  - 3.280.6.5 landscaping for Parking areas meets the following landscaping requirements:

<b>PERIMETER LANDSCAPING</b>	
<b>Parking Areas</b>	<b>Minimum Landscaping Requirement</b>
Permanent Parking area (dual Road Frontage)	1 tree and 2 shrubs per 7.5 stalls
Permanent Parking area (single Road Frontage)	1 tree and 2 shrubs per 10 stalls
Temporary Parking area (dual Road Frontage)	1 tree and 1 shrub per 10 stalls
Temporary Parking area (single Road Frontage)	1 tree and 1 shrub per 12.5 stalls
Parking areas of 10 Parking stalls or more supporting an existing Development	1 tree and 1 shrub per 10 stalls
Above ground Parking Structures	Subject to Development Authority discretion
<b>INTERIOR LANDSCAPING</b>	
<b>Parking Areas</b>	<b>Minimum Landscaping Requirement</b>
Permanent Parking of 100 Parking stalls or more	1 interior tree per 15 stalls  All interior trees will be contained in underground pre-cast planter boxes.

- 3.280.6.6 deciduous trees have a minimum caliper measurement of 0.06m, measured 0.45m from ground level; and
- 3.280.6.7 coniferous trees will have a minimum height of 2.5m; and
- 3.280.6.8 deciduous and coniferous shrubs will be of #2 Container Class;

**Figure 3.280-1: Greater Downtown Boundary**

### 3.290 Driveways and Parking Pads in Residential Zones

- 3.290.1 Section 3.290 applies to all Houses, Duplexes, and Townhouses with Front Boundary access in Residential Zones.
- 3.290.2 Side-by-side Sites with front Driveways, Parking Pads, or both must group them in pairs as shown in Figure 3.290-1.

**Figure 3.290-1: Side-by-Side Parking Layout**

#### 3.290.3 Exceptions

- 3.290.3.1 If there are an odd number of Abutting Sites, the Side Yard Driveway or Parking Pad must be set back a minimum of 3.15m on the unpaired side. This cannot be varied by the Development Authority.
- 3.290.3.2 The Side Yard Driveway or Parking Pad of a proposed Dwelling Unit must be set back a minimum of 3.15m if:
  - 3.290.3.2.1 it is in a Developed Area; and

3.290.3.2.2 it shares a Side Boundary with an existing Dwelling Unit;

### **3.300 Fire Hydrant Clearance Requirements**

- 3.300.1 Where a fire hydrant is located on, or adjacent to, a Site, the landowner of the Site must:
- 3.300.1.1 maintain a minimum 1.0m clearance on each side of the fire hydrant;
  - 3.300.1.2 not permit anything to be constructed, erected, or placed within the clearance area;
  - 3.300.1.3 not permit anything except grass to be planted in the clearance area;
  - 3.300.1.4 maintain visibility of hydrants from the nearest Road or Lane.
- 3.300.2 Subsection 3.300.1 cannot be varied by the Development Authority.

### **3.310 Accessible Parking**

- 3.310.1 Requirements for accessible Parking will apply to all Development Permit applications for:
- 3.310.1.1 Developments in Commercial and public service Zones;
  - 3.310.1.2 Apartment Developments which have a shared or common entrance.
- 3.310.2 Barrier-free Parking may be supplied as part of, not in addition to, the minimum Parking space requirements in this Bylaw.
- 3.310.3 Concrete curb stops must be provided for all Parking spaces Adjacent to all Walkways fronting commercial, public service and Apartment Development entrances. Such curb stops will be set back a sufficient distance from the Walkways to prevent vehicles from projecting over the Walkway.
- 3.310.4 Walkways along the front, rear and side of Commercial Developments, public service Developments and Apartments will be free of obstructions and architectural features that would impede access and travel for persons with mobility challenges.
- 3.310.5 Ramps will be constructed on Walkways along the front, rear or side of Commercial Developments, public service Developments and Apartments,

wherever required to ensure that such Walkways are accessible to persons with mobility challenges.

- 3.310.6 Walkways must be provided:
  - 3.310.6.1 from Commercial and public service Developments to any Adjacent transit stops and Sidewalks;
  - 3.310.6.2 from Apartments to the nearest Sidewalk;
  - 3.310.6.3 between all Principal Buildings in multiple Building Developments.
- 3.310.7 An application for a Development Permit for a Development in a Commercial, public service or Residential Zone allowing for Apartments that is to provide for accessibility is subject to the approval of the Development Authority, which may impose additional specific obligations similar to the foregoing to ensure that Walkways are accessible.
- 3.310.8 The Development Authority may grant a variance to any of the Section 3.310 regulations if:
  - 3.310.8.1 the Development is a minor change to an existing Commercial Development, publicly serving Development or Apartment, such as an architectural modification, modified Signs, a change in elevations, the installation of a shed or seasonal garden centre, or the construction of a new front entrance;
  - 3.310.8.2 the Development does not include an expansion of, or an amendment to, an approved Site Plan;
  - 3.310.8.3 for Parking space curb stops, if an adjoining Sidewalk is of sufficient width to manage both vehicle overhang and accessibility by persons with mobility challenges.

### **3.320 Loading Spaces**

- 3.320.1 The minimum required number of loading spaces in:
  - 3.320.1.1 Commercial Zones will be 1 loading space opposite each loading door with a minimum of 1 provided;
  - 3.320.1.2 I-1 and I-2 Zones will be 1 loading space opposite each loading door with a minimum of 1 for each 1,858.0m<sup>2</sup> of floor space provided;

- 3.320.1.3 I-C Zones will be determined by the Development Authority, based on the makeup of planned uses, whether alignment with the Commercial Zone requirements in subsection 3.320.1.1 or the I-1 and I-2 Zone requirements in subsection 3.320.1.2 are more appropriate.
- 3.320.2 In the C-3 Zone, a loading space may also double as a Parking space, subject to Development Authority approval.
- 3.320.3 Loading spaces must be:
  - 3.320.3.1 on the same Site as the Building or use;
  - 3.320.3.2 designed, placed, and constructed so it is:
    - 3.320.3.2.1 reasonably accessible to any vehicle intended to use it;
    - 3.320.3.2.2 properly maintained; and
    - 3.320.3.2.3 satisfactory to the Development Authority in size, shape, location, and construction.
  - 3.320.3.3 at least 2.7m wide, having an area of at least 29.0m<sup>2</sup>, and have an overhead clearance of at least 3.6m;
  - 3.320.3.4 including the Driveway providing access to it, surfaced as required by the Development Authority and kept free of obstructions.
- 3.320.4 Loading spaces situated in a Setback distance from a Road or lane will not be counted for the purposes of section 3.320.

### **3.330 Objects Prohibited in Yards**

#### **3.330.1 Restrictions in Residential Zones**

- 3.330.1.1 A motor vehicle other than a passenger vehicle may only be parked or occupied on a Site for as long as it is necessary to load or unload, except:

- 4.90.2 The Day Care Facility design must be to the satisfaction of the Development Authority. The design of the Building, entrances, play spaces, Landscaped Areas, fencing, or other elements should mitigate Site conditions that could negatively impact the Day Care Facility.

- 4.90.3 Outdoor play space at ground level:
  - 4.90.3.1 is allowed in any Yard; and
  - 4.90.3.2 must be fenced on all sides; except it does not require fencing where the proposed outdoor play space shares existing play equipment on Sites Zoned P-1 or if an exemption is permitted by the Government of Alberta; and
  - 4.90.3.3 must have self-latching gates.
- 4.90.4 Outdoor play space above the first level on a Rooftop Terrace, balcony, or similar, must:
  - 4.90.4.1 have a secure perimeter with guard rails, Parapet Walls, or a combination of both that is at least 1.83m high and consistent with the architectural materials and style of the Building; and
  - 4.90.4.2 be designed so any mechanical equipment or exhaust systems will not cause issues such as noise, fumes, or safety; and
  - 4.90.4.3 be designed to the satisfaction of the Development Authority.

#### **4.100 Drinking Establishment**

- 4.100.1 When considering an application for a Drinking Establishment (Adult Entertainment Prohibited) or Drinking Establishment (Adult Entertainment Permitted) as either an Accessory Use or Principal Use, the Development Authority must:
  - 4.100.1.1 refer the application to the RCMP for comment; and
  - 4.100.1.2 if the application is in the boundary of the downtown Business Improvement Area, notify the Downtown Business Association; and
  - 4.100.1.3 require that the applicant provide:
    - 4.100.1.3.1 adequate Parking; and
    - 4.100.1.3.2 adequate outside lighting in the area; and
    - 4.100.1.3.3 an impact statement with a plan to prevent negative effects on the adjoining neighbourhood from noise or visual disruption from the Drinking Establishment.
- 4.100.2 A Drinking Establishment (Adult Entertainment Permitted) must not:

- 4.100.2.1 display nudity or partial nudity on the exterior of the Building; or
- 4.100.2.2 be on a Site within 150.0m of:
  - 4.100.2.2.1 the Boundary of a Residential Site; or
  - 4.100.2.2.2 any Site with an existing Government Service use, Cultural Facility, Educational Institution Primary or Post Secondary, Hospital, Emergency Service use, Public Assembly, or Detention and Correction Services; or
  - 4.100.2.2.3 an Open Space Site.

#### **4.110 Drive-Through**

- 4.110.1 Any Development with a Drive-Through must:
  - 4.110.1.1 have windows serving vehicle patrons placed at the rear or side of the Building;
  - 4.110.1.2 have the location, orientation, and Setback of Drive-Through service windows approved by the Development Authority;
  - 4.110.1.3 minimize on the Site and off the Site traffic impacts;
  - 4.110.1.4 consider safety and the pedestrian environment;
  - 4.110.1.5 meet the City's engineering standards for inbound queueing space requirements for customers lining up at the window.

#### **4.115 <sup>27</sup>Garage Sales**

- 4.115.1 There may not be more than 3 Garage Sale events per year from any 1 Dwelling Unit.

#### **4.120 Home Occupation Major**

- 4.120.1 The Development Officer will review if the intensity of the Home Occupation Major is compatible with the Residential area or if it would be more appropriate in a Commercial or Industrial Zone.
- 4.120.2 A Home Occupation Major must be operated by a resident of the Dwelling Unit.

---

<sup>27</sup> 3357/SS-2024

- 4.120.3 Home Occupation Major may have more than 1 business associated visit at a time to the Site, this includes drop-offs, pick-ups, deliveries, and visits from customers or consultants.
- 4.120.4 Home Occupation Major includes Bed and Breakfasts, but not short-term rentals.
- 4.120.5 A Dwelling Unit may only have 1 Home Occupation Major.
- 4.120.6 A Home Occupation Major must not:
  - 4.120.6.1 have more than 2 non-resident employees or business partners working on the Site at any one time;
  - 4.120.6.2 engage in outdoor business activity that creates nuisances, such as noise, odours, dust, or fumes, beyond the Site Boundary;
  - 4.120.6.3 store materials or equipment outdoors on the Site;
  - 4.120.6.4 have more than 1 commercial vehicle used by the business parked on the Site or any Road Adjacent to the Site;
  - 4.120.6.5 change the principal character or external appearance of the Dwelling Units or Site.

- 4.300.2 There must be Walkways to allow pedestrians to move and connect to Buildings and Sidewalks. Walkways must be:
  - 4.300.2.1 hard surfaced; and
  - 4.300.2.2 provided to all entrances.
- 4.300.3 Walkways that intersect with Roads must have:
  - 4.300.3.1 accessible curb ramps at the corner of any intersection to provide barrier-free access; and
  - 4.300.3.2 clearly painted or marked lines where Walkways cross over a Driveway or vehicle maneuvering aisle.
- 4.300.4 The Development Authority must set the Walkway crossing width in each case, based on use.

## Part 5 Sign Regulations

### 5.10 Purpose

- 5.10.1 Part 5 regulates the location, size, number, type, form, appearance, construction, alteration repair, and maintenance of Signs to:
  - 5.10.1.1 balance the Commercial need for Signs with safety and aesthetics;
  - 5.10.1.2 support local advertising needs by identifying businesses and wayfinding;
  - 5.10.1.3 ensure and maintain public safety;
  - 5.10.1.4 regulate design, size, and type of a Sign in relation to the Building and character of the neighbourhood where the Sign is located;
  - 5.10.1.5 prevent too many Signs and visual clutter to ensure the Signs are effective; and
  - 5.10.1.6 allow a flexible and responsive approach that may adapt to changes in Sign technologies and trends.

### 5.20 Applicability

- 5.20.1 The regulations in Part 5 apply to all Signs in The City except for Signs:
  - 5.20.1.1 inside a Building not visible from the exterior of the Building;
  - 5.20.1.2 operating as street and traffic Signs; and
  - 5.20.1.3 required to be displayed:
    - 5.20.1.3.1 under federal, provincial, or municipal legislation;
    - 5.20.1.3.2 by or on behalf of the federal, provincial, or municipal government; or
    - 5.20.1.3.3 on behalf of a department, commission, board, committee, or an official of the federal, provincial, or municipal government.

## 5.30 Signs That Do Not Require a Development Permit

  - 5.50.1.3.6 graphics;
  - 5.50.1.3.7 logos;
  - 5.50.1.3.8 type of Illumination;
  - 5.50.1.3.9 Building elevations showing all existing and proposed Building Signs; and
  - 5.50.1.3.10 Dynamic or Electronic Messaging component, if applicable.
- 5.50.1.4 A Site Plan showing:
  - 5.50.1.4.1 compliance with applicable location regulations;
  - 5.50.1.4.2 for any Sign with a minimum separation regulation from another Sign, the location and distance of the next closest Sign subject to the minimum separation regulation, whether on the same Site or not;
  - 5.50.1.4.3 how far the Sign projects from the Building Façade and onto Public Property;
  - 5.50.1.4.4 distance to aerial power lines and other Utilities; and
  - 5.50.1.4.5 the location of the Sign on the Site.
- 5.50.2 For Signs proposed to be put up on a Site subject to a Character Statement, the Development Permit Application must include a letter of intent containing a statement addressing how the Sign is compatible with the Immediate Road Context, as identified in the Character Statement.

- 5.50.3 The Development Authority may vary the requirement for a separate Development Permit for a Sign when satisfied that all required information and details pursuant to subsection 5.50.1 are provided with a Development Permit application for a Building or part of a Building.
- 5.50.4 The Development Authority may consider the following when it reviews applications:
  - 5.50.4.1 scale and design of the area;
  - 5.50.4.2 historical designations;
  - 5.50.4.3 statutory plan regulations;
  - 5.50.4.4 streetscape improvements;
  - 5.50.4.5 scale, form, and massing;
  - 5.50.4.6 infrastructure and safety; and
  - 5.50.4.7 proximity to a Residential Zone.

## **5.60 Conditions of Development Approval for Signs**

- 5.60.1 In addition to section 2.130 - Conditions of Issuing a Development Permit, the Development Authority may impose the following conditions:
  - 5.60.1.1 For Illuminated Signs, including Signs with Dynamic or Electronic Message components, any condition needed to mitigate the effects of the Illumination on nearby residential developments; or
  - 5.60.1.2 If the Development Authority approves a Permanent Sign on or over Public Property:
    - 5.60.1.2.1 the owner of the Sign must sign an agreement to indemnify and hold the City harmless from any claims, liabilities, damages, or expenses arising from injuries to a person or damage to property from the presence, collapse, or failure of the Sign; and
    - 5.60.1.2.2 the owner of the Sign provides proof of liability insurance for third party bodily injury, personal injury, and property damage for losses related to the Sign for a dollar amount specified by the City, with the City named as an additional insured.

## 5.70 Variances

- 5.70.1 Despite variance allowances as may otherwise be outlined in this Bylaw, the Development Authority may only vary the following for Signs:
  - 5.70.1.1 Sign Height, including clearance height;
  - 5.70.1.2 Sign Width;
  - 5.70.1.3 total Sign Area;
  - 5.70.1.4 permitted number of Signs on a Site, except for Billboard Signs which cannot be varied;
  - 5.70.1.5 minimum separation distance between Signs, except for Billboard Signs which cannot be varied;
  - 5.70.1.6 restriction of Dynamic Fascia Signs and Dynamic Freestanding Signs within 100.0m of a Site located in or Adjacent to a Residential Zone, subject to the following:
    - 5.70.1.6.1 without limiting the ability of the Development Officer to refer applications to the Municipal Planning Commission, the Development Officer may approve variances up to and including 10%;
    - 5.70.1.6.2 the Municipal Planning Commission may approve variances up to and including 30%; and
    - 5.70.1.6.3 all variances greater than 30% are prohibited.
  - 5.70.1.7 Setbacks.
- 5.70.2 In determining if a variance should be granted, the Development Authority may consider, but is not limited to:
  - 5.70.2.1 size and location of the Site;
  - 5.70.2.2 design or construction of a Building or a Sign;
  - 5.70.2.3 Immediate Road Context;
  - 5.70.2.4 if the Sign would unduly interfere with the amenities of the neighbourhood or materially impact the use, enjoyment or value of neighbouring Sites;
  - 5.70.2.5 heritage value of a Sign or Building;

- 5.70.2.6 topography or configuration of the Site; or
- 5.70.2.7 all applicable Council policies, guidelines, and statutory plans.
- 5.70.3 Regardless of any other regulation of this Bylaw, if necessary for safety reasons, the Development Authority may require greater distance separations between Signs and may increase the minimum graphic display time for Dynamic or Electronic Messaging.

## **5.80 Attaching Conditions to Variances**

- 5.80.1 Any variance approved by the Development Authority may be temporarily approved and may be subject to conditions including, but not limited to:
  - 5.80.1.1 the removal of existing Sign on a Site;
  - 5.80.1.2 restrictions on the location, number, and type of new and existing Signs on a Site;
  - 5.80.1.3 controls on light levels or hours of operation of Illuminated Signs;
  - 5.80.1.4 other upgrades or changes to existing Signs on the Site;
  - 5.80.1.5 safety and construction matters; and
  - 5.80.1.6 conditions that reflect impacts on Adjacent Sites pursuant to section 640(6) of the Act.

## **5.90 General Regulations for All Signs**

- 5.90.1 Signs must not:
  - 5.90.1.1 obstruct or interfere with the visibility of a traffic control device;
  - 5.90.1.2 obstruct or interfere with the natural lighting, air intake, or ventilation of a Building;
  - 5.90.1.3 emit sound or noise;
  - 5.90.1.4 obstruct or interfere with vehicle or pedestrian traffic; or
  - 5.90.1.5 contain Third Party Advertising.
- 5.90.2 Where a Development Permit is issued for a Development encompassing more than 1 Site, Signs may be placed as if the Development was on a single Site, as determined by the Development Authority.

- 5.90.3 Signs must be removed immediately when the corresponding advertised business or operation ceases to exist on the Site, except Freestanding Signs and support structures intended for re-use.

## **5.100 Sign Location and Placement**

- 5.100.1 Signs must be located a minimum of:
- 5.100.1.1 1.0m back from an existing or future curb line;
  - 5.100.1.2 0.3m from the inside edge of any Sidewalk;
  - 5.100.1.3 3.0m from any Site access; and
  - 5.100.1.4 1.0m from a Boundary, when on private property.
- 5.100.2 Signs must comply with Section 3.120 - Restrictions on Corner Site Lines.
- 5.100.3 Where Signs are required to be located or placed a minimum distance from something else, no part of the Sign may fall within the applicable minimum distance.
- 5.100.4 All Signs placed on fences must be securely fastened to the fence.
- 5.100.5 Signs must not be in or on Parking stalls or loading spaces or positioned in a way that reduces the number of Parking stalls or loading spaces required by this Bylaw or an approved Development Permit.

## **5.110 Sign Height and Projections**

- 5.110.1 Sign Height is measured from the ground to the highest point of the Sign.
- 5.110.2 All Signs projecting over a Sidewalk or a street must maintain at least 2.8m clearance to the lowest point of the Sign.

## **5.120 Design**

- 5.120.1 When considering an application for a Sign that is a Discretionary Use, the Development Authority will consider:
- 5.120.1.1 whether the design, size and type of the Sign is compatible with, or enhances the design and general character of, the Building it will be on;

- 5.120.1.2 whether the Sign reflects or maintains the Immediate Road Context; and
- 5.120.1.3 whether the Sign respects the purpose or intent of any Sign Overlay it is located in.
- 5.120.2 A Sign should not cover or obstruct an Architectural Feature.
- 5.120.3 Where possible, Signs should be designed or placed on a Building so the body of the Sign conceals the Sign structure and no guide wires, bracing or similar support elements are visible from a street or other public right of way.

### **5.130 Calculation of Sign Area**

- 5.130.1 Sign with an irregularly shaped frame or border will have area calculated by measuring the smallest rectangle which frames the entire Copy.
- 5.130.2 For double-faced or multi-faced Signs, the Development Authority will only use 1 face for determining Sign Area.
- 5.130.3 For a Lease Bay Building or Building with multiples tenants, the Development Authority will calculate the Sign Area based on a percentage of the Building Façade area, by considering the height of the Building and width of the tenant's leased Site.

### **5.140 Illumination**

- 5.140.1 Signs may be Illuminated.
- 5.140.2 Illuminated Signs must not:
  - 5.140.2.1 shine or reflect light directly onto Adjacent properties;
  - 5.140.2.2 create hazards for pedestrian or vehicle traffic; or
  - 5.140.2.3 be of an intensity or brightness that interferes with the space, comfort, convenience, and general welfare of residents or occupants in Adjacent Sites, or with vehicle traffic.
- 5.140.3 Signs with external Illumination must:
  - 5.140.3.1 be equipped with shields directing light toward the Sign; and
  - 5.140.3.2 position the light sources to shine light directly onto the Sign and minimize glare.

- 5.140.4 Signs with internal illumination must conceal the light source from direct view.

### **5.150 Maintenance**

- 5.150.1 Owners of Signs must maintain all Signs in good repair, safe condition, and free of visible deterioration by:
- 5.150.1.1 ensuring exposed Sign and Sign Structure surfaces are covered with durable, weather resistant, protective finish;
  - 5.150.1.2 repainting or refinishing as often as necessary to prevent peeling or flaking of paint or corrosion, or fading from light exposure;
  - 5.150.1.3 confirming lights, bulbs, tubes, and other forms of illumination are functioning properly; and
  - 5.150.1.4 keeping Signs intact and operative and preventing them from deteriorating, peeling, breaking, or cracking.

### **5.160 Signs on Public Property**

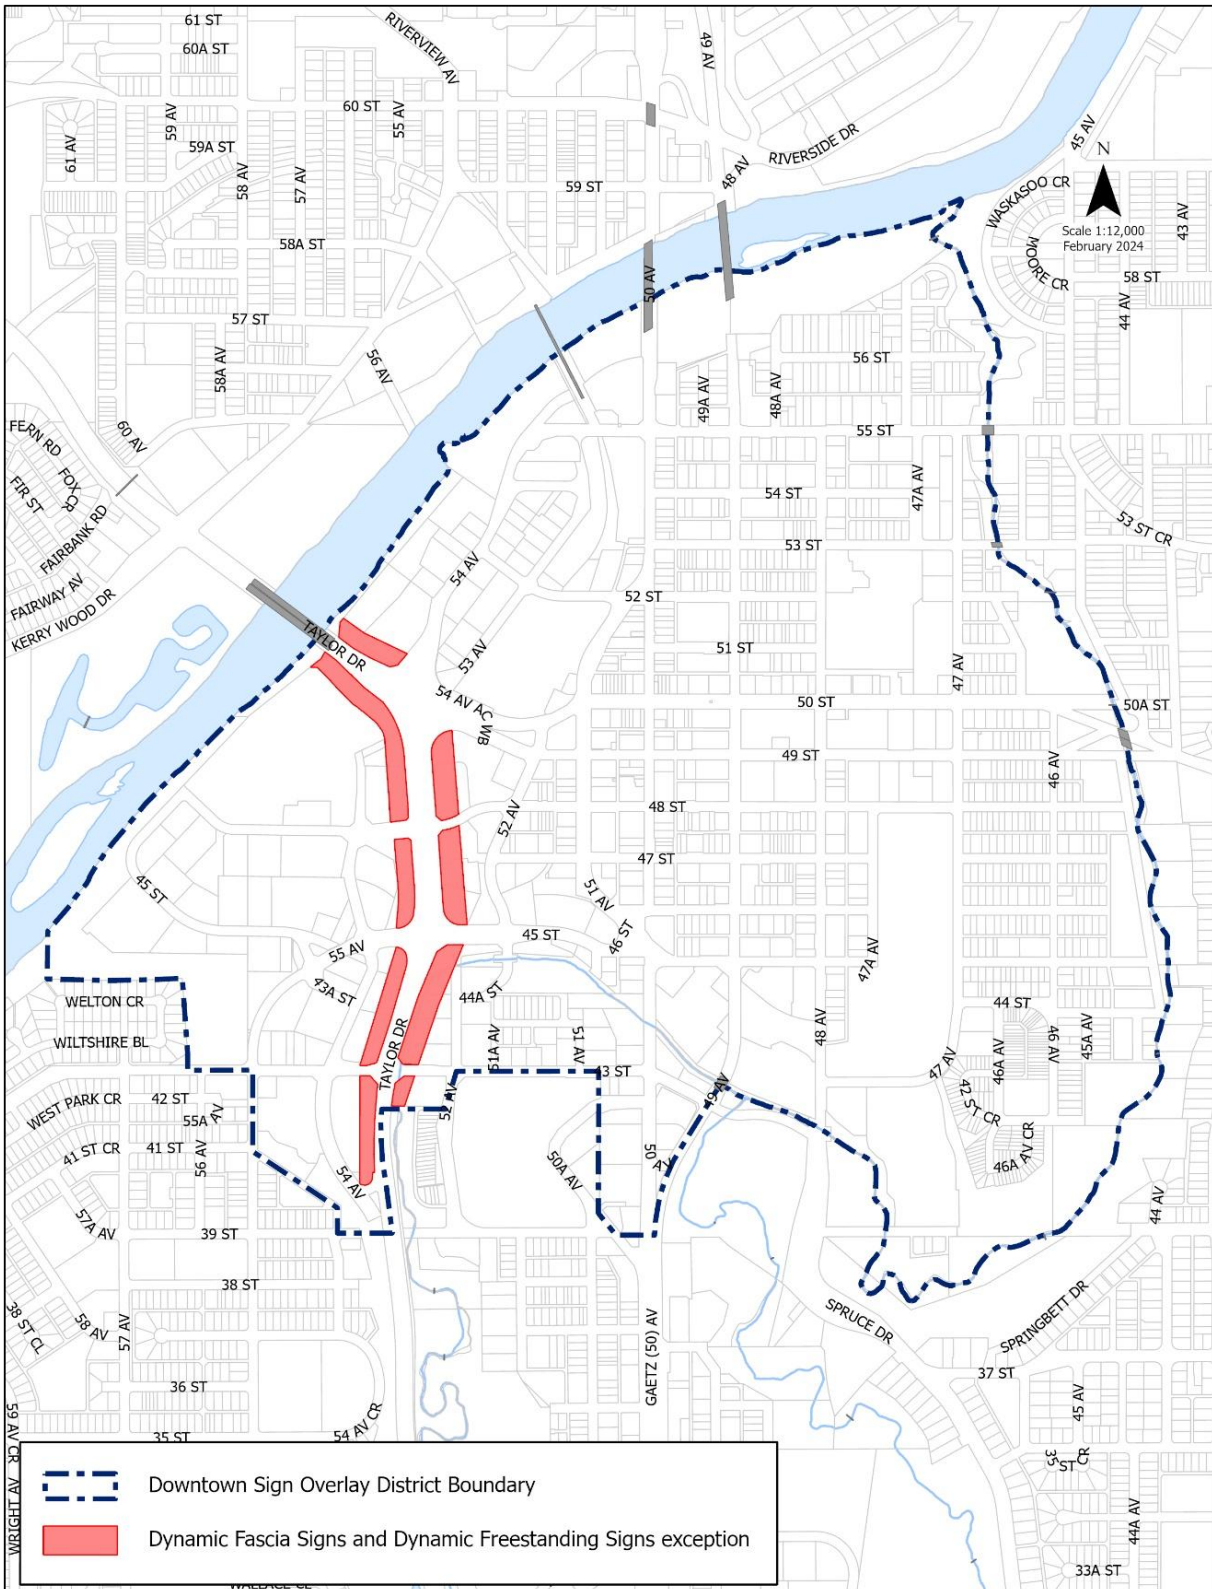

- 5.160.1 Signs must not be in a Road right of way if they:
- 5.160.1.1 create a hazard;
  - 5.160.1.2 span across a street or lane;
  - 5.160.1.3 obstruct or interfere with Road maintenance; or
  - 5.160.1.4 impede access to Utilities, Sidewalks, or bus stops.
- 5.160.2 Signs that are allowed in Road right of ways:
- 5.160.2.1 may require a valid License to Occupy Agreement with The City;
  - 5.160.2.2 must meet any Road right of way guidelines set by The City; and
  - 5.160.2.3 may be subject to the Special Event Bylaw.
- 5.160.3 No Sign may be placed on Public Property that has a land use Zone attributed to it without the consent of the City.
- 5.160.4 Signs located or placed on Public Property with a land use Zone attributed to it may be subject to the Special Event Bylaw.

## 5.170 Sign Overlays

- 5.170.1 The Development regulations in section 5.170 take precedence over other regulations in Part 5 if there is conflict.

### 5.170.2 Downtown Sign Overlay

- 5.170.2.1 The Downtown Sign Overlay includes all Sites identified in the Zone boundary shown in Figure 5.170-1.
- 5.170.2.2 The purpose of the Downtown Sign Overlay is to maintain the character of the downtown and improve pedestrians' experience by:
- 5.170.2.2.1 supporting Commercial activity through appropriate identification of businesses and directional Signs;
  - 5.170.2.2.2 regulating Signs for public safety; and
  - 5.170.2.2.3 ensuring the design, size, and type of a Sign respects the design of the Building and character of the neighbourhood where the Sign is located.
- 5.170.2.3 The following Signs are not allowed in the Downtown Sign Overlay, except as outlined in subsection 5.170.2.4:
- 5.170.2.3.1 Billboards;
  - 5.170.2.3.2 Dynamic Fascia Signs;
  - 5.170.2.3.3 Dynamic Freestanding Signs;
  - 5.170.2.3.4 Electronic Message Fascia Signs; and
  - 5.170.2.3.5 Electronic Message Freestanding Signs.
- 5.170.2.4 Dynamic Fascia Signs and Dynamic Freestanding Signs are Discretionary Uses on those Sites Adjacent to Taylor Drive as shown in red in Figure 5.170-1, provided the Dynamic Fascia Signs or Dynamic Freestanding Signs are placed on a Building Façade or a part of a Yard in the following Zones:
- 5.170.2.4.1 Capstone Taylor Drive (CAP-TD);
  - 5.170.2.4.2 City Centre Commercial (C-1); and
  - 5.170.2.4.3 DC(6), DC(9), or DC(28);

**Figure 5.170-1: Downtown Sign Overlay**

### **5.170.3 Residential Proximity Sign Overlay**

- 5.170.3.1 The Residential Proximity Sign Overlay prohibits Billboard Signs, Dynamic Fascia Signs, and Dynamic Freestanding Signs within 100.0m of a Site located in or Adjacent to a Residential Zone. The intent of the Residential Proximity Sign Overlay is to ensure the design, size, and type of allowable Signs located near Residential Zones support Commercial and public service activity while being sensitive to the Residential context.
- 5.170.3.2 The Development Authority may allow a variance to the 100.0m prohibition for Dynamic Signs in accordance with subsection 5.70.1.6.
- 5.170.3.3 This Overlay applies to Signs that are allowed within 100.0m of a Site located in or Adjacent to a Residential Zone.
- 5.170.3.4 Signs in the Residential Proximity Sign Overlay must adhere to the following regulations:
  - 5.170.3.4.1 only external spot lighting is allowed unless the Sign faces a street or is an Electronic Message Signs or Dynamic Signs;
  - 5.170.3.4.2 Electronic Message Fascia Signs and Electronic Message Freestanding Signs must not be Illuminated between 10:00 p.m. and 6:00 a.m.;
  - 5.170.3.4.3 Sign Area must not face a Residential Zone; and
  - 5.170.3.4.4 maximum Sign Height must be 7.5m, unless otherwise specified in Part 5.

### **5.170.4 Developing Community Sign Overlay**

- 5.170.4.1 subsection 5.170.4 sets out the regulations applicable to Developing Communities.
- 5.170.4.2 The intent of the Developing Community Sign Overlay is to allow for Signs that market and advertise new communities and their Developments.
- 5.170.4.3 Temporary Directional Signs in Residential Zones in this Overlay must adhere to the following:
  - 5.170.4.3.1 only 2 Temporary Directional Signs are allowed per Site, unless a need for additional Temporary Directional

signs is demonstrated by the applicant to the satisfaction of the Development Authority;

- 5.170.4.3.2 maximum Sign Height is 0.9m;
  - 5.170.4.3.3 maximum Sign Width is 0.6m; and
  - 5.170.4.3.4 Sign Area must not exceed 0.6m<sup>2</sup>.
- 5.170.4.4 Temporary Directional Signs in all non-residential Zones in this Overlay must adhere to the following:
- 5.170.4.4.1 only 4 Temporary Directional Signs are allowed per Site;
  - 5.170.4.4.2 additional Temporary Directional Signs may be allowed, at the discretion of the Development Authority, where the need for the requested additional Temporary Directional Signs is demonstrated by the applicant;
  - 5.170.4.4.3 maximum Sign Height is 1.5m;
  - 5.170.4.4.4 maximum Sign Width is 0.9m; and
  - 5.170.4.4.5 maximum Sign Area must not exceed 1.4m<sup>2</sup>.
- 5.170.4.5 Flag Signs:
- 5.170.4.5.1 must comply with subsection 5.350, unless otherwise stated in subsection 5.170.4.5.
  - 5.170.4.5.2 used with a Show Home must be Ground Signs and are limited to:
    - 5.170.4.5.2.1 3 Flag Signs on a Site less than 0.25 hectares and with a Frontage of 30.0m or less;
    - 5.170.4.5.2.2 4 Flag Signs on a Site less than 0.25 hectares and with a Frontage greater than 30.0m;
    - 5.170.4.5.2.3 5 Flag Signs on a Site greater than 0.25 hectares and less than 1.0 hectares; or
    - 5.170.4.5.2.4 6 Flag Signs on a Site greater than 1.0 hectares.
  - 5.170.4.5.3 have a maximum Sign Height of 6.0m;

- 5.170.4.5.4 have a maximum Sign Area of 5.0m<sup>2</sup>.
- 5.170.4.5.5 are not included in calculating the total Sign Area for Show Home Signs on a Site.
- 5.170.4.5.6 used with a Show Home must be removed when whichever of the following occurs first:
  - 5.170.4.5.6.1 the Show Home it advertises for ceases to exist;
  - 5.170.4.5.6.2 the Show Home it advertises is occupied; or
  - 5.170.4.5.6.3 3 years pass from the date of the Development Permit for the Show Home.

5.170.4.6 Future Development Signs:

- 5.170.4.6.1 may be placed on a Site at the discretion of the Development Authority if a permit is approved for a Development or an agreement is entered into with The City;
- 5.170.4.6.2 maximum Sign Areas:
  - 5.170.4.6.2.1 must not exceed 12.0m<sup>2</sup>; or
  - 5.170.4.6.2.2 If the Sign is located more than 100.0m from a street, must not exceed 19.0m<sup>2</sup>.

## 5.180 Billboard Signs

### 5.180.1 General Regulations for Billboard Signs

- 5.180.1.1 The design and size of a Billboard Sign should be compatible with or enhance the design, construction, and general character of the Building on the Site which it is on and should respect the Immediate Road Context it is located in.
- 5.180.1.2 A Development Permit for a Billboard Sign that will replace a Billboard Sign approved prior to December 11, 2017, may only be approved if the proposed Billboard Sign will be no larger than the previously approved Billboard Sign, and the proposed Billboard

Sign will result in a visual improvement to the Immediate Road Context.

5.180.1.3 Billboard Signs must not be internally illuminated or illuminated by light projecting from behind the surface of the Sign face.

5.180.1.4 Billboard Signs that are illuminated must:

5.180.1.4.1 be equipped with a shield directing light towards the Sign; and

5.180.1.4.2 be positioned in a manner that directs the light directly onto the Billboard Sign and minimizes the glare.

5.180.1.5 Billboard Signs that are illuminated must not:

5.180.1.5.1 shine or reflect light directly onto adjacent properties or in the direction of oncoming traffic;

5.180.1.5.2 create hazards for pedestrian or vehicle traffic; or

5.180.1.5.3 be of an intensity or brightness that would interfere with the space, comfort, convenience, and general welfare of residents or occupants of adjacent sites or with vehicle traffic.

5.180.1.6 Billboard Signs must not include dynamic or electronic messaging.

5.180.1.7 Where the back of a billboard sign is visible to pedestrian or vehicle traffic, the Development Authority may:

5.180.1.7.1 require a second face; or

5.180.1.7.2 require the back to be enclosed.

5.180.1.8 A Development Permit for a billboard sign may only be issued for a period not exceeding 3 years.

#### **5.180.2 Location Criteria**

5.180.2.1 Billboard Signs may only be located along a boundary adjacent to an arterial road, unless such a location also meets any of the following criteria, where they will remain prohibited:

5.180.2.1.1 in the Major Entry Areas Overlay;

5.180.2.1.2 within 100.0m radius of a Residential Zone; or

5.180.2.1.3 facing a Major Corridor.

5.180.2.2 Location criteria will not be varied by the Development Authority.

### **5.180.3 Siting Criteria**

5.180.3.1 Not more than 1 Billboard Sign may be on a Site.

5.180.3.2 Billboard Signs must not be placed in or on a required Parking space or loading space and must not be placed as to reduce the number of required Parking stalls or loading spaces, required pursuant to a Development Permit.

5.180.3.3 Billboard Signs must be located a minimum of:

5.180.3.3.1 500.0m radius from another Billboard Sign.

5.180.3.3.2 10.0m from another Ground Sign.

5.180.3.4 A Billboard Sign must be located such that no part is closer than 3.0m from any Site Boundary.

5.180.3.5 If considered necessary for safety reasons, the Development Authority may require greater distance separations between Signs.

5.180.3.6 Subsection 5.180.3 will not be varied by the Development Authority.

### **5.180.4 Billboard Sign Sizes**

5.180.4.1 The maximum height of a Billboard Sign is 6.1m;

5.180.4.2 The maximum width of a Billboard Sign is 6.1m; and

5.180.4.3 The maximum Sign Area of a Billboard Sign must not exceed 19.0m<sup>2</sup>.

## **5.190 Building Sign Regulations**

5.190.1 Building Signs in Residential Zones may be considered on Sites with the following Principal Uses:

5.190.1.1 Supportive Living Accommodations;

5.190.1.2 Day Care Facility;

5.190.1.3 Apartment;

5.190.1.4 Emergency Services;

5.190.1.5 Utilities;

- 5.190.1.6 Public Assembly;
  - 5.190.1.7 Temporary Care Facility; or
  - 5.190.1.8 Low Impact Commercial Use
- 5.190.2 The following regulations apply to all Building Signs, unless otherwise stated:
- 5.190.2.1 Sign Height must not exceed the height of the Principal Building on the Site, or the average overall height of the Principal Building where the height of the Principal Building is not uniform; and
  - 5.190.2.2 the maximum Sign Area must not exceed 15% of the area of the Building Façade on which it is located.

**5.200 Awning or Canopy Sign Regulations**

- 5.200.1 Awning or Canopy Signs may be attached to the sides and front of an awning or canopy, and may extend the entire length and width of the awning or canopy;
- 5.200.2 Copy must be on the valance part of Awning or Canopy Sign;
- 5.200.3 Signs under an awning or canopy may be hung provided such Signs will:
  - 5.200.3.1 not extend beyond the sides or front of the awning or canopy;
  - 5.200.3.2 not exceed a vertical dimension of 1.5m; and
- 5.200.4 Awning or Canopy Signs and any Sign under an awning or canopy must not project more than 3.0m from the structure it is attached to.
- 5.200.5 The maximum Sign Area of an Awning or Canopy Sign must not exceed 50% of the awning or canopy.

*Example of an Awning or Canopy Sign*

### 5.210 Fascia Sign Regulations

- 5.210.1 Fascia Signs may be used to identify the use, business, or occupant of a Building or Commercial unit the Sign is on.
- 5.210.2 Fascia Signs may consist of individual letters, symbols, or logos that are attached directly to the Building.
- 5.210.3 Building Signs must not project more than 0.3m from the Building Façade they are attached to.

*Example of a Fascia Sign*

### 5.220 Painted Wall Sign Regulations

- 5.220.1 Painted Wall Signs are limited to 1 per Building.
- 5.220.2 A Painted Wall Sign may:
  - 5.220.2.1 cover up to 30% of the front of the Building; and
  - 5.220.2.2 cover up to 60% of a secondary Building Façade.
- 5.220.3 Not more than 10% of a Painted Wall Sign may be text that advertises the name of the business, or a logo associated with the business.

*Example of a Painted Wall Sign*

### 5.230 Permanent Window Sign Regulations

- 5.230.1 Permanent Window Signs may only be placed on the first and second storey windows of a Building.
- 5.230.2 Maximum Sign Area must not exceed 50% of the Window Area of the Building Façade on which it is located.

*Example of a Permanent Window*

## 5.240 Projecting Sign Regulations

### 5.240.1 Projecting Signs:

- 5.240.1.1 maximum Sign Height is 1.5m;
- 5.240.1.2 maximum Sign Width is 1.0m;
- 5.240.1.3 maximum Sign Area must not exceed 1.5m<sup>2</sup>; and
- 5.240.1.4 maximum Projection is 3.0m from the façade of the structure to which it is attached.

*Example of a  
Projecting Sign*

## 5.250 Dynamic Sign and Electronic Message Sign Regulations

### 5.250.1 General regulations for Dynamic Signs and Electronic Message Signs

5.250.1.1 Dynamic Fascia Signs and Electronic Message Fascia Signs are subject to the Development regulations in section 5.210.

5.250.1.2 Dynamic Freestanding Signs and Electronic Message Freestanding Signs are subject to the regulations in section 5.270, except for the Siting Criteria in subsection 5.270.2 which does not apply.

5.250.1.3 Dynamic Signs and Electronic Message Signs may display public service announcements.

5.250.1.4 Dynamic Signs and Electronic Message Signs must have an adjustable brightness level and must maintain a level of brightness acceptable to the Development Authority.

5.250.1.5 maximum Sign Illumination must be 350 nits between sunset and sunrise.

### 5.250.2 Location Criteria

5.250.2.1 Dynamic Signs and Electronic Message Signs may only be located along a Boundary that faces an arterial Road or collector Road, excluding Sites:

5.250.2.1.1 in the Major Entry Areas Overlay;

5.250.2.1.2 in the Downtown Sign Overlay, except where allowed under subsection 5.170.2.4;

5.250.2.1.3 in the Residential Proximity Sign Overlay, except Electronic Message Signs and where a variance for a Dynamic Sign is approved by the Development Authority; and

*Examples of Dynamic and Electronic*

5.250.2.1.4 facing a Major Corridor.

### **5.250.3 Siting Criteria**

- 5.250.3.1 Dynamic Signs and Electronic Message Signs must direct the Dynamic and Electronic Message parts towards the on-coming traffic on the high-volume street, as determined by the Development Authority.
- 5.250.3.2 Dynamic Freestanding Signs and Electronic Message Freestanding Signs must be located a minimum of 100.0m from a Freestanding Sign.
- 5.250.3.3 Dynamic Signs and Electronic Message Signs must be located a minimum of 300.0m from another Dynamic Sign or Electronic Message Sign, despite any other rule in subsection 5.250.3.

### **5.250.4 Sign Sizes**

- 5.250.4.1 The Dynamic and Electronic Message part of either a Dynamic or Electronic Fascia Sign, or a Dynamic or Electronic Freestanding Sign, must not exceed 9.0m<sup>2</sup>.
- 5.250.4.2 All other size maximums are determined by subsections 5.190.2 for Building Signs or 5.270.3 for Freestanding Signs.

### **5.250.5 Display Time and Transitions**

- 5.250.5.1 Dynamic Signs must display messages for a minimum period of 3 seconds.
- 5.250.5.2 Electronic Message Signs must display messages for a minimum period of 20 seconds.
- 5.250.5.3 When Copy changes on a Dynamic Sign or Electronic Message Sign, the transition:
  - 5.250.5.3.1 must be instantaneous; and

7.10.9.7.1.1 has transferred the title of the land to The City that would otherwise be required as additional Setback.

7.10.9.7.1.2 has entered a License to Occupy agreement with The City if the Setback or any part of it is occupied by a Building.

**7.10.9.8 Building Heights**

7.10.9.8.1 For Buildings greater than 12 storeys, the Development Authority is the Municipal Planning Commission.

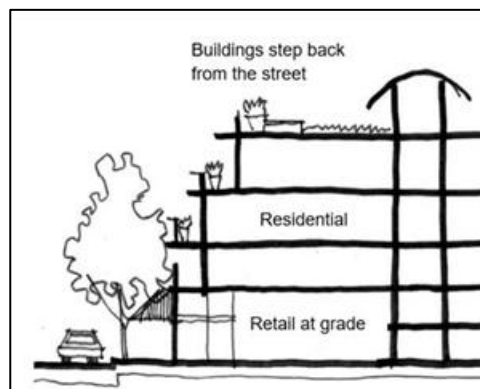

**7.10.9.9 Heritage Buildings and Development Adjacent to Heritage Buildings**

7.10.9.9.1 Subsection 7.10.9.9 applies to heritage Buildings and properties listed under the Historical Preservation Overlay or Historical Significance Overlay in this Bylaw and located within the C-1 Zone.

7.10.9.9.2 New Development must complement adjacent heritage Buildings and the heritage character of the Immediate Road Context.

7.10.9.9.3 The height of new Buildings must be divided up so the Façade of the Building matches the scale of existing heritage Buildings in the area. The tallest part of the new Building must step back from the Road.

7.10.9.9.4 The redevelopment of heritage Buildings, including heritage Buildings incorporated into new Developments, must align with the Standards and Guidelines for the Conservation of Historic Places in Canada.

- 10.20.12.1 Temporary surface Parking will be considered for a maximum of 2 years and may be extended for a maximum of 1 additional year following a review by the Development Authority, with the exception of the remnant part of Lot 1 Block 3 Plan 802 0453 and Lot 8A Block 7 Plan 3824 TR that will be located south of the 47 Street (Alexander Way) Street realignment where a temporary surface Parking may be considered for a minimum of 10 years from the passing of Bylaw 3357/Q-2016 on December 5, 2016.
- 10.20.12.2 Walkway connections are required to connect all Adjacent Buildings, trails, Walkways, Movement Corridors and Sidewalks.
- 10.20.12.3 Underground Parking is encouraged.

---

<sup>66</sup> 3357/SS-2024

<sup>67</sup> 3357/SS-2024

- 10.20.12.4 Where underground Parking is provided, Parking entrances must be provided at the rear of the Building or off a lane. The sizes of Parking openings are encouraged to be no wider than 7.0m.
- 10.20.12.5 Where surface Parking will be on a Site, the following regulations must be adhered to:
  - 10.20.12.5.1 all surface Parking is subject to Edge Zone regulations;
  - 10.20.12.5.2 surface Parking must be Screened by fencing or a continuous landscaping along the entire perimeter of the surface Parking area, in the Edge Zone.
- 10.20.12.6 Exception to the above is to allow Parking access, which must be a maximum width of 7.0m.
- 10.20.12.7 Fencing height must be a minimum of 0.6m to a maximum of 0.9m in height measured from Grade.
- 10.20.12.8 Where fence material is chain link, it must be painted black.
- 10.20.12.9 Surface Parking must not be greater than 40% of the Frontage.
- 10.20.13 **Parking Structures for Capstone Zones**
  - 10.20.13.1 Temporary surface Parking will be considered:
    - 10.20.13.1.1 for a maximum of 2 years and may be extended for a maximum of 1 additional year by the Development Authority;
    - 10.20.13.1.2 for a maximum of 10 years if paved and landscaped, and may be extended for a maximum of 5 additional years following a review by the Development Authority; and
    - 10.20.13.1.3 for a minimum of 10 years from the passing of Bylaw 3357/Q-2016 on December 5, 2016, for the remnant part of Lot 1 Block 3 Plan 802 0453 and Lot 8A Block 7 Plan 3824 TR that will be located south of the 47 Street (Alexander Way) Street realignment.
  - 10.20.13.2 Parking Structures on Corner Sites must have equal architectural corner features and high-quality elevation treatments along each Movement Corridor, Road, or public space, where:

- 10.20.13.2.1 Edge Zones are not applicable to temporary surface Parking;
- 10.20.13.2.2 Parking is prohibited in the Edge Zone of all Sites;
- 10.20.13.2.3 Parking integrated into the Building design is encouraged;
- 10.20.13.2.4 internal private laneways are encouraged as part of the Parking design to allow for servicing, access to Parking, as well as provide key pedestrian linkages.
- 10.20.13.3 Parking Structure entrances must be well lit, well designed, and architecturally differentiated to clearly emphasize the entrances for vehicles and the entrances for pedestrians.
- 10.20.13.4 Main Floors of Parking Structures must have a low wall, a minimum of 0.6m to a maximum of 0.9m in height measured from Grade, Abutting all Main Floor Parking stalls.
- 10.20.13.5 The low wall and the façade of the Parking Structure must not contain blank walls over 2.0m in length.
- 10.20.13.6 The low wall must provide visual interest by way of integrating at least 1 of the following as permanent features:
  - 10.20.13.6.1 art installations such as mosaics, Murals, and decorative masonry patterns;
  - 10.20.13.6.2 different textures, colours, and materials;
  - 10.20.13.6.3 lighting;
  - 10.20.13.6.4 vertical trellis; or
  - 10.20.13.6.5 other feature to provide visual interest, at the discretion of the Development Authority.
- 10.20.13.7 Parking Structure Façade exterior materials must integrate colour, or use a perforated metal with an image, and Building lighting.
- 10.20.13.8 Where the Parking Structure contains blank walls over 5.0m in length, it must be mitigated where they are unavoidable in the Development Authority's opinion, through a combination of the following treatments:
  - 10.20.13.8.1 art installations (for example, mosaics, Murals, decorative masonry patterns, sculptures);

- 10.20.13.8.2 Building lighting;
  - 10.20.13.8.3 different textures, colours, and materials;
  - 10.20.13.8.4 settling the wall back to provide room for landscaping or raised planter beds;
  - 10.20.13.8.5 vertical trellis; or
  - 10.20.13.8.6 other treatments that break up the expansive blank wall, at the discretion of the Development Authority.
- 10.20.13.9 Parking Structure stairwells must be provided along the exterior of the Parking Structure, must be visually transparent from the Movement Corridor, Road, or public space, and must provide weather protection to the satisfaction of the Development Authority.
- 10.20.13.10 Fully enclosed internal Parking Structure stairwells are prohibited unless transparent materials are used.
- 10.20.13.11 Parking Structure interiors must be well lit and are encouraged to be painted white to maximize visibility.
- 10.20.13.12 Parking Structure interiors must provide clearly marked Walkways that link up to Sidewalks.
- 10.20.13.13 Parapet Walls must be integrated into the overall Parking Structure façade. Where this is not possible, Parapet Walls must complement the Façade’s exterior material, colour, and appearance.
- 10.20.14 **Bicycle Facilities for Capstone Zones**
- 10.20.14.1 Secure outdoor bicycle racks that allow the bicycle frame to be locked directly to the rack must be provided in the Edge Zone of each Building.
  - 10.20.14.2 In addition to the secure outdoor bicycle racks required in subsection 10.20.14.1, all Buildings containing 3 or more Dwelling Units must provide Bicycle Storage. The bicycle racks required in subsection 10.20.14.1 do not count towards this Bicycle Storage requirement.
- 10.20.15 **Waste and Recycling Containers for Capstone Zones**

- 10.20.15.1 Recycling containers must be provided for every Building containing Dwelling Units, office, and other Commercial uses.
- 10.20.15.2 All waste and recycling containers must be fully Screened with a solid fence, landscaping, or a combination of both.
- 10.20.15.3 All waste and recycling containers must be constructed of waterproof materials or finishes and should be coordinated with the look and finish of the Building on the Site.
- 10.20.15.4 Composting facilities are encouraged for all Buildings containing Dwelling Units and Commercial uses.
- 10.20.15.5 Sufficient space must be allotted aside from Parking requirements to provide appropriate waste and recycling collection vehicle access.

**10.20.16 Landscaping for Capstone Zones**

- 10.20.16.1 Landscaping must be a minimum of 20% of the total Site Area for all Developments in the Capstone Zones. The 20% landscaping requirement is calculated by accounting for all space that is occupied or used (or will be occupied and used), for example:
  - 10.20.16.1.1 existing trees and shrubs on the Site whose health may be successfully maintained through construction;
  - 10.20.16.1.2 trees, shrubs, sod, and raised planters. Planters must be of adequate design in terms of soil capacity and insulation to promote healthy plant growth;
  - 10.20.16.1.3 Vertical Greening on façades, or vertical gardens. In this instance, the area of Vertical Greening must be calculated using the dimensions of the base containing the roots;
  - 10.20.16.1.4 landscaping in an Edge Zone, Courtyard, or Roof Terrace;
  - 10.20.16.1.5 50% of softscape materials must be native, drought tolerant, or of low-maintenance.
- 10.20.16.2 Any part of the Site used for motor vehicle access, vehicle Parking and waste or recycling containers will not be included in the calculation of a Landscaped Area.

- 10.20.16.3 The Edge Zone must contain landscaping in accordance with subsection 10.20.16.
- 10.20.16.4 All plant material provided must be of a species capable of healthy growth in Red Deer. Incorporation of naturescaping is required.
  - 10.20.16.4.1 Applicants will use The City's naturescaping plant list as a guide.
- 10.20.16.5 Existing trees that are healthy and that have long-term viability are to be preserved by rigid temporary protective fencing to protect the root zone during construction, in accordance with the Contract Specifications.
- 10.20.16.6 Crime Prevention Through Environmental Design principles are encouraged to be considered in the treatment of all landscaping and Edge Zone design.

#### 10.20.17 **Lighting for Capstone Zones**

- 10.20.17.1 All exterior and outdoor lighting must be located and arranged to:
  - 10.20.17.1.1 prevent direct rays of light directed towards any adjoining properties; and
  - 10.20.17.1.2 ensure direct and indirect rays of light do not interfere with the effectiveness of any traffic control devices.
- 10.20.17.2 Building lighting:
  - 10.20.17.2.1 must be integrated into the overall Building design on all Building elevations Adjacent to a Movement Corridor, Road, or public space; and
  - 10.20.17.2.2 is encouraged to be integrated into all other elevations; and
  - 10.20.17.2.3 is encouraged to use colour in both the lighting fixture and lighting itself.
- 10.20.17.3 Entrance Lighting:
  - 10.20.17.3.1 must be provided above or beside primary and secondary Building entrances;
  - 10.20.17.3.2 where provided beside the Principal Building entrance, the fixture must be positioned to be  $\frac{1}{3}$  of the height of the door if there is only 1 fixture, and  $\frac{1}{4}$  of the height of

door where there are 2 fixtures (1 on each side of the door).

10.20.17.4 Amenity Space and Edge Zone lighting:

10.20.17.4.1 is encouraged in Edge Zones to integrate pedestrian lighting that is no taller than the Main Floor height;

10.20.17.4.2 is encouraged to include trail Lighting at or close to Grade along Walkways; and

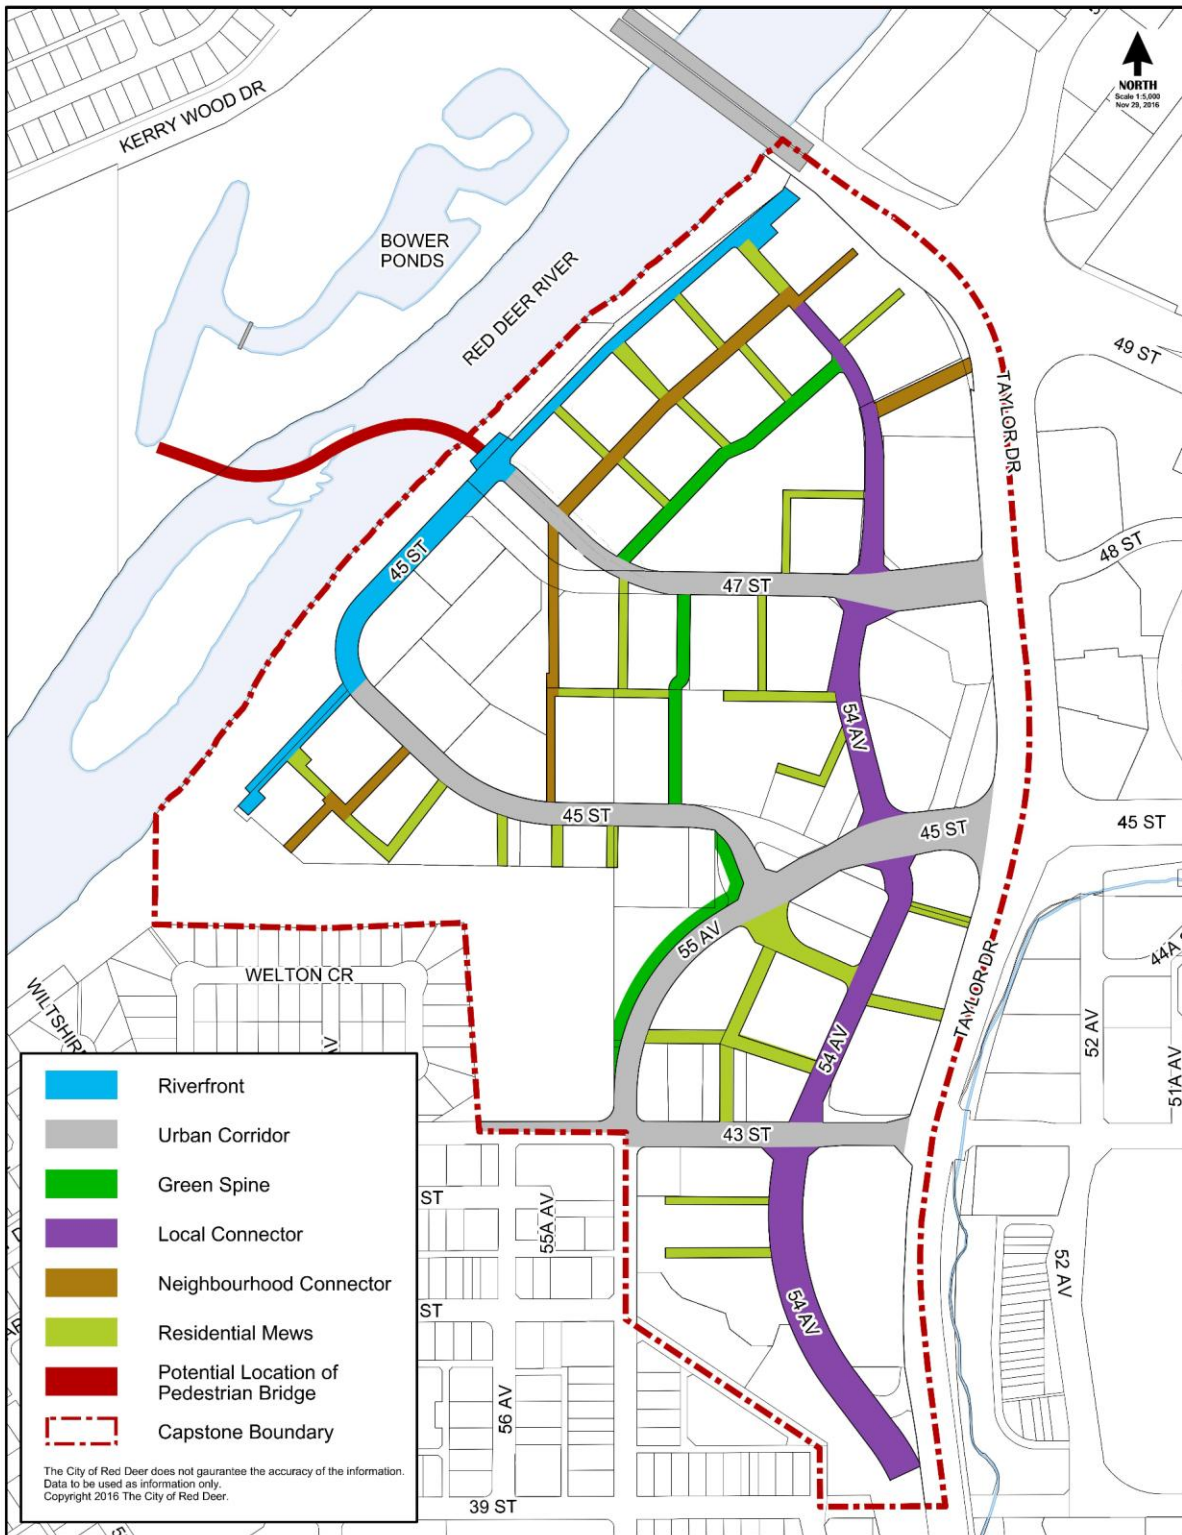

10.20.17.4.3 is encouraged to use colour in both the lighting fixture and lighting itself.

10.20.18 **Signs for Capstone Zones**

10.20.18.1 In addition to the Sign Regulations of Part 5, the following locational criteria apply to Signs in the Capstone Zones:

10.20.18.1.1 Signs may be in the Edge Zone, on a Building, in a Side Yard Abutting a Movement Corridor, Road, public space, or in the Rear Yard.

10.20.19 **Movement Corridor**

## Regulations

### 10.30.8 Application

- 10.30.8.1 The uses and regulations of this Overlay apply to the Main Floors of Sites located in whole or in part in the areas identified as Active Commercial Main Floors in Figure 10.30-1.
- 10.30.8.2 Where the uses and regulations in the Capstone Zones contradict or will not serve to achieve the uses or regulations in this Overlay, the uses and regulations in this Overlay will prevail.

- 10.30.8.3 For the purposes of this Overlay, Corner Sites have 2 Front Boundaries.
- 10.30.8.4 On Corner Sites Abutting 2 Roads or a Road and a lane, the uses and regulations in this Overlay will apply to a minimum of 10.0m measured from the Site corner along the boundaries of both Site Frontages.
- 10.30.8.5 On Sites that are not Corner Sites, except for those fronting along 45 Street between 47 Street and Taylor Drive, the uses and regulations in this Overlay will apply to a minimum of 10.0m of Frontage measured along the Front Site Boundary.
- 10.30.8.6 On Sites fronting 45 Street between 47 Street and 54 Avenue, the uses and regulations in this Overlay will apply to all Main Floors.
- 10.30.8.7 On Sites on the north side and fronting 47 Street between 54 Avenue and Taylor Drive, the uses and regulations in this Overlay will apply to all Main Floors.
- 10.30.8.8 On Lot 2 Block 1 Plan 762 1616, the uses and regulations in this Overlay will apply to the majority of Main Floors fronting the Red Deer River.
- 10.30.9 **Building Design**
  - 10.30.9.1 Buildings must be designed with a front façade that runs 60% of the length of the Frontage, except where:
    - 10.30.9.1.1 a break in continuous Façade is needed to allow access to Parking facilities and no other access point is reasonable. The Parking facility access must be a maximum width of 7.0m; and
    - 10.30.9.1.2 the Development Authority has approved a Side Yard Setback with an Adjacent Site.
  - 10.30.9.2 The entire Main Floor of all Buildings subject to this Overlay must have a minimum Main Floor height of 3.5m measured from the interior floor to the underside of the floor above.
- 10.30.10 **Building Setbacks**
  - 10.30.10.1 Building Setbacks from Roads, Movement Corridors, and public spaces are established by subsection 10.30.11 Edge Zones.

10.30.10.2 All other Yard Setbacks are established in subsection 10.20.2 Building Setbacks for Capstone Zones

10.30.11 **Edge Zones**

10.30.11.1 The following Edge Zone setback minimums and maximums will be applied to Buildings under the Capstone Active Commercial Main Floors Overlay, in accordance with Figure 10.30-1:

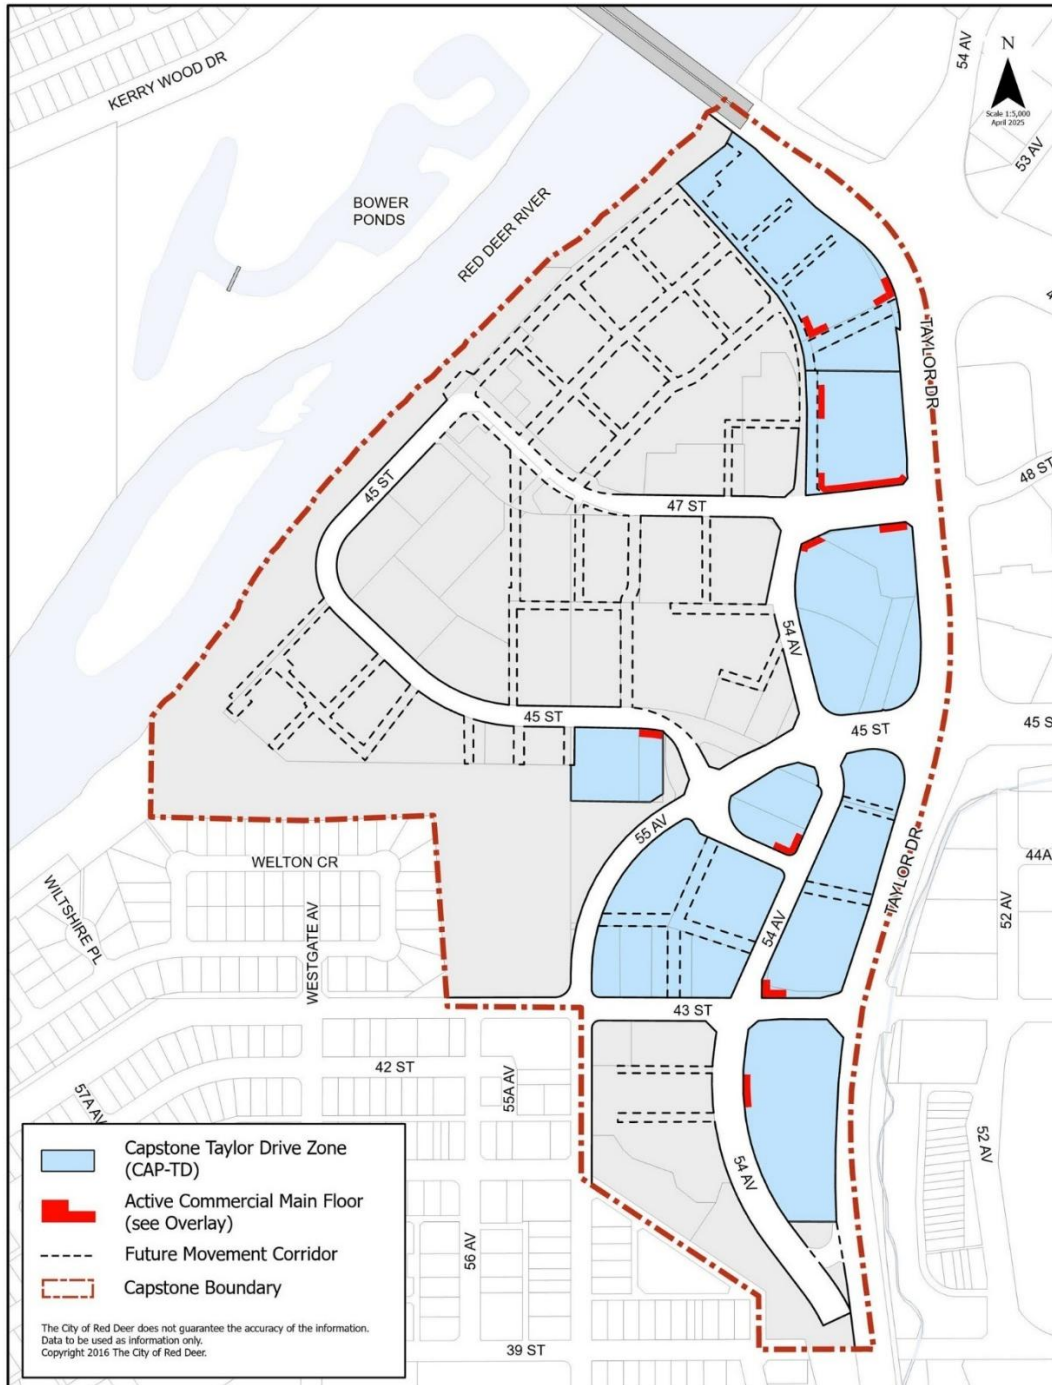

Edge Zone	Minimum	Maximum
Minimal Edge Zone	1.4m	2.0m
Narrow Edge Zone	1.5m	2.5m
Wide Edge Zone	3.0m	5.0m

10.30.11.2 Edge Zone regulations will be those applicable to Commercial Edge Zones

## 10.40 Capstone Taylor Drive Zone: CAP-TD

### Key Information

- 10.40.1 The Capstone Taylor Drive Zone functions primarily as an office or Commercial transition area between the historic downtown, the Red Deer Regional Hospital, and the Residential area in Capstone. Due to the proximity of this Zone to the historic downtown and the Red Deer Regional Hospital, the emphasis of this Zone is on office and Commercial uses, with a mix of Residential Dwelling Units. Office or Commercial uses must be a component of any Principal Building in the Capstone Taylor Drive Zone.

- 11.270.5.1 The Development Authority for applications for Development approval in this Zone will be as follows:
  - 11.270.5.1.1 the Development Authority is the Development Officer for all applications, except as described in subsection 11.270.5.1.2;
  - 11.270.5.1.2 City Council in the case of:
    - 11.270.5.1.2.1 a new Building larger than 4,645m<sup>2</sup>; or
    - 11.270.5.1.2.2 any application requiring a variance of the Site Plan and design package greater than 10%.
  - 11.270.5.1.3 The Development Authority may allow variances from the Site Plan and design package regarding individual Building Footprints, overall landscaping, and overall Parking where the Development Authority deems the proposed changes to be less than 10% of what is shown in the Site Plan and design package, and the proposed Development complies with the General Purpose and Uses of this Zone, and would not, in the Development Authority's opinion, unduly impact the surrounding area.
  - 11.270.5.1.4 Where the Development Authority deems that a proposed variance from the Site Plan and design package is greater than 10% City Council will be the Development Authority.

## 11.270.6 Concept Design

11.270.6.1 All Development in this Zone will comply with:

11.270.6.1.1 The Site Plan and design package approved by Council, which will comply with the regulations of this Zone and describe in detail the following aspects of Development:

11.270.6.1.1.1 Buildings;

11.270.6.1.1.2 landscaping;

11.270.6.1.1.3 architecture;

11.270.6.1.1.4 Public Spaces;

11.270.6.1.1.5 Parking;

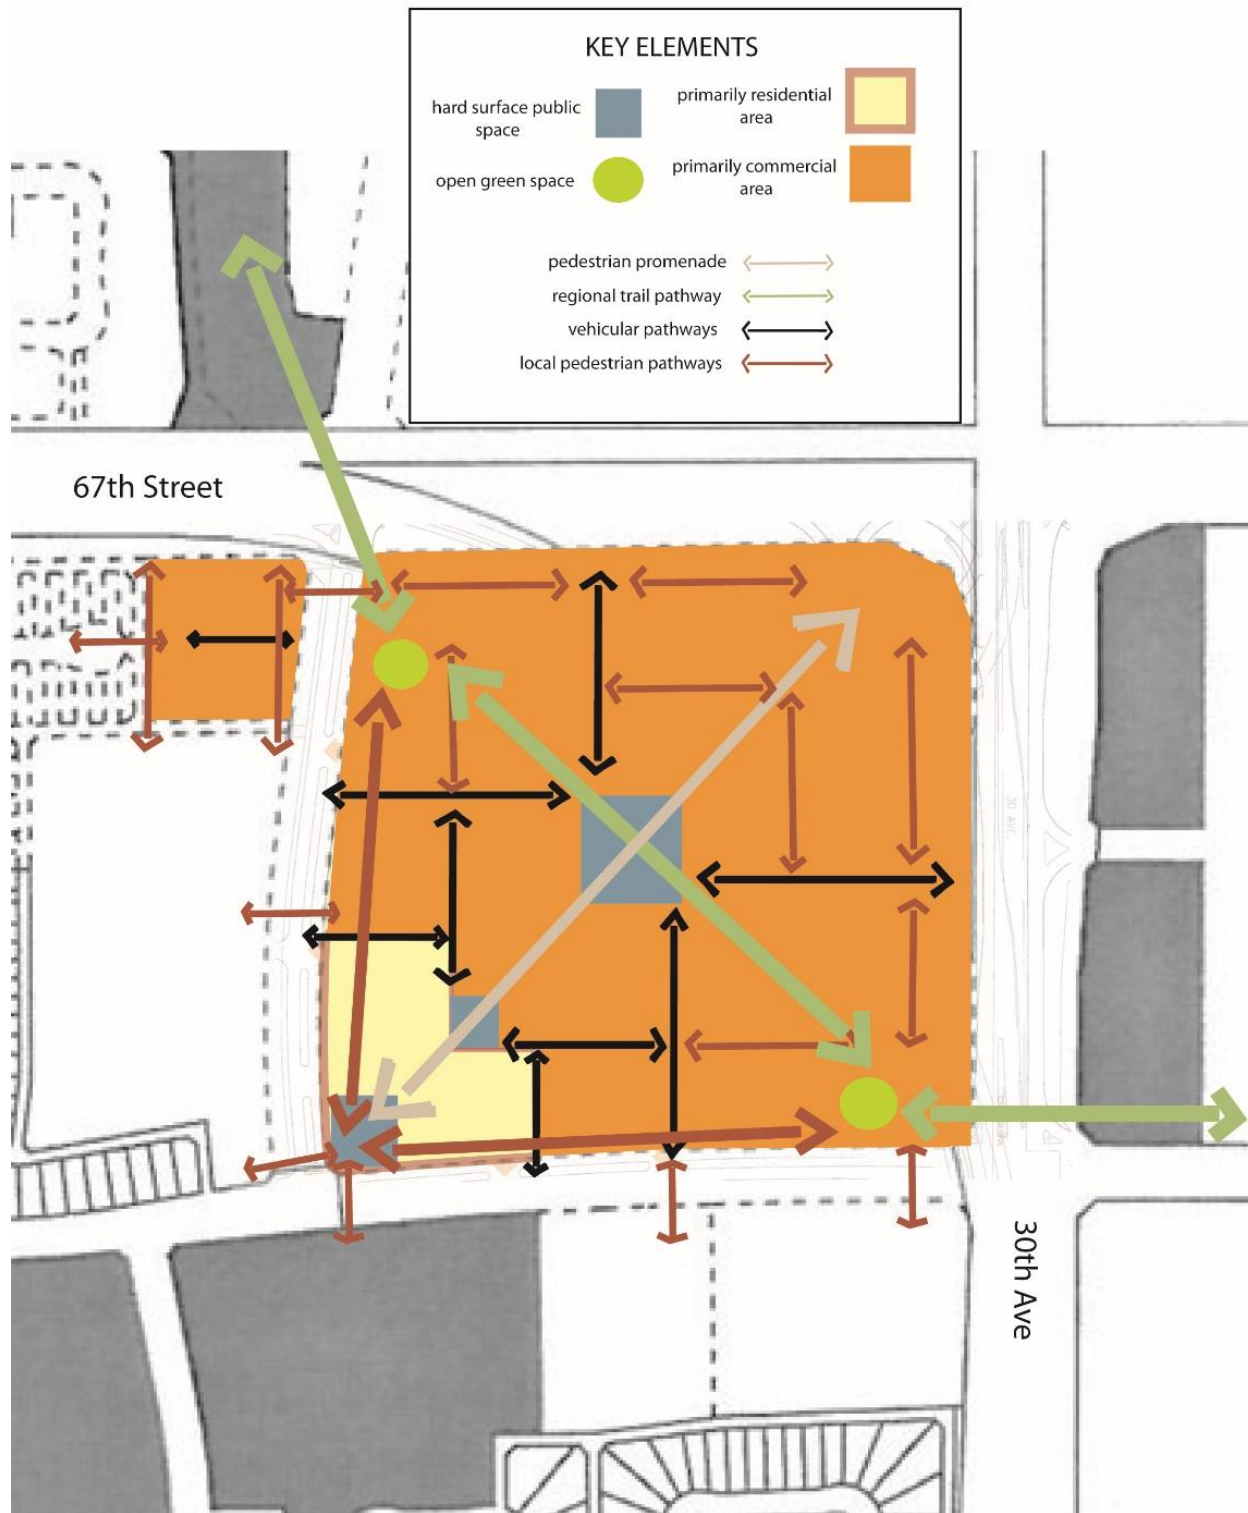

11.270.6.1.1.6 pathways and roadways; and

11.270.6.1.1.7 Signs.

11.270.6.1.2 The Key Elements listed in subsection 11.270.8; and

11.270.6.1.3 The Neighbourhood Centre Concept Design set out in the following sketch.

## 11.270.7 General Design Guidelines

11.270.7.1 The Site Plan, relationship between Buildings, structures and Open Space, architectural treatment of Buildings, provision and architecture of landscaped Open Space, Parking layout, and all other regulations will be subject to approval by the Development Authority, which may impose, as a condition of approval of any Development, regulations as are reasonably necessary to ensure the Development will create the character of the envisioned Neighbourhood Centre Zone and achieve the following objectives:

- 11.270.7.1.1 abide by the East Hill Major Area Structure Plan and the corresponding Neighbourhood Area Structure Plans in the mixed-use area;
- 11.270.7.1.2 abide by the East Hill Town Centre Design Guidelines;
- 11.270.7.1.3 abide by the Parking regulations of the Zoning Bylaw;
- 11.270.7.1.4 reflect the objective of capturing a blend of office, higher density Residential and Commercial in a pedestrian friendly environment;
- 11.270.7.1.5 where the Development is Adjacent to Sidewalks or Walkways, have a design of front, side and rear Façade which are of comparable architectural treatment;
- 11.270.7.1.6 meeting the following Building Height regulations:

Storeys	Regulations
Minimum	2 storeys or 6.5m (or such other lower minimum height which may be established by City Council for Buildings under 696.77m <sup>2</sup> )
Maximum	8 storeys or 38.5m, except where Adjacent to single family Buildings in which case the maximum will be 4 storeys or 19.2m
Greater than 4 Storeys	In the case of Buildings Adjacent to a public or private Sidewalk or park, the Façade of the 5 <sup>th</sup> storey and above will be stepped back a minimum of 1.0m from the lower storeys, to maintain a human scale
Equal to 4 Storeys	Buildings that are 4 storeys tall will treat the 3 <sup>rd</sup> and 4 <sup>th</sup> storeys with materials and colours which are different, from but complementary with, the 1 <sup>st</sup> and

	2 <sup>nd</sup> storeys
Less than 4 Storeys	N/A

### 11.270.8 Key Elements

11.270.8.1 Each of the Key Elements in the Neighbourhood Centre Concept Design is prioritized from 1 (highest) to 6 (lowest). In instances where the suggested characteristics of 1 or more elements contradict, priority is given to the highest priority.

#### 11.270.8.2 Hard Surface Public Spaces: Priority 1

11.270.8.2.1 The purpose is to facilitate a place for social interaction such as: gathering, public entertainment, displays, markets, or similar activities. At minimum, these spaces will be placed wherever the main Pedestrian Promenade intersects with 1 or more pathways. In general, wherever multiple pathways intersect a public space will be considered.

11.270.8.2.2 There must be at least 2 hard surface public spaces:

11.270.8.2.2.1 1 that acts as a gateway in the general vicinity of the southwest corner of the Site;

11.270.8.2.2.2 1 located at the point (a relatively central location) where the Regional Trail Pathway intersects with the Pedestrian Promenade.

11.270.8.2.3 These spaces should include permanent or dynamic public art exhibitions, water fountains, monuments, or any human scale physical component adding a unique character to the space. Street furniture such as benches and tables may be added as permanent features to the space, but the temporary addition is possible.

11.270.8.2.4 These spaces will be defined by Adjacent Buildings, creating an “outdoor room”, where Building “Façades” act as walls. Adjacent Building Façades will address the space with some or all the following elements:

11.270.8.2.4.1 entrances or doorways;

- 11.270.8.2.4.2 windows;
- 11.270.8.2.4.3 patios; or
- 11.270.8.2.4.4 clearly defined and architecturally interesting corridors leading to any of the aforementioned elements.
- 11.270.8.2.5 Ground surface will primarily be made of hard materials such as stone, brick or concrete. Plants or vegetation may be used intermittently throughout to add character and soften the environment.
- 11.270.8.2.6 Trees may be incorporated to provide shelter from the elements throughout the year.
- 11.270.8.2.7 These spaces will be clearly connected, physically or visually, to other public spaces and Residential uses via at least 2 of the following linkages:
  - 11.270.8.2.7.1 the pedestrian promenade;
  - 11.270.8.2.7.2 the regional trail pathway;
  - 11.270.8.2.7.3 local pedestrian pathways; or
  - 11.270.8.2.7.4 vehicle pedestrian pathways.
- 11.270.8.2.8 If 1 of the aforementioned pathways terminates in a public space, the visual terminus will be treated with a significant physical element creating a vista. Examples of these significant physical element are: an architecturally significant building or building feature, a monument, sculpture, etc.
  - 11.270.8.2.8.1 If there is a significant natural element at the terminus, then that natural feature may be used as the significant physical element.
- 11.270.8.3 **Pedestrian Promenade: Priority 2**
  - 11.270.8.3.1 The purpose draws people into the Site, connecting local off the Site and on the Site Residential populations with local amenities, business, and activities. The promenade also acts as the “spine” of the neighbourhood town centre from which the rest of the

neighbourhood town centre and greater community can be accessed.

- 11.270.8.3.2 The Pedestrian Promenade will be anchored at the southwest corner of the Site by a hard surface public space, runs through the centre of the Site, and will anchor in the north and northeast corner of the Site.
- 11.270.8.3.3 Adjacent Building Façade address the space via some or all the following elements:
  - 11.270.8.3.3.1 entrances or doorways;
  - 11.270.8.3.3.2 windows;
  - 11.270.8.3.3.3 patios; or
  - 11.270.8.3.3.4 clearly defined and architecturally interesting corridors leading to any of the aforementioned elements.
- 11.270.8.3.4 The ground surface of this space is primarily made of hard materials such as stone, brick, concrete or creatively treated asphalt. Plants or landscaping may be used intermittently throughout the space to add character and to soften the environment.
- 11.270.8.3.5 Trees line the corridor providing shelter from the elements throughout the year.
- 11.270.8.3.6 This space may include features such as permanent or dynamic public art exhibitions, water fountains, monuments, or any human scale physical component adding a unique character to the space.
- 11.270.8.3.7 Places to sit must be frequently provided via street furniture or landscaping.
- 11.270.8.3.8 Where any other major pathway intersects this space, information will be provided directing people to amenities, businesses, and activities. This information may be provided via Signs, kiosks, small vendors etc.
- 11.270.8.3.9 This space may also be used as a place for social interaction providing a space for activities such as:

recreation, gathering, public entertainment, displays, markets and similar activities.

**11.270.8.4 Regional Trail Pathway: Priority 3**

- 11.270.8.4.1 The purpose is for continuing the existing regional trail system.
- 11.270.8.4.2 The Regional Trail Pathway will be anchored by 2 small welcoming spaces and connect the existing trail system to the future Development to the east. These spaces will be landmarks drawing people into the Site. Each anchor space will be at relatively opposite ends of the Site, with 1 in the general vicinity of the northwest corner.
- 11.270.8.4.3 Vegetation is used continuously throughout the pathway clearly distinguishing it as the “regional green path system.” This vegetation may include but is not limited to: trees, shrubs, and grass.
- 11.270.8.4.4 Places to sit are intermittently provided via street furniture or landscaping.
- 11.270.8.4.5 Where any other major pathway intersects this space, information is provided directing people to amenities, businesses, and activities. This information may be provided via Signs, kiosks, small vendors etc.
- 11.270.8.4.6 Where possible, Adjacent Building Façades should address the pathway via some or all the following elements:
  - 11.270.8.4.6.1 entrances or doorways;
  - 11.270.8.4.6.2 windows;
  - 11.270.8.4.6.3 patios; or
  - 11.270.8.4.6.4 clearly defined and architecturally interesting corridors leading to any of the aforementioned elements.
- 11.270.8.4.7 Plants or vegetation may be used intermittently throughout the space to add character and to soften the environment.

#### 11.270.8.5 **Open Green Spaces: Priority 4**

- 11.270.8.5.1 The purpose is to be an alternative to a hard surface public space to enjoy a more “natural” setting. Physical elements may include existing natural features or constructed features.
- 11.270.8.5.2 In general, wherever multiple pathways intersect there is potential for an open green space or any form of public space.
- 11.270.8.5.3 These spaces will be Adjacent to Buildings that address the space via some or all the following elements:
  - 11.270.8.5.3.1 entrances or doorways;
  - 11.270.8.5.3.2 windows;
  - 11.270.8.5.3.3 patios; or
  - 11.270.8.5.3.4 clearly defined and architecturally interesting corridors leading to any of the elements.
- 11.270.8.5.4 Adjacent Buildings will at minimum overlook the spaces through windows providing a perceived surveillance of the spaces.
- 11.270.8.5.5 Places to sit will be sporadically provided via street furniture or landscaping.
- 11.270.8.5.6 Landscaping should at minimum contain some aspects of the local natural environment or be entirely native to Red Deer or Alberta.
- 11.270.8.5.7 These spaces may include features such as permanent or dynamic public art exhibitions, water fountains, monuments, or any human scale physical component adding a unique character to the space.
- 11.270.8.5.8 These spaces may also be used for social interaction providing a space for activities such as recreation, gathering, public entertainment, displays, markets, etc.

#### 11.270.8.6 **Vehicle Pathways: Priority 5**

- 11.270.8.6.1 Vehicle pathways will provide non-curved direct two-way access for motorized vehicles, to the neighbourhood centre amenities, activities, businesses, transit stops and Parking.
- 11.270.8.6.2 There must be a minimum of 1 access point on the west edge of the Site and 1 at the south edge of the Site to the satisfaction of Engineering Services.
- 11.270.8.6.3 When possible, street Parking should be provided.
- 11.270.8.6.4 Where any major pathway intersects with the vehicle pathway, pedestrians are given priority via crosswalks. These pathways may also consist of pedestrian oriented Sidewalks separated from the vehicle path by boulevards.
- 11.270.8.6.5 Boulevards will contain some or all the following physical elements:
  - 11.270.8.6.5.1 lighting fixtures;
  - 11.270.8.6.5.2 trees;
  - 11.270.8.6.5.3 Signs; or
  - 11.270.8.6.5.4 similar elements.
- 11.270.8.6.6 Sidewalks and boulevards are at minimum on 1 side of the right of way at all points.
- 11.270.8.6.7 Where possible, Adjacent Building Façades should address the right of way via some or all the following elements:
  - 11.270.8.6.7.1 entrances or doorways;
  - 11.270.8.6.7.2 windows;
  - 11.270.8.6.7.3 patios; or
  - 11.270.8.6.7.4 clearly defined and architecturally interesting corridors leading to any of the elements.

11.270.8.6.8 Plants or vegetation may be used intermittently throughout the space to add character and to soften the environment.

**11.270.8.7 Local Pedestrian Pathways: Priority 6**

11.270.8.7.1 These pathways will provide direct access for pedestrians to the neighbourhood town centre amenities, public spaces, activities, businesses, and Parking areas.

11.270.8.7.2 These pathways will be defined throughout the neighbourhood town centre via consistent ground material treatment, lighting, Signs and when possible, boulevards containing trees.

11.270.8.7.3 Where possible, Adjacent Building Façades should address the pathway via some or all the following elements:

11.270.8.7.3.1 entrances or doorways;

11.270.8.7.3.2 windows;

11.270.8.7.3.3 patios; or

11.270.8.7.3.4 clearly defined and architecturally interesting corridors leading to any of the elements.

11.270.8.7.4 Plants or vegetation may be used intermittently throughout the space to add character and to soften the environment.

**11.270.9 General Land Use**

**11.270.9.1 Primarily Residential Area**

11.270.9.1.1 This general area will consist of Residential uses. Commercial uses will be considered on the ground floor in this area.

11.270.9.1.2 When a building in this area is Adjacent to a public space, or a pathway, the fronting walls or surface must address the space or pathway via some or all the following elements:

- 11.270.9.1.2.1 entrances or doorways;
- 11.270.9.1.2.2 windows;
- 11.270.9.1.2.3 patios; or
- 11.270.9.1.2.4 clearly defined and architecturally interesting corridors leading to any of the elements.

**11.270.9.2 Primarily Retail Commercial**

- 11.270.9.2.1 This general area will consist of Commercial uses. Office uses serving the local area are encouraged throughout this area. Residential uses should be considered above the ground floor.
- 11.270.9.2.2 When a building in this area is Adjacent to a public space, or a pathway, the fronting walls or surface must address the space or pathway via some or all the following elements:
  - 11.270.9.2.2.1 entrances or doorways;
  - 11.270.9.2.2.2 windows;
  - 11.270.9.2.2.3 patios; or
  - 11.270.9.2.2.4 clearly defined and architecturally interesting corridors leading to any of the elements.

## 11.280 Direct Control Zone No. 28: DC(28)

### Key Information

- 11.280.1 As directed in the Greater Downtown Action Plan, the general purpose of this area will be to facilitate the Development of a distinctive urban neighbourhood with a high-quality pedestrian environment, medium to high density Residential, and mixed-use Residential and Commercial land uses;
- 11.280.2 Residential Development may occur on the upper floors of Main Floor Commercial along the 53 Avenue pedestrian spine.
- 11.280.3 Land uses are to serve The City and the region.
- 11.280.4 This Zone is created as an interim measure to guide Development in the Railyards neighbourhood while awaiting the preparation of an Area Redevelopment Plan.
- 11.280.5 The boundaries of DC(28) are outlined in Maps L15, L16, M14, and M15

#### **11.280.6 Permitted Uses**

- 11.280.6.1 Building Sign
- 11.280.6.2 Dwelling Units above the Main Floor
- 11.280.6.3 Freestanding Sign

## 11.310 Direct Control Zone No. 31: DC(31)

### Key Information

- 11.310.1 To allow for the integrated redevelopment of a school facility Adjacent to a public park and escarpment area. It is recognized the school and the park will each benefit from their proximity to the other, and the uses can be seamlessly integrated in the Zone.
- 11.310.2 The Site is designed to be compatible with Adjacent land uses while preserving and protecting the park spaces and the environmentally sensitive land in escarpment area.
- 11.310.3 Future amenities proposed in the Kin Canyon Concept Plan are compatible with the natural characteristics of the Site encompassed by DC(31). The Zone protects environmentally sensitive land in the escarpment area by restricting Development to minimal and environmentally compatible uses.
- 11.310.4 DC(31) applies to Lot R Plan 1621NY and Block 5 and Plan 3935HW, at the corner of 49 Avenue and 35 Street, as shown on Map M13.

#### 11.310.5 Permitted Uses

- 11.310.5.1 Building Sign
- 11.310.5.2 Concession booths for the sale of food or beverages to members and guests of a group approved under this table

## Regulations

- 11.310.7 City Council is the Development Authority for any new Principal Buildings or Accessory Uses on the Site.
- 11.310.8 Development Officers are the Development Authority for all Permitted and Discretionary Uses and Signs in or on existing Buildings on the Site.
- 11.310.9 In exercising its approval powers, the Development Authority will ensure that Development is compatible with the Adjacent land uses and that efforts are taken to preserve and protect park space in the Zone.
- 11.310.10 In this Zone, the general regulations of the Bylaw apply unless specific regulations for the Zone provide otherwise.
- 11.310.11 At 4716 34 Street on Lot R Plan 1621NY the following regulations apply:
  - 11.310.11.1 trees must not be cut, felled or removed without prior approval of Council;
  - 11.310.11.2 the Kin Canyon Park amenities will be developed based on the Kin Canyon Concept Plan, subject to layout changes needed for the redevelopment of the Francophone school;
  - 11.310.11.3 no aggregate extraction will be allowed;
  - 11.310.11.4 where possible, Parking facilities will be shared with Parking required for the school to reduce the impact to park space.
- 11.310.12 At 4810 35 Street on Block 5 and Plan 3935HW the following regulations apply:

Front Yard Minimum	Subject to the Development Authority
Side Yard Minimum	Subject to the Development Authority
Rear Yard Minimum	Subject to the Development Authority
Landscaped Area	Subject to the Development Authority
Parking Spaces	General Parking regulations apply
Loading	Subject to the Development Authority

- 11.310.13 The Site Plan, relationship between Buildings, structures and Open Space, architectural treatment of Buildings, provision and architecture of landscaped Open Space, and Parking layout will be subject to approval by the Development Authority.
- 11.310.14 Development Officers may permit alterations to the plans approved by Council, where the alterations are considered by the Development Officers to be minor in scale or will result in an equal or greater standard of Development than what was approved by Council.

## 11.320 Direct Control Zone No. 32: DC(32)

### Key Information

- 11.320.1 DC(32) applies to the area as shown in Figure 11.320-1 of this Bylaw.
- 11.320.2 The purpose of this Zone is to identify and mitigate significant environmental hazards or risks affecting the Westlake lands, formerly known as Riverview Park.
- 11.320.3 Various Reports have been completed for Westlake and the Adjacent Red Deer River escarpment or slopes such as the 2003, 2012, 2014, and 2017 studies by ParklandGeo, and have identified the following relevant and significant hazards or risks:
  - 11.320.3.1 river erosion of the toe-of-slope or escarpment;
  - 11.320.3.2 planes of weakness in the subsoil or bedrock;
  - 11.320.3.3 slope erosion, landslides and slumping;
  - 11.320.3.4 the lower slope of the escarpment is considered “marginally stable”;
  - 11.320.3.5 the upper slope of the escarpment is considered “unstable” and subject to natural regression – the present slope will regress even with the stabilized toe-of-slope;
  - 11.320.3.6 destabilizing and variable natural springs below the Crest of the escarpment;
  - 11.320.3.7 various other natural and man – made risks associated with soil instability and slope destabilization, such as environmental changes, variable river flow and flooding, swimming pools, removal of vegetation, over watering, overloading, excavation, vegetation changes, and variable ground water conditions; and
  - 11.320.3.8 that complex subsurface and surface conditions, affect Westlake, and may sometimes not be fully understood even using commonly accepted practices for professional technical assessment.
- 11.320.4 An additional purpose of this Zone is to establish a Restricted Development Area as identified in Figure 11.320-1 and to restrict Development to areas of relatively lower expected risk, pursuant to the recommendations of the March 2014 “Geotechnical Investigation, Riverview Park Development

Setback” and the subsequent February 2017 “Geotechnical Assessment – 2017 Riverview Park Slope Review”, prepared by ParklandGeo.

- 11.320.5 An additional purpose of this Zone is to provide special land use criteria and supporting regulation reflective of existing Reports and directed to minimizing the risk of damage or loss to natural and private property or persons as well as public lands and infrastructure.

<p><b>11.320.6 Discretionary Uses where Development Officers act as Development Authority</b></p> <ul style="list-style-type: none"> <li>11.320.6.1 Accessory Building at least 10.0m from the Restricted Development Area</li> <li>11.320.6.2 All Signs, including warning Signs respecting escarpment risks or safety</li> <li>11.320.6.3 House, which is connected to all City utility services, at least 10.0m from the Restricted Development Area</li> <li>11.320.6.4 House Suite</li> <li>11.320.6.5 Home Occupation Minor</li> <li>11.320.6.6 Home Occupation Major</li> <li>11.320.6.7 Temporary Building, and</li> </ul>
<p><b>11.320.7 Discretionary Uses where Municipal Planning Commission acts as Development Authority</b></p> <ul style="list-style-type: none"> <li>11.320.7.1 Accessory Building less than 10.0m from the Restricted Development Area</li> <li>11.320.7.2 House, which is connected to all City utility services, less than 10.0m from the Restricted Development Area</li> <li>11.320.7.3 Installation, connection, repair, maintenance, or replacement of a public utility, pursuant to plans prepared by a Professional Engineer</li> <li>11.320.7.4 Parking or storage of not more than 1 Commercial vehicle or Recreational Vehicle or Trailer of a gross vehicle weight rating not exceeding 4,500kg</li> </ul>

11.320.7.5	Stripping or grading, placement of fill, material alteration of vegetation or existing surface drainage patterns, pursuant to plans prepared by a Professional Engineer
11.320.7.6	Water line or underground sprinkler or irrigation system beyond the Restricted Development Area and at least 50m from the Crest of the escarpment, constructed in accordance with a design prepared by a Professional Engineer and installed under the supervision of a Professional Engineer
11.320.7.7	Water Retaining Structure beyond the Restricted Development Area and at least 50m from the Crest of the escarpment
<b>11.320.8</b>	<b>Prohibited Uses (without limiting foregoing Discretionary Uses)</b>
11.320.8.1	Tree removal from the ground surface or subsurface, including but not limited to, deadfall removal, that may be detrimental or destabilizing to the lands, neighbouring lands, the escarpment or slopes, or Adjacent park or reserve areas
11.320.8.2	Wetting or watering of the ground surface or subsurface or vegetation, including but not limited to, lawn, that may be detrimental or destabilizing to the lands, neighbouring lands, the escarpment or slopes, or Adjacent park or reserve areas;

## Regulations

- 11.320.9 The following fundamental land use criteria applies to all lands, uses and Developments in this Zone, except as expressly stated to be otherwise within the exceptions:
  - 11.320.9.1 Development, including but not limited to, Buildings, structures, construction, major renovations, excavation, placement of fill, ground disturbance, tree or shrub removal, stripping and grading, is prohibited in the Restricted Development Area;
  - 11.320.9.2 where a Site-specific professional geotechnical assessment or other Report acceptable to the Subdivision Authority or Development Authority has recommended a greater Development Setback than the Restricted Development Area, the greater Development Setback applies;

- 11.320.9.3 the Subdivision Authority or Development Authority will not approve any subdivision or Development unless, having considered all relevant Reports, in their opinion:
  - 11.320.9.3.1 approval will not detrimentally impact the overall groundwater regime or slope geometry;
  - 11.320.9.3.2 public and private property will be reasonably safe from the hazards of slope and soil instability as identified through a Report; and
  - 11.320.9.3.3 the Site at issue is suitable for the proposal considering:
    - 11.320.9.3.3.1 all relevant Reports;
    - 11.320.9.3.3.2 the full range of uses and Developments existing or contemplated respecting the subdivision or Development Permit application and the Adjacent lands;
    - 11.320.9.3.3.3 cumulative impacts to soil and slope stability; and
    - 11.320.9.3.3.4 emergency access and planning.
- 11.320.9.4 the following Developments will not be commenced without, and will be carried out in accordance with, a Site-specific professional geotechnical assessment acceptable to the Subdivision Authority or Development Authority:
  - 11.320.9.4.1 excavation related to the construction, repair, or alteration of a Building or Water Retaining Structure, other than the installation, connection, repair maintenance or replacement of a public utility;
  - 11.320.9.4.2 the construction or material alteration of a detached Dwelling Unit or Garage; and
  - 11.320.9.4.3 the construction or material alteration of an Accessory Building or structure with a floor area of 10.0m<sup>2</sup> or more and a height of 2.4m or more.
- 11.320.10 The Subdivision Authority or Development Authority must adhere to, and has no discretion to vary, the fundamental land use criteria set out in subsection 11.320.9 which criteria are:

- 11.320.10.1 subject to exception only as expressly set out in subsections 11.320.11, 11.320.12, and 11.320.13 of this Zone; and not subject to variance or exception pursuant to Sections 654(2), 680(2), or 687(3)(d) of the Act.
- 11.320.11 Regardless of the fundamental use criteria set out in subsection 11.320.9.1 of this Zone, the following Developments may be considered for approval by the Subdivision Authority or Development Authority in the Restricted Development Area and will be carried out pursuant to the terms and conditions of a subdivision approval or Development Permit:
  - 11.320.11.1 the erection of warning Signs respecting escarpment risk or safety;
  - 11.320.11.2 the installation, connection, repair, maintenance or replacement of a public utility;
  - 11.320.11.3 the material repair or minor alteration of the following, if constructed prior to September 15, 2014:
    - 11.320.11.3.1 a detached Dwelling Unit (which is connected to all City utility services) or associated retaining wall; and
    - 11.320.11.3.2 a Water Retaining Structure, at least 50.0m from the Crest of the escarpment and subject to installation of an acceptable leak detection system and provided there is no discharge toward the escarpment, slope or Adjacent park or reserve areas.
  - 11.320.11.4 the stripping or grading, placement of fill, material alteration of vegetation, or existing or natural surface drainage patterns related to the demolition or relocation of a detached Dwelling Unit or Water Retaining Structure constructed prior to September 15, 2014, and pursuant to plans prepared by a Professional Engineer.
- 11.320.12 The Subdivision Authority or Development Authority may consider Site Boundary adjustment or consolidation of title for the purpose of enlarging the potential building area while not increasing the number of registered Sites.
- 11.320.13 These exceptions remain subject to all other regulations of this Zone.
- 11.320.14 **Development Regulations**
  - 11.320.14.1 The regulations of this Zone governs where a conflict or inconsistency between this Zone and any other regulations of this Bylaw emerges.

- 11.320.14.2 The Subdivision Authority or Development Authority will not be bound by the regulations set out in other Parts of the Bylaw.
- 11.320.14.3 General Residential Regulations in the Bylaw do not apply to this Zone except for section 3.330.
- 11.320.14.4 This Zone will adhere to the Part 4 Specific Use Regulations for Single-client Home Business, Home Occupation Major, and House Suites.
- 11.320.14.5 Any Site grading will be designed to drain surface water away from the escarpment.
- 11.320.14.6 Any Water Retaining Structures, water lines, underground sprinklers or irrigation systems will be installed with an acceptable leak detection system and monitored and maintained by the landowner to ensure proper operation and no unauthorized leakage, and directed away from the escarpment, slope, or Adjacent park or reserve areas.
- 11.320.14.7 All discharge from roof leaders and weeping tile systems will be directed away from the escarpment or to professionally engineering drainage pathways such as asphalt or half culvert drop structures.
- 11.320.14.8 New vegetation should be selected from native types with deep root systems that can grow with a minimum of watering.
- 11.320.14.9 Upon connection to City utility services, private services such as septic system, groundwater well, and associated water lines will be removed, abandoned, closed-in and reclaimed, as applicable, pursuant to the City's Utility Bylaw.
- 11.320.14.10 Where existing residences are relocated, former basements in the Restricted Development Area will be filled pursuant to the design and supervision of a Professional Engineer.
- 11.320.14.11 Lot depth will be a minimum of 40.0m.
- 11.320.14.12 Frontage will be a minimum of 22.0m.
- 11.320.14.13 In considering a subdivision or Development Permit application, the Subdivision Authority or Development Authority will have discretion, subject to the land use constraints set out in this Zone, to determine the Site Plan, Parking regulations, architectural treatment of buildings, and the relationship between Buildings,

structures, and Open Space. Without limiting the foregoing, the following regulations apply to the location of Buildings unless varied by the Subdivision Authority or Development Authority:

- 11.320.14.13.1 Site Coverage maximum of 40% (including Garage and Accessory Buildings);
- 11.320.14.13.2 Front Yard Setback minimum of 6.0m;
- 11.320.14.13.3 Side Yard Setback minimum of 1.5m; and
- 11.320.14.13.4 Rear Yard minimum Setback of 7.5m (except as required by the land use constraints of this Zone – e.g. subject to Site specific geotechnical, the Restricted Development Area).

**11.320.15 Authority**

- 11.320.15.1 Respecting this Zone and all lands therein, all applications for subdivision approval or Development Permit will be evaluated on their merits by the Subdivision Authority or Development Authority.
- 11.320.15.2 Without limiting the foregoing, but subject to the land use constraints set out in this Zone, the Subdivision Authority or Development Authority may, as regards any application for subdivision approval or Development Permit, impose conditions of approval or requirements the Subdivision Authority or Development Authority determines are reasonable.

**11.320.16 Considerations and Conditions of the Subdivision or Development Authority**

- 11.320.16.1 The Subdivision Authority or Development Authority may impose conditions of approval or requirements per subsection 11.320.15.2, having considered:
  - 11.320.16.1.1 the purposes and other regulations of this Zone;
  - 11.320.16.1.2 the uniqueness of the lands such as the relevant environmental or man-made hazards or risks, and existing Developments; and
  - 11.320.16.1.3 the suitable scale of Residential Development should be reviewed on a case-by-case basis and considering Site-specific geotechnical recommendations.

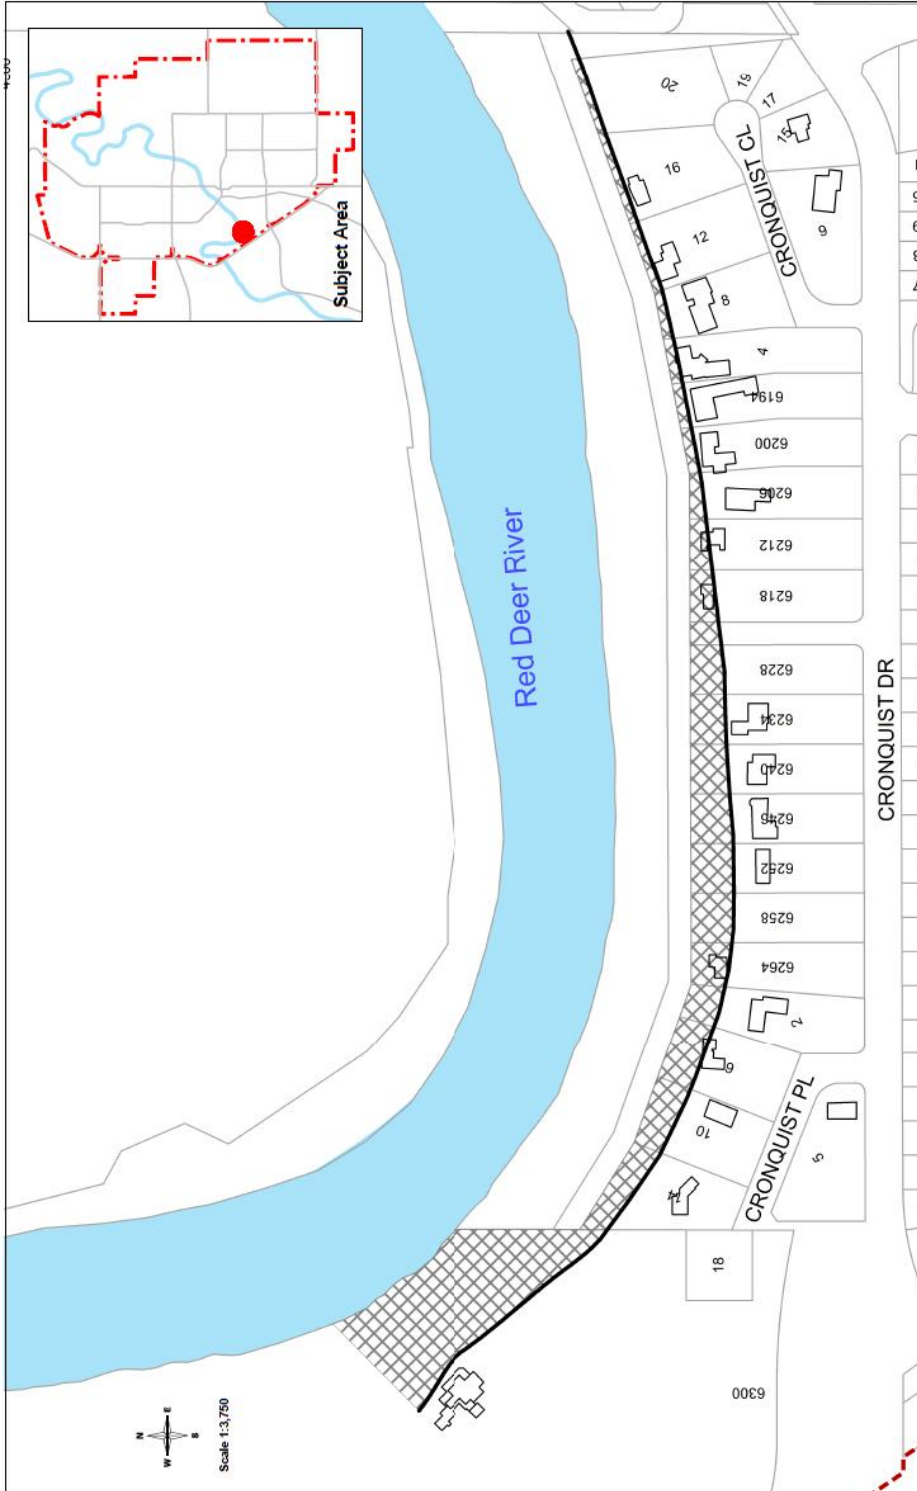

- 11.320.16.2 The Subdivision Authority or Development Authority may impose conditions of approval or requirements including, but not limited to the following:
- 11.320.16.2.1 providing a Real Property Report during preliminary construction indicating the Building is beyond the Restricted Development Area, or more than 50m from the Crest or in accordance with any accepted Report or Site Plan;
  - 11.320.16.2.2 the applicant meets or exceeds the recommendations of any applicable Report and the requirements of any restrictive covenant registered against the lands respecting maintenance of slope stability;
  - 11.320.16.2.3 providing emergency access;
  - 11.320.16.2.4 providing ongoing monitoring programs and related access to the land for such monitoring such as slope monitoring or subsurface exploration data derived from appropriate geotechnical drilling;
  - 11.320.16.2.5 increased Site-specific Setbacks for fire protection and mitigation due to elevated risks of fire;
  - 11.320.16.2.6 a post construction certificate from a relevant professional such as a Professional Engineer, Registered Architect, or an Alberta Land Surveyor as determined by the Subdivision Authority or Development Authority, confirming any or all the following:
    - 11.320.16.2.6.1 the Development is located beyond the Restricted Development Area or located and constructed in accordance with any Site Plan or Report accepted by the Subdivision Authority or Development Authority;
    - 11.320.16.2.6.2 compliance with an accepted professional lot grading plan; and
    - 11.320.16.2.6.3 that proposed and existing Grades have been professionally certified.

- 11.320.16.2.7 the connection of roof leaders (downspouts) and House weeping tiles (foundation service) into storm systems, if available;
- 11.320.16.2.8 no direction of stormwater or overland drainage onto neighbouring properties (including but not limited to Adjacent park, reserve land, escarpment, or slopes);
- 11.320.16.2.9 providing erosion and sediment control measures during construction;
- 11.320.16.2.10 that Buildings have non-combustible exterior finishes or acceptable fire-retardant material treatment;
- 11.320.16.2.11 conditions to minimize erosion and to stabilize soil conditions;
- 11.320.16.2.12 that any Development be designed and constructed using materials, processes, or techniques intended to minimize slope risks or instability;
- 11.320.16.2.13 the applicant and any current or future user or landowner of the Site enter into an Indemnity Agreement with the City respecting environmental risks including, but not limited, slope instability; and
- 11.320.16.2.14 the applicant enters and comply with an agreement with the City respecting those matters set out in Sections 650, 655 and 651 of the Act or described in section 2.130 of the Zoning Bylaw (a Development agreement).

#### 11.320.17 **Development Permits**

- 11.320.17.1 Except as expressly stated otherwise in this Zone, a Development Permit is required for any Development in this Zone.
- 11.320.17.2 Regardless of the foregoing, and provided the Development otherwise complies with the regulations of this Zone, no Development Permit is required for the following Development:
  - 11.320.17.2.1 the temporary storage of construction material on or Adjacent to where a Building is being erected or altered;

- 11.320.17.2.2 the construction of a fence for a Residential Development; and
- 11.320.17.2.3 up to 5 flow collectors (rain barrels) attached to authorized roof leaders, each collector having storage capacity of less than 420 litres.

## Regulations

11.340.6 In addition to the uses listed in subsection 11.340.4, the following uses are allowed on the Sites indicated, provided they existed prior to July 15, 2003, and continue to meet the conditions as outlined in subsection 11.340.7:

- 11.340.6.1 Lot 1, Block N, Plan 1861KS may operate as a trophy, award, and plaque production facility, production facility of promotional products, and associated retail sales;

---

<sup>102</sup> 3357/QQ-2024

- 11.340.6.2 Lots 22 & 29, Block 17, Plan 7604S may operate as storage and Warehouse;
  - 11.340.6.3 Lots 18-21, Block 17, Plan 7604S may operate as automotive repair and parts sales;
  - 11.340.6.4 Lot 24, Block 17, Plan 7922177 may operate as production of bottled water, water distribution and related sales facility;
  - 11.340.6.5 Block H, Plan 5296HW may operate as tire and scrap metal storage and tire repair shop and automotive parts sales;
  - 11.340.6.6 Lot 25, Block 17, Plan 7922177 may operate as indoor air cleaning business;
  - 11.340.6.7 Block N, Plan 3051HW may operate as a supply, mixing of paint, sale and distribution of automotive related finishes and parts.
- 11.340.7 The uses identified in subsection 11.340.6 may be allowed if they continue to follow the following regulations:
- 11.340.7.1 the use does not extend further throughout the existing Building to include a larger area of floor space of the Building than it did as of July 15, 2003;
  - 11.340.7.2 the use is continuous. An existing use may continue in operation if it is not discontinued for a period of 6 consecutive months or more. For this purpose, a discontinuance means a discontinuance in fact, whether intended by the landowner or occupant or not;
  - 11.340.7.3 despite subsection 11.340.7.2, the Development Authority may issue 1 or more Development Permits time limited to no more than 6 months each to the period of discontinuance, but no cumulative extra time allowance totalling over 18 months will be granted;
  - 11.340.7.4 the operation of which meets the regulations set out in subsections 3.210.1 and 3.210.5 of this Bylaw, and which does not create nor emit noises, odours, dusts, fumes, or otherwise create a nuisance;
  - 11.340.7.5 use on part of a Site may not be extended or transferred in whole or in part to any other part of the Site and no additional Buildings may be constructed on the Site.

11.340.8 Despite Permitted Uses outlined in subsection 11.340.4, where a legally approved Industrial Building within this Zone in existence at the time of the passing of this Bylaw, is partially or fully destroyed by fire or other accidental means, it may be replaced for the same use and Building size as that which was destroyed.

Waste and recycling containers	Fully Screened with a solid fence

11.340.10 DC(34) is subject to any applicable regulations listed within General Industrial Regulations.

11.340.11 The C-3 Zone will be used as a guideline to determine the Site regulations within this Zone including minimum Site Area, Frontage, Setbacks, Front Yard, Side Yard, and Rear Yards, as well as minimum Parking, loading, and landscaping requirements, except where otherwise specified below.

11.340.12 The Development Authority may consider approval of up to 4 storeys in special circumstances based on the requirements of the Area Redevelopment Plan. Comments from the community association will be considered.

**11.340.13 Site Development**

11.340.13.1 Within this Zone, on any properties which owe municipal reserve at the time of subdivision, land is to be taken for reserves in preference to cash where the land can be used for the Development of the public Amenity Space (town square or Commercial village) as described in the Riverside Meadows Area Redevelopment Plan.

11.340.13.2 New Development and redevelopment must incorporate such features as awnings, planters, and architectural treatment and detailing compatible with surrounding Development. Buildings should incorporate pedestrian or street-oriented design elements such as recessed entrance ways, street level windows, awnings, appropriate landscaping, and Parking in the rear where possible.

- 11.360.12 The Screening of the site must be to the satisfaction of the Development Authority.
- 11.360.13 Any development permit for an Emergency Shelter must include operational parameters addressing the upkeep and cleanliness of the site to the satisfaction of the Development Authority.
- 11.360.14 Any development permit for an Emergency Shelter must include a security plan addressing the security of the site to the satisfaction of the Development Authority.

## Part 12 Overlays, Modifiers, and Character Statements

Overlays provide additional regulations for specific Sites or areas that prevail over the Zone regulations for the Site in instances where a conflict emerges.

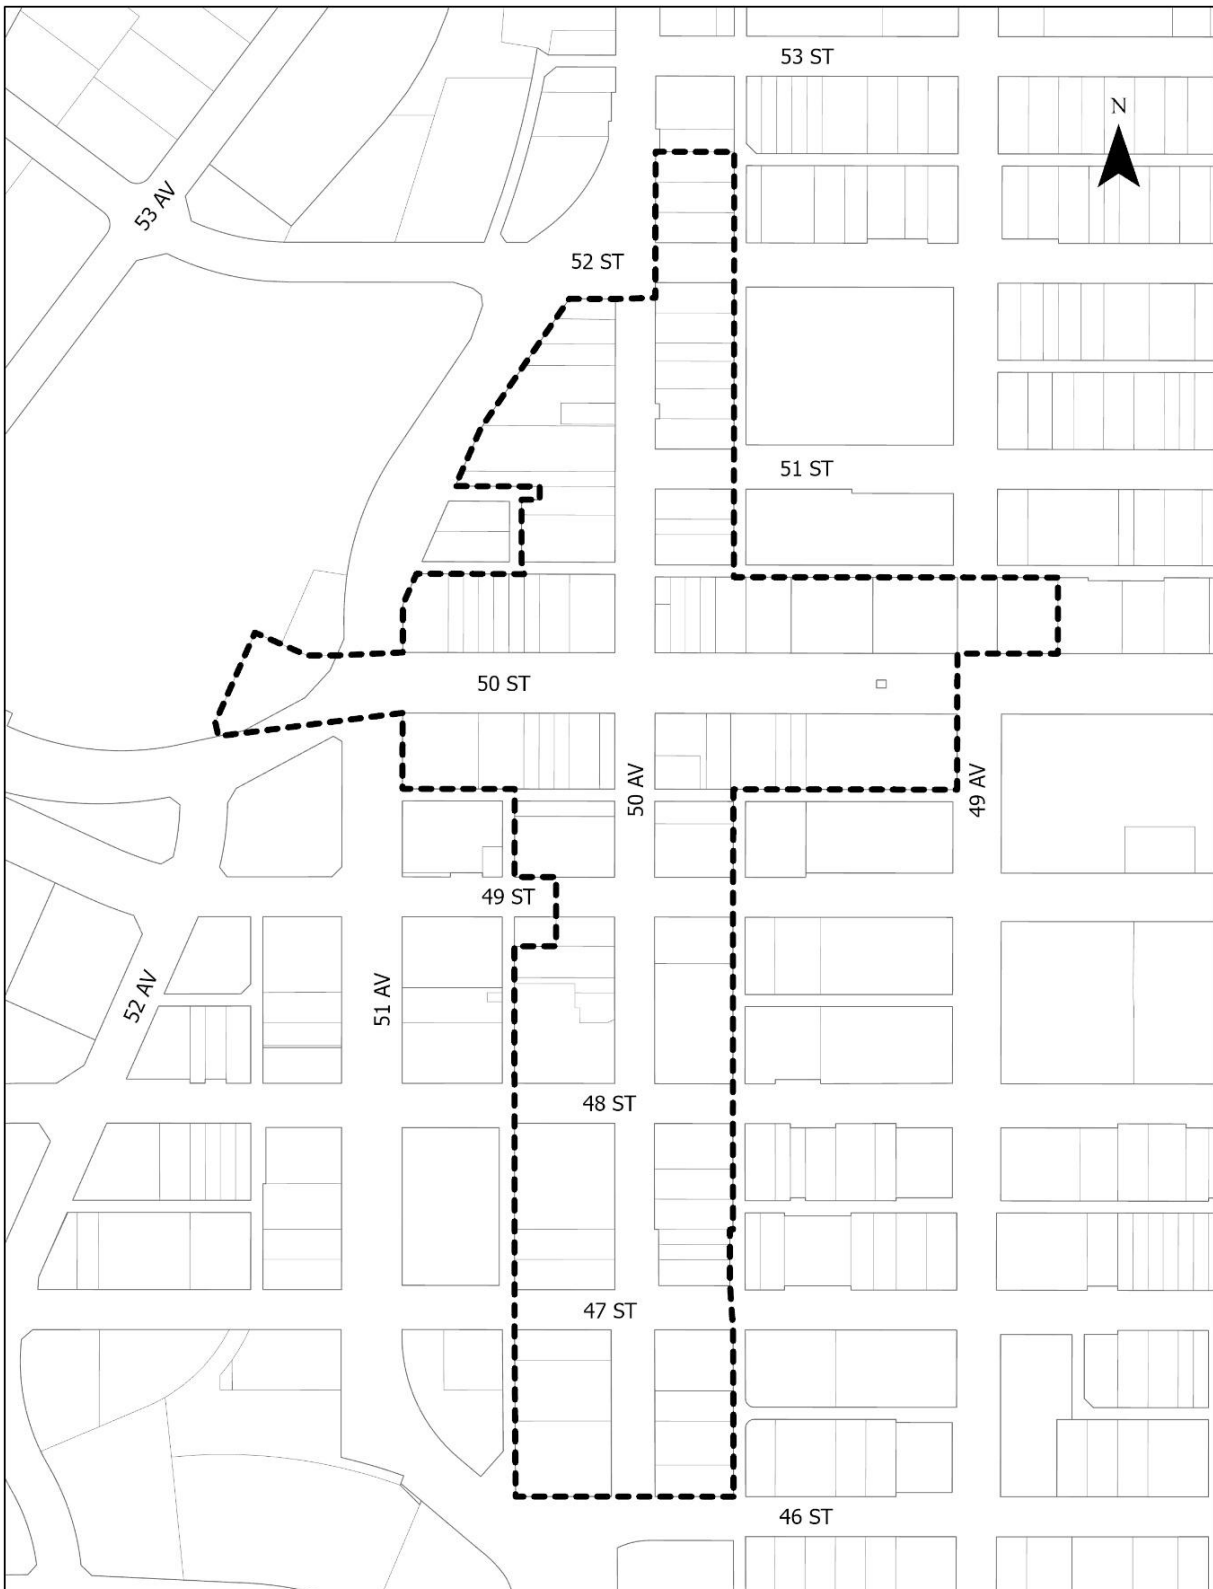

### 12.10 Gaetz-Ross Heritage Area Overlay

#### Key Information

- 12.10.1 The Gaetz-Ross Heritage area is defined as all the Sites fronting onto Gaetz Avenue from 46 Street north of, and including, the Hamilton Block at 5211 Gaetz Avenue, and all the Sites fronting onto Ross Street between, and including, the former CP Railway Station and the Old Court House Professional Centre building at 4838 Ross Street. This boundary is shown in Figure 12.10-1.

#### Regulations

- 12.10.2 All building-front Development criteria applicable to C-1 Zoning applies to Developments in the Gaetz-Ross Heritage Area Overlay.
- 12.10.3 Any part of a new Building higher than 2 storeys at the front Building Façade must be stepped back a minimum of 1.2m from the front Building Façade of the lower 2 storeys, dividing the Façade of the Building so it matches the typically smaller, human scale of existing heritage Buildings in the area.
- 12.10.4 A second storey cornice line must be architecturally accented.
- 12.10.5 Residential uses must only be above the Main Floor.

**Figure 12.10-1: Gaetz-Ross Heritage Area Overlay**

## 12.20 Parkvale Overlay

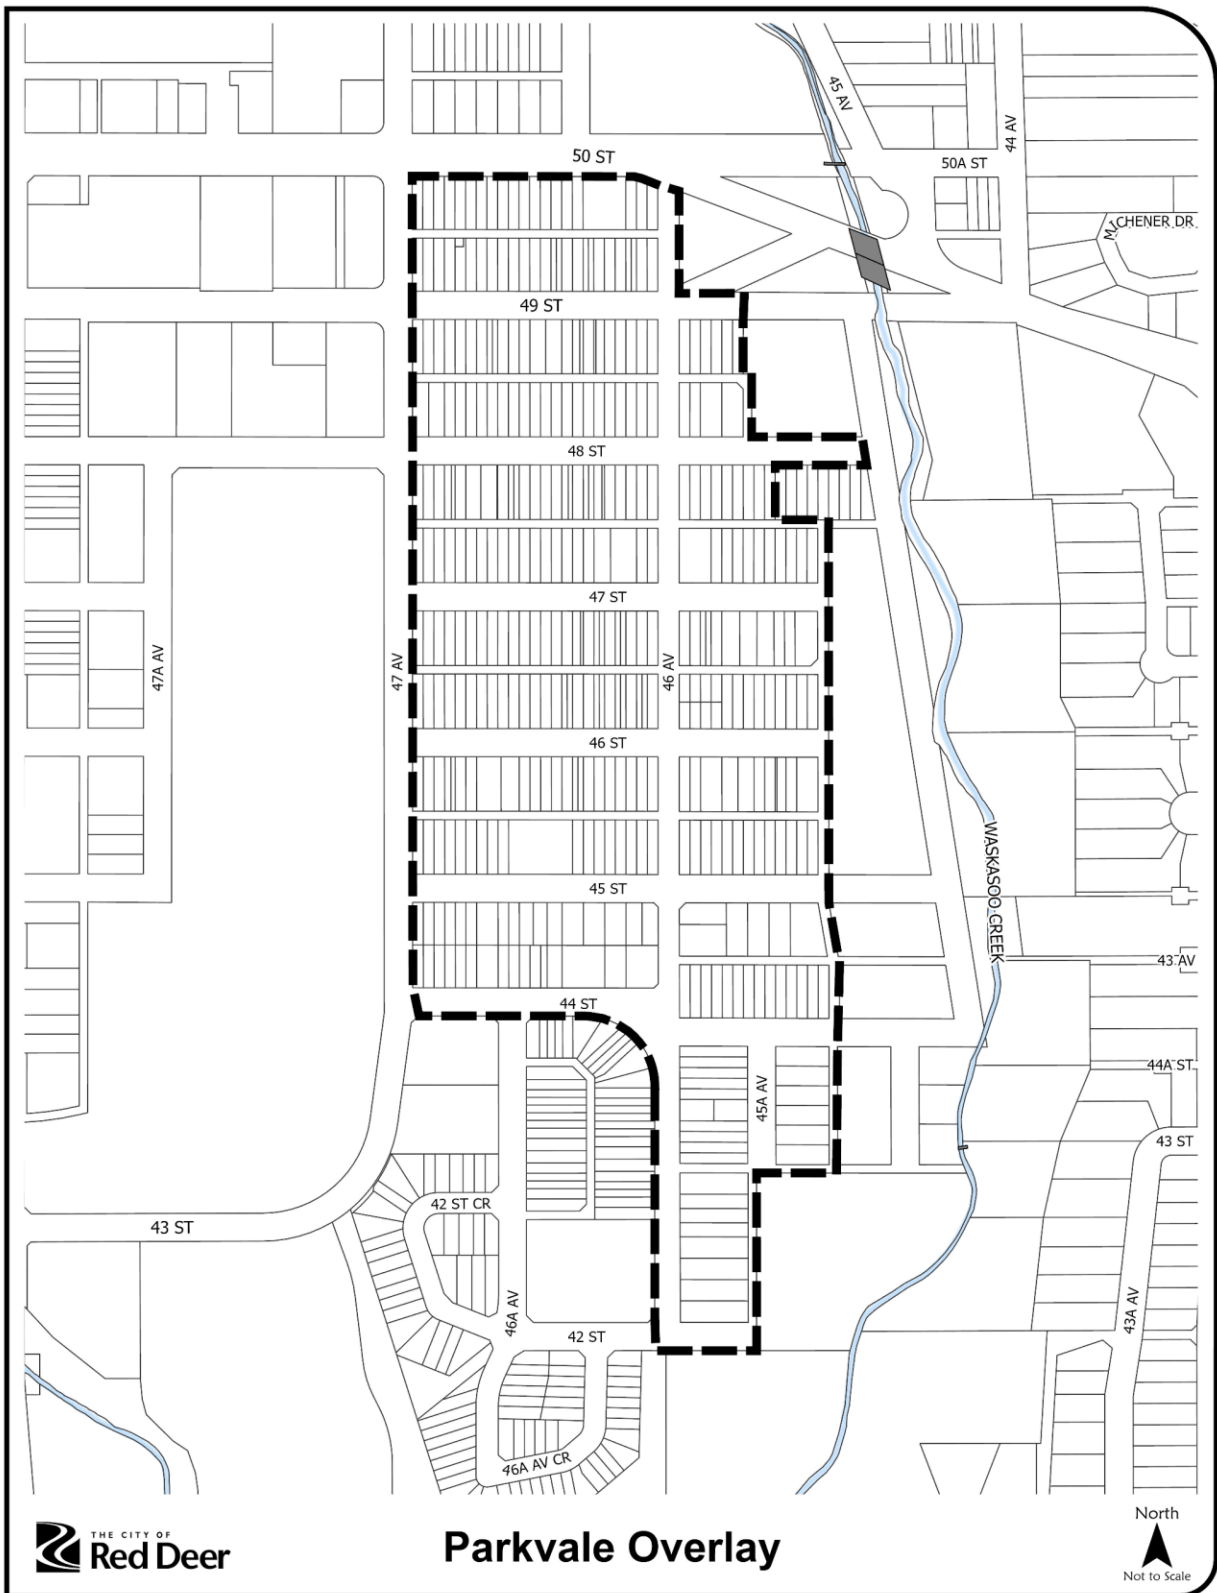

### Key Information

- 12.20.1 This Overlay requires new Dwelling Units and Accessory Buildings in the Parkvale neighbourhood to be sensitive to existing Development and to maintain the character of the Immediate Road Context.
- 12.20.2 Requirements in this Overlay apply to:
  - 12.20.2.1 all Residential Sites shown in Figure 12.20-1; and
  - 12.20.2.2 the following Developments:
    - 12.20.2.2.1 Buildings that contain a Dwelling Unit;
    - 12.20.2.2.2 construction of new Dwelling Units;
    - 12.20.2.2.3 enclosed structural additions to existing Dwelling Units; and
    - 12.20.2.2.4 Accessory Buildings.
- 12.20.3 If an Overlay requirement conflicts with a Developed Areas Regulations or Zone requirement, the Overlay requirement prevails.

### Regulations

- 12.20.4 The minimum Frontage for a House on a Site is 11.4m.
- 12.20.5 On Corner Sites not Abutting a lane:
  - 12.20.5.1 vehicle access will be allowed from the Side Yard; and
  - 12.20.5.2 attached Garages must not protrude beyond the side wall of the Dwelling Unit.
- 12.20.6 Front vehicle access to Sites with rear lane access**
  - 12.20.6.1 Front vehicle access to Sites with rear lane access is not allowed except:
    - 12.20.6.1.1 on Block M, Plan 1528HW; Block B, Plan 257HW; and Block B, Plan 4867, which may have a front-attached Garage if:
      - 12.20.6.1.1.1 the front-attached Garage does not protrude beyond the live-in part of the Dwelling Unit;

- 12.20.6.1.1.2 the front-attached Garage is not wider than 4.9m including eaves;
      - 12.20.6.1.1.3 the front Driveway is not wider than 4.3m; and
      - 12.20.6.1.1.4 the front Driveways is developed in conjunction with a Garage.
    - 12.20.6.2 Front attached Garages may be designed to allow Tandem Parking for a maximum of 2 motor vehicles.
  - 12.20.7 For new Development, the Development Authority will consider rooflines that complement the architectural character of the Immediate Road Context and the preference will be for a peaked roof within the maximum Building Height.

## 12.30 Riverside Meadows and West Park Overlay

### Key information

- 12.30.1 The Riverside Meadows and West Park Overlay requirements:
  - 12.30.1.1 implement the existing Riverside Meadows Area Redevelopment Plan and West Park Area Redevelopment Plan, and
  - 12.30.1.2 ensure that new Dwelling Units and Accessory Buildings in the Riverside Meadows and West Park neighbourhoods are sensitive to existing Development and maintain the character of the streetscape.
- 12.30.2 These regulations apply to:
  - 12.30.2.1 all Residential Sites, except those in R-H, within the boundaries shown in Figure 12.30-1; and
  - 12.30.2.2 the following Developments:
    - 12.30.2.2.1 Buildings that contain a Dwelling Unit;
    - 12.30.2.2.2 construction of new Dwelling Units;
    - 12.30.2.2.3 enclosed structural additions to existing Dwelling Units; and
    - 12.30.2.2.4 Accessory Buildings.
- 12.30.3 The Riverside Meadows and West Park Overlay requirements are in addition to and prevail over the Developed Areas Regulations and the Zone requirements when a conflict occurs.

### Regulations

- 12.30.4 **Development Regulations**
  - 12.30.4.1 A Townhouse may have a maximum of 6 Dwelling Units.
  - 12.30.4.2 The Façade of a Building must include a horizontal architectural element placed between the Main Floor and a second storey on a 3 or more storey Building, or the Main Floor and the beginning of the roof pitch on a 2 storey Building.
  - 12.30.4.3 All Dwelling Units at Grade, including Townhouses and Apartments, fronting a Road or park must have a private Front

Yard and individual front entry access from a Road, Sidewalk, or trail.

#### **12.30.5 Appearance**

- 12.30.5.1 High quality Building materials, such as brick, stone, concrete, hardy board, or cement stucco, must be used in a variety of combinations for ornamentation and articulation.
- 12.30.5.2 Vibrant colours and textures must be used to distinguish elements of the Building Façade and to visually differentiate between Dwelling Units in Duplexes and Townhouses.
- 12.30.5.3 The Façade of a Duplex must give the appearance of 2 separate Dwelling Units.
- 12.30.5.4 Front attached Garages must be no more than 35% of the total Frontage.

#### **12.30.6 Parking**

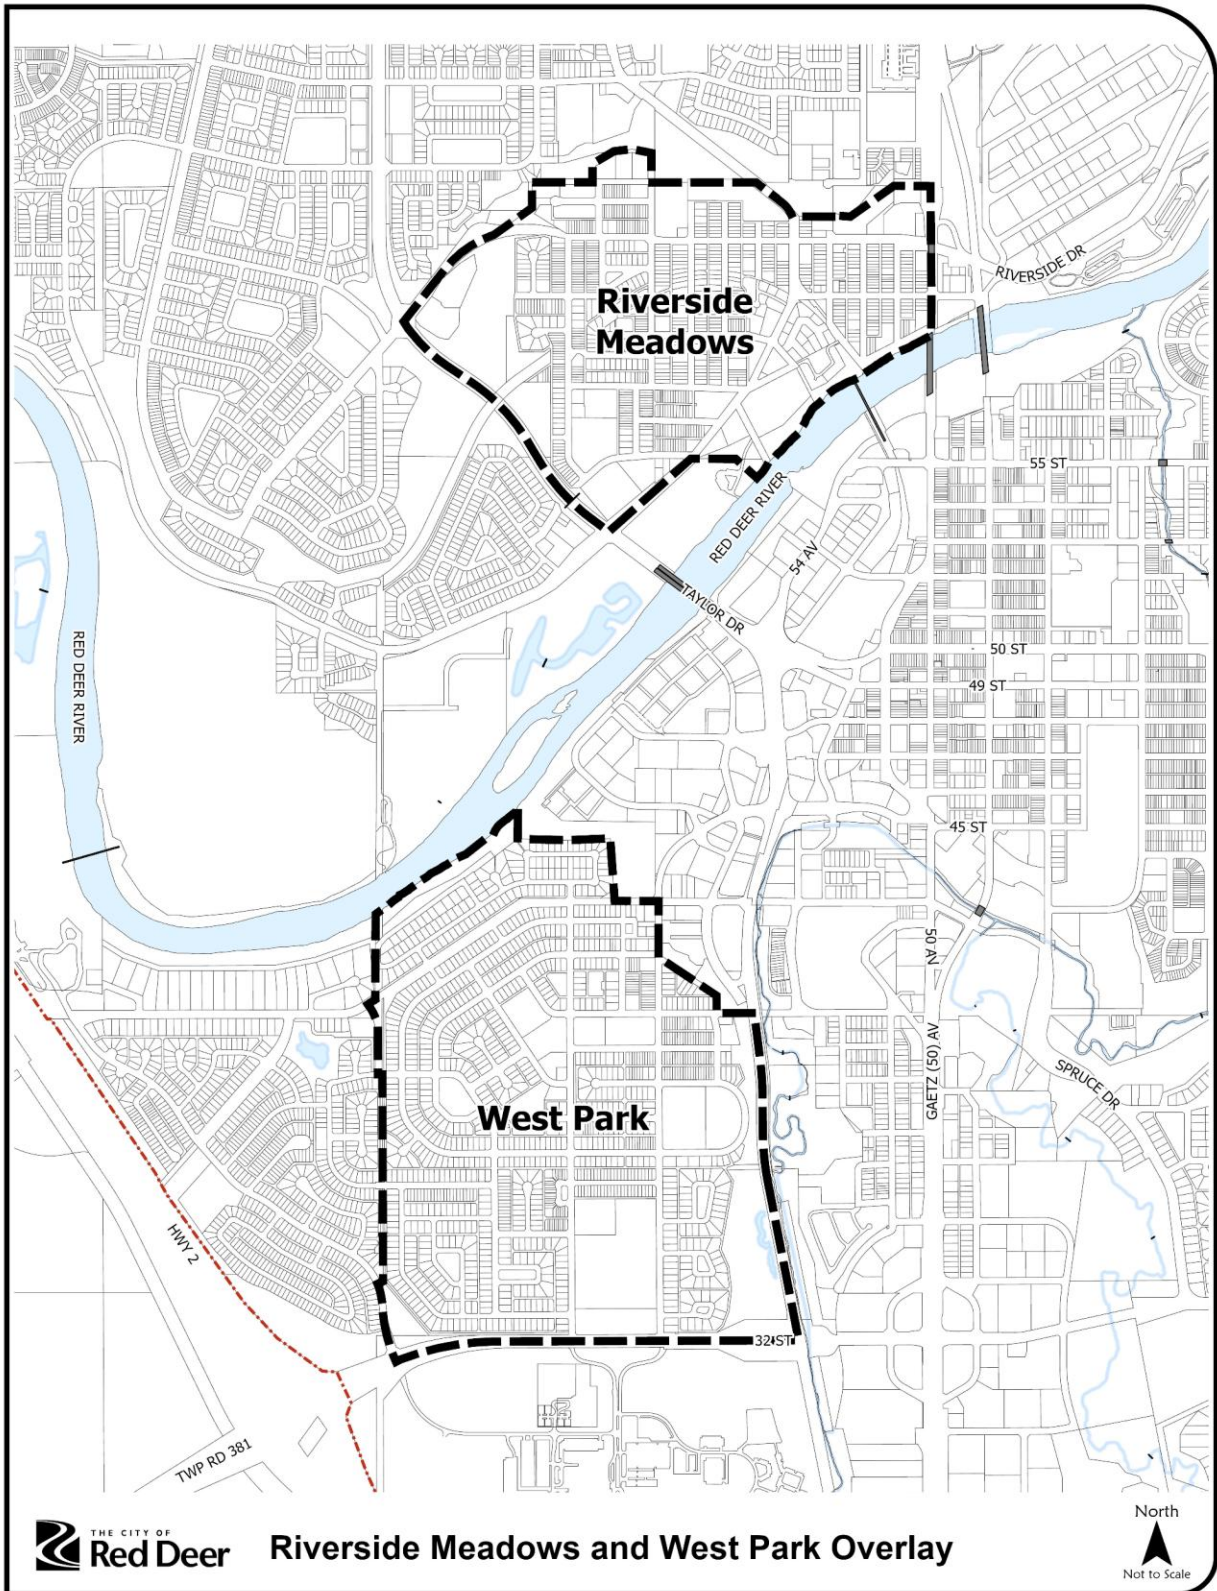

- 12.30.6.1 Front attached Garages and front Parking Pads are not allowed on Sites fronting Kerry Wood Drive, 54 Avenue, and Sites in Direct Control Zone 13 (DC(13)), where Parking must be via a rear or side lane.
- 12.30.6.2 If more than 8 Parking stalls are required:
  - 12.30.6.2.1 Apartments should minimize above Grade Parking;
  - 12.30.6.2.2 Apartment Parking access must be from the lane where a Site-Abutting lane is developed;
  - 12.30.6.2.3 where there is no lane:
    - 12.30.6.2.3.1 Road access to the rear of the Building or Parking is allowed if it does not interfere with boulevard trees or other streetscaping; and
    - 12.30.6.2.3.2 the number of motor vehicle accesses must be a single Driveway per block, entrances may be shared with other Sites, and Parking areas must be organized in clusters. This may require a joint access agreement with neighbouring Sites.

12.30.6.3 Townhouse and Apartment Developments must include:

- 12.30.6.3.1 Parking areas that define Sidewalk edges, promote user safety, and show clear pedestrian connections to Sidewalks and Building entrances;
- 12.30.6.3.2 ground-oriented, pedestrian-scale lighting that indicates pedestrian routes and entrances to Parking areas and Buildings on the Site; and
- 12.30.6.3.3 pedestrian spaces linking to Parking areas, Roads, pocket parks, Courtyards, Sidewalks, Walkways, or trail networks where Abutting the Development.

**12.30.7 New Dwelling Units in West Park**

- 12.30.7.1 Applications for new Dwelling Units in West Park, in the area shown in Figure 12.30-1, should include at least 1 of the following green initiatives:
  - 12.30.7.1.1 wiring each Dwelling Unit to be solar ready;
  - 12.30.7.1.2 a Sustainable Landscaping plan;
  - 12.30.7.1.3 permeable pavers for Parking areas; or
  - 12.30.7.1.4 any other initiative the Development Authority approves.

*Figure 12.30-1: Riverside Meadows and West Park Overlay*

## 12.40 Riverside Meadows and West Park Commercial Overlay

### Key information

- 12.40.1 The purpose of this Overlay is to ensure that redevelopment will be designed to satisfy objectives outlined in the Riverside Meadows Area Redevelopment Plan and West Park Area Redevelopment Plan which describes a compatible blend of Residential and Commercial Development of varying sizes, styles and types appealing to a variety of demographic groups as if it were a village in a city.
- 12.40.2 This Overlay is comprised of requirements that provide a means to regulate design attributes which cannot be satisfactorily addressed through conventional land use zoning.
- 12.40.3 These requirements apply to all Sites in a Commercial Zone within the boundaries shown in Figure 12.30-1, including any Development that changes the Site Plan or exterior of any existing Building and for the Development of new Buildings.
- 12.40.4 The Riverside Meadows and West Park Commercial Overlay requirements are in addition to and prevail over the Developed Areas Regulations and the Zone requirements when a conflict occurs.

### Regulations

- 12.40.5 **Development Regulations**
  - 12.40.5.1 Principal Building façade facing a Road may only have horizontal or vertical walls longer than 5.0m if they are broken up by features such as porches, Projections, terracing, gables, windows, different exterior finishing materials, roof gable ends, or variations in rooflines.
  - 12.40.5.2 Windows and balconies must be placed to allow overlook of Roads, lanes, Sidewalks, pedestrian passages, Parking areas and public Open Spaces.
  - 12.40.5.3 Entrances must be clearly identified, visible and accessible from the Road Abutting the Front Boundary.

- 12.40.5.4 High quality Building materials must be used in a variety of combinations for ornamentation and articulation. These could be brick, stone, concrete, hardy board, or cement stucco.
- 12.40.5.5 All Principal Building Façades facing a Road on a Corner Site must have equal quality architectural treatment.
- 12.40.5.6 All Principal Building Façades facing a Road must be parallel to the Road except in the case of Sites with Road Frontage on 3 sides, only 2 Building Façades must be parallel.
- 12.40.5.7 Development must minimize disruption to existing topography and vegetation.
- 12.40.5.8 All Principal Building Façades facing a Road must include a horizontal architectural element. It should be placed between the Main Floor and a second storey on a 3 or more storey Building, or the Main Floor and the beginning of the roof pitch on a 2 storey Building.
- 12.40.5.9 The following Parking requirements must apply to all Development:
  - 12.40.5.9.1 Development should minimize above Grade Parking;
  - 12.40.5.9.2 Parking access must be from a lane, except when there is no lane, then the following applies:
    - 12.40.5.9.2.1 Road access to the rear of the Building or Parking may be allowed if it does not interfere with boulevard trees or other streetscaping; and
    - 12.40.5.9.2.2 the number of motor vehicle accesses must be a single Driveway per block, entrances may be shared with other Sites, and Parking areas must be organized in clusters. This may require a joint access agreement with an Abutting Site.
  - 12.40.5.9.3 Parking areas must define Sidewalk edges, promote user safety, and show clear pedestrian connections to Sidewalks and Building entrances.

- 12.40.5.10 All Principal Building Façades facing a Road, including both Façades on Corner Sites, must be built to the Boundary unless the area between the Principal Building and a Sidewalk is developed in a manner that provides a visual amenity to the pedestrian environment.
- 12.40.5.11 Side Yard Setbacks must be zero unless the Site Abuts a Residential Site, in which case there must be a minimum 1.5m Side Yard Setback.
- 12.40.5.12 Rear Yard Setback must be no less than 1.5m.
- 12.40.5.13 The minimum Main Floor to ceiling height for Commercial uses must be 3.6m.
- 12.40.5.14 The Main Floor part of any Building façade facing a Road must contain a minimum of 50% transparent windows.
- 12.40.5.15 Where a lane exists, access to Site Parking and for loading and delivery zones must be provided from the lane.
- 12.40.5.16 As a minimum, overhangs and canopies must be provided at each Building entrance and should be located along the full elevation. The design of the overhangs and canopies must be compatible with the Building's architecture and must not affect the safety of the Sidewalk.
- 12.40.5.17 Lighting must be used to complement and draw attention to window displays, Signs, store information, and architectural elements on the entire Building Façade.
- 12.40.5.18 Service bays, utility entrances and storage areas must be located to the side or rear of the Building and must be Screened from view.
- 12.40.5.19 Road elevations must replicate the historic pattern of store front modules of 7.5m to 10.0m wide, each containing varied design elements such as entrances, windows, canopies, Projections, roof lines, and Signs.
- 12.40.5.20 Subject to review by the City, front angle Parking must be allowed on private property along local Roads and Roads where traffic volumes are less than 3,000 vehicles per day. Angle Parking design must incorporate landscaped boulevards and Walkways between the vehicle and Building elevation to ensure a continuous pedestrian path.

12.40.5.21 Sites located along Gaetz Avenue have the following exceptions:

12.40.5.21.1 new Buildings or major additions must be set back as listed C-4 Zone; and

12.40.5.21.2 Parking should be in the Rear Yard or Side Yard. Front Parking areas may be considered if an enhanced landscaped buffer of 1.5m is provided Adjacent to Gaetz Avenue.

12.40.5.22 Applications for a new Commercial Development in West Park, the area shown in Figure 12.30-1, must include at least 1 of the following green initiatives:

12.40.5.22.1 wiring each unit to be solar ready;

12.40.5.22.2 a Sustainable Landscaping plan;

12.40.5.22.3 permeable pavers for Parking areas; or

12.40.5.22.4 any other initiative the Development Authority approves.

## 12.50 Eco Industrial Park Overlay

### Key information

- 12.50.1 This Overlay provides a framework for the implementation of the eco-Industrial vision outlined in the West QE2 Major Area Structure Plan.
- 12.50.2 The goal of this Overlay is to guide Industrial Development of an eco-Industrial park in which businesses cooperate with one another and the local community to reduce waste, efficiently share resources such as information, materials, water, energy, infrastructure, and natural resources, and produce sustainable Development, with the intention of increasing economic gains and improving environmental quality.
- 12.50.3 This Overlay applies to the I-1 Zone areas shown on the Land Use Constraints Maps F20, F21, G19, G21, and the construction of any Principal Buildings or Accessory Buildings on those Sites.
- 12.50.4 The Development Authority may require structural renovations, alterations, additions, or reconstructions of Buildings which existed prior to the Overlay coming into effect be completed in accordance with the Overlay.

This Overlay contains requirements to achieve the objective of an eco-Industrial park, not otherwise achievable under existing conventional Industrial Zones and requirements.

<b>12.50.5</b>	<b>Permitted Uses</b>  Uses listed as Permitted Uses in the underlying Zone
<b>12.50.6</b>	<b>Discretionary Uses</b>  Uses listed as Discretionary Uses in the underlying Zone

### Regulations

- 12.50.7 If there is a conflict between a requirement in this Overlay and any other requirement in this Bylaw, including those requirements set out in the underlying Zone, the requirement in this Overlay must apply.
- 12.50.8 Each Building on a Site must incorporate at least 3 different Green Building Materials identified on the Green Building Materials list that makes up part of the application for a Development Permit.

12.50.9 Each business must establish an in-house recycling and composting program for organic and material wastes.

**12.50.10 Building and Site Design**

12.50.10.1 Front Yard minimum must be 9.0m.

12.50.10.2 Sidewalks must be provided along each side of a Building that Abuts a Parking area.

12.50.10.3 If the Site Abuts a Sidewalk or transit stop, a direct Walkway connection is required from the main entrance of a Principal Building on the Site to the Abutting Sidewalk or transit stop.

12.50.10.4 Buildings must take advantage of passive solar heating, natural lighting, passive ventilation, and shading for cooling.

12.50.10.5 Windows must be located and oriented to provide Building occupants with views to significant natural or Landscaped Areas.

12.50.10.6 A designated area for onsite recycling and composting of materials must be identified on the Site Plan and landscape plan.

**12.50.11 Parking and Loading Areas**

12.50.11.1 Regardless of any other conflicting Parking regulations in this Bylaw, a landowner or occupant of a Site must provide for not less than the number of Site Parking spaces for the applicable land use as set out below and, in calculating the Parking space requirement, a fractional number will be rounded down.

12.50.11.2 1 Parking space must be designated for a small, alternative, carpool or electric vehicle, and:

12.50.11.2.1 must be in a preferential location;

12.50.11.2.2 must be signed appropriately with design and location of Signs satisfactory to the Development Authority; and

12.50.11.2.3 is counted as part of the total number of Site Parking spaces set out in the general Parking requirements.

12.50.11.3 In shipping and receiving areas the landowner or occupant of the Site must erect at least 1 Sign per loading dock that indicates the area of the loading dock is an "Idle Free" zone. The design and location of Signs must be satisfactory to the Development Authority.

### **12.50.12 Landscaping**

- 12.50.12.1 Landscaping must be completed using those species of plants, trees or shrubs that are suitable for Sustainable Landscaping, stormwater management, or Rear Yard screening.
- 12.50.12.2 Landscaping must consist of a combination of flowers, grasses, mulch, trees, or shrubs.
- 12.50.12.3 A minimum of 15% of all Landscaped Area must consist of Sustainable Landscaping.
- 12.50.12.4 Landscaping must provide shading, climate protection and windbreaks to the Principal Building on the Site.
- 12.50.12.5 Access to the Site must be framed with landscaping islands.
- 12.50.12.6 If the Building Abuts a Parking area, a 1.0m wide landscaping strip must be provided immediately Adjacent to and along the length of the Building Abutting the Parking area to separate the Building from the Parking area or Sidewalk that Abuts the Parking area.
- 12.50.12.7 A 1.0m wide landscaping strip, in addition to the landscaping strips provided pursuant to subsection 12.50.12.6, must be provided immediately Adjacent to and along another side of the Building. This landscaping strip will preferably be provided on the side of the Building that is visible from a Road or be located to provide shading and climate protection for the Building.
- 12.50.12.8 A 1.0m wide landscaping strip must be provided along the entirety of the Front Yard of the Site if the Front Yard of the Site Abuts a Road. The landscaping strip will provide separation and soften the appearance of the Front Yard of the Site.
- 12.50.12.9 If the Rear Yard of the Site is visible from a Road, a 1.5m wide landscaping strip, incorporating trees and shrubs, must be provided to screen the view of the Rear Yard from the Road. Rear Yard screening may be supplemented by fencing.
- 12.50.12.10 The area of a green roof may be used by the Development Authority to determine if landscaping requirements are satisfied.
- 12.50.12.11 Irrigation systems installed at the time of the Development of the Site must be high efficiency drip systems.

## 12.60 Flood Plain Overlay

### Key information

#### 12.60.1 Flood Plain Overlays

- 12.60.1.1 Figure 12.60-1, as shown for illustrative purposes, provides the general boundaries for where the Flood Plain Overlay is likely to apply. The Overlay formally applies to any Site included in flood fringe and floodway areas.
- 12.60.1.2 The general purpose of these provisions is to provide for the safe and efficient use of Sites in the defined floodway and flood fringe of the Waskasoo Creek and a part of the Red Deer River by way of prohibiting the construction of new Buildings or structures in the floodway and allowing Development and redevelopment of Buildings in the flood fringe, only if these Buildings are satisfactorily flood proofed.

### Regulations

#### 12.60.2 Floodway Uses

- 12.60.2.1 Despite the underlying Zone and section 4.10, the only uses allowed in the floodway are Open Space, environmental reserve, natural areas, bridge support structures and related Roads.

#### 12.60.3 Floodway Fringe Uses

- 12.60.3.1 In the flood fringe area, the Permitted Uses and Discretionary Uses listed in the Zone in which the Site is located continue to apply.
- 12.60.3.2 The provisions of the Overlay are applied in addition to the requirements of the Zone, and prevail over any conflicts that may occur.
- 12.60.3.3 Industrial, Commercial, institutional, or Residential Development will not be allowed in the flood fringe unless the area is flood proofed by filling to a level equivalent to the 1:100-year flood level plus 0.3m.
- 12.60.3.4 Despite the foregoing, low risk activities such as temporary outside storage or parks use may be allowed in the flood fringe at the discretion of the Development Authority.

#### **12.60.4 Requirements**

- 12.60.4.1 No new Buildings will be allowed in the floodway
- 12.60.4.2 Before a Development Permit is issued for the construction of any Development in the flood fringe, the Development Authority may require the applicant submit a certificate from a qualified, registered professional engineer or architect indicating the following factors have been incorporated in the Building and Site:
  - 12.60.4.2.1 Canadian Mortgage and Housing Corporation guidelines for building in flood susceptible areas;
  - 12.60.4.2.2 the flood proofing of habitable rooms, electrical panels and heating units, and openable windows;
  - 12.60.4.2.3 basement drainage and Site drainage; and
  - 12.60.4.2.4 information on Grade elevation in relation to the 1:100-year flood elevation.
- 12.60.4.3 Except as provided in subsections 12.60.4.4 and 12.60.4.5, the Development Authority must not issue a Development Permit until it is satisfied that adequate flood proofing exists.
- 12.60.4.4 The Development Authority must allow minor renovations and repairs to an existing Building, whether structural or not, in the flood fringe without requiring the flood proofing of a Building.
- 12.60.4.5 The Development Authority may allow additions to an existing Building in the flood fringe without requiring the flood proofing of the existing Building, provided the addition is not anticipated to affect the flood proofing of the existing building.

## 12.70 Major Entry Areas Overlay

### Key information

- 12.70.1 This Overlay ensures that Development along major Commercial corridors leading into the City is visually attractive, creates a welcoming environment and does not prejudice pedestrian and traffic safety or the function of Adjacent Roads.
- 12.70.2 The Major Entry Areas Overlay Zone is shown on the Land Use Constraints Maps J24, J23, J22, I23, I22, F21, G21, H21, I21, J21, K21, H20, I20, H19, I19, I18, J18, K18, I17, K17, I16, H16, H15, I15, I14, I13, J13, J12, K12, K11, L11, M11, M10, K10, L10, L9 and M9.
- 12.70.3 The Major Entry Areas Overlay Zone applies to all Sites that have 1 or more Boundaries Adjacent to a Major Corridor, as identified in Figure 12.70-1 through Figure 12.70-9.

<b>12.70.4</b>	<b>Permitted Uses</b>  Uses listed as Permitted Uses in the underlying Zone
<b>12.70.5</b>	<b>Discretionary Uses</b>  Uses listed as Discretionary Uses in the underlying Zone
<b>12.70.6</b>	<b>Prohibited Uses</b>  12.70.6.1 Despite subsections 12.70.4 and 12.70.5, the following Signs are not allowed in the Major Entry Areas Overlay:  12.70.6.1.1 Billboard Sign;  12.70.6.1.2 Dynamic Sign; and  12.70.6.1.3 Electronic Message Sign.

- 12.70.7 The requirements of this Overlay are in addition to any other applicable requirements under this Bylaw. Where the requirements in the existing underlying Zone contradict or will not serve to achieve the general purpose of this Zone, the Major Entry Area Overlay requirements must prevail.
- 12.70.8 The Major Entry Areas Overlay does not apply to Residential Sites.

- 12.70.9 All applications in a major entry area Adjacent to a provincially owned Major Corridor must be circulated to Alberta Transportation for their review and comment.

**12.70.10 Building Design**

- 12.70.10.1 All Buildings on a Site must be constructed using similar architectural theme and exterior finishes and colours unless the function of individual Buildings dictates a specific style or image associated with a company. In such instances, the Development must maintain harmony in terms of building lines, mass, as well as quality and colour of exterior treatment, to the satisfaction of the Development Authority.
- 12.70.10.2 All mechanical equipment, including roof mechanical units, must be concealed by Screening in a manner compatible with the architectural character of the Building, or concealed by incorporating it in the Building roof.
- 12.70.10.3 All Buildings with a Gross Floor Area greater than 2,000.0m<sup>2</sup> or a single wall length greater than 5.0m visible from a Major Corridor, must comply with the following design criteria, to the satisfaction of the Development Authority:
- 12.70.10.3.1 the roof line and Building Façade must include design elements that reduce the perceived mass of the Building and add architectural interest; and
  - 12.70.10.3.2 have Landscaped Areas Adjacent to exterior walls visible from a Major Corridor to minimize the perceived mass of the Building and to create visual interest.

**12.70.11 Site Design**

- 12.70.11.1 Vehicle entrances and exits, as well as Site and off-Site traffic and pedestrian routes, must be located and designed in a manner that provides a clearly defined, efficient and convenient Site and off-Site vehicle traffic and pedestrian circulation pattern.
- 12.70.11.2 Loading bays must not impede the efficient flow of traffic and pedestrian movement and minimize impacts on Adjacent Sites.
- 12.70.11.3 Development on Adjacent Sites must be integrated by direct Site access connections to provide opportunities for convenient and free flowing traffic movements between Sites where such integration is advantageous, in the Development Authority's

opinion, due to the existing or potential type of Adjacent Development and where such access is not prohibited due to such factors as Grade elevations, Site configurations and location of existing Buildings.

12.70.11.4 Service Stations, Motor Vehicle Sales, Service, or Repairs, and Restaurants with a Drive-Through must be developed in accordance with the following:

12.70.11.4.1 the design, finishing, and siting of Development, including the orientation of gas pump island, queuing aisles and service bays, must be to the satisfaction of the Development Authority having regard to achieving a consistent and compatible relationship with the overall design and finishing of the Development, ensuring a high standard of appearance when viewed from Adjacent Roads, and minimizing traffic circulation conflicts both off the Site and on the Site; and

12.70.11.4.2 any canopy located over the gas pump islands must be designed and finished in a manner consistent with the design and finishing of the Principal Building, with the overall height and scale of the canopy to be to the satisfaction of the Development Authority, so the canopy is not obtrusive and maintains consistency with the eave line of the Principal Building.

12.70.12 **Landscaping**

12.70.13 In the Major Entry Area, the following minimum requirements must be met:

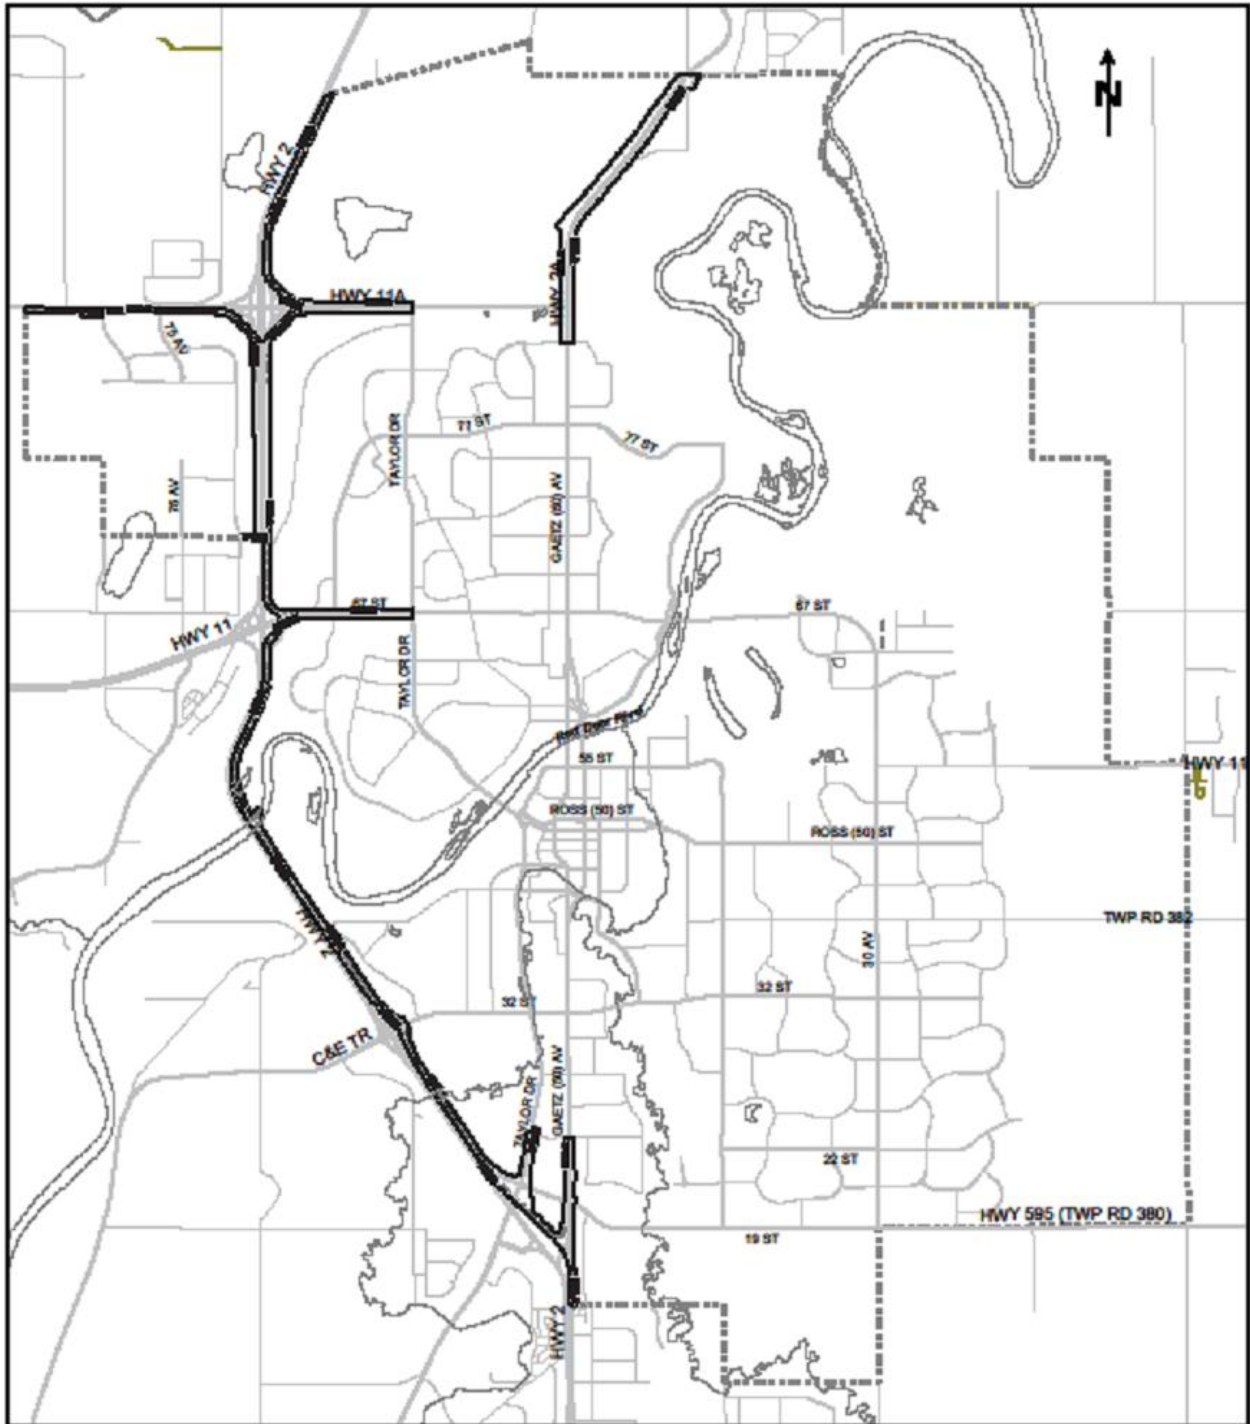

12.70.13.1 1 tree for each 40.0m<sup>2</sup> of Landscaped Area;

12.70.13.2 a roughly even mix of deciduous and coniferous trees;

12.70.13.3 where new trees are otherwise required, existing trees having a height of 2.5m may be used if the earth under the normal spread of branches for the species (measured as an equilateral triangle from the top of the tree) remains undisturbed during construction and final Grades are not significantly changed;

12.70.13.4 2 deciduous shrubs for each 40.0m<sup>2</sup> of Landscaped Area;

12.70.13.5 a 2:1 proportion of deciduous to coniferous shrubs.

## 12.80 Little Close Overlay

### Key information

- 12.80.1 This Overlay allows for an increase to the maximum Site Coverage for an area of low density Residential.
- 12.80.2 The boundaries of this Overlay are outlined on Map R11.

### Regulations

- 12.80.3 In the Little Close Overlay, Site Coverage set out in the underlying Zone is modified as follows:

Regulation	Requirements
Site Coverage	Maximum: 50% (including Garage and Accessory Buildings), or up to 60% when a Backyard Suite is developed

## 12.90 Low Impact Commercial Overlay

### Key information

- 12.90.1 The Low Impact Commercial Overlay implements uses intended to allow the use of detached dwelling forms for small offices, Commercial and personal services, and sales, whether or not in conjunction with a single family Residential use, in designated transition areas between low density Residential neighbourhoods and the Commercial land uses in the downtown, while retaining, preserving and maintaining the low density Residential character of the individual properties, the Adjacent Residential neighbourhoods, and the streetscapes in terms of privacy, enjoyment, amenities, and general appearance.

<b>12.90.2 Permitted Uses</b>
12.90.2.1 Uses listed as Permitted Uses in the underlying Zone
<b>12.90.3 Discretionary Uses</b>
12.90.3.1 Low Impact Commercial Uses which meet subsection 12.90.1, as determined by the Development Authority
12.90.3.2 Law office on Lots 45-46 Block B, Plan K8 (4641 49 Street) in the existing Building only.
12.90.3.3 Uses listed as Discretionary Uses in the underlying Zone

### Regulations

- 12.90.4 The requirements in this Overlay apply to all Low Impact Commercial applications located in the Low Impact Commercial Overlay as shown on Land Use Map M15.
- 12.90.5 The requirements in this Overlay are in addition to any other applicable requirements under this Bylaw, and prevail where the requirements in the underlying Zone contradict or will not serve to achieve the general purpose of this Overlay, unless the underlying Zone is a Direct Control Zone where the requirements of that underlying Direct Control Zone prevail.
- 12.90.6 Low Impact Commercial Uses must not have operating hours anytime on Sunday, or earlier than 8:00 a.m. or later than 6:00 p.m. from Monday to Saturday. This includes shipping goods and receiving clients or customers.

- 12.90.7 Low Impact Commercial Uses must not, in the Development Officer’s opinion, cause nuisances including, but not limited to, emissions, odours, or noise.
- 12.90.8 Low Impact Commercial Uses should not, in the Development Officer’s opinion, adversely affect the amenities of the Residential neighbourhood or the privacy or the enjoyment of Adjacent Sites.
- 12.90.9 The Site Frontage of a Low Impact Commercial Use must not exceed 30.5m.
- 12.90.10 Exterior lighting must not, in the Development Authority’s opinion, adversely impact the privacy or enjoyment of Adjacent Sites or the area in general.
- 12.90.11 Waste containers must be in the Rear Yard and be Screened to the satisfaction of the Development Authority.
- 12.90.12 Outside Storage or display is not allowed.
- 12.90.13 Upon receipt of an application for a Low Impact Commercial Use, the Development Authority must refer the application for comments to Adjacent landowners and the relevant community association.

12.90.14 **Parking**

12.90.14.1 Parking spaces for Low Impact Commercial Uses must be provided on the Site at the rates indicated below:

Low Impact Use	Parking Requirement
Professional Office	2.0 per persons on duty
Health and Medical Services	2.0 per personal consultation cubicle
Commercial Service Facility	2.5 per 93.0m <sup>2</sup> Floor Area or part thereof
Merchandise Sales and Rentals	5.0 per 93.0m <sup>2</sup> Floor Area or part thereof
Residential	2.0 per Dwelling Unit

- 12.90.14.2 Should the total number of Parking stalls required on the Site exceed ten, then the Site is no longer considered as Low Impact Commercial and the application may be refused.
- 12.90.14.3 Parking spaces must not be allowed in the Front Yard or the Side Yards.
- 12.90.14.4 Parking spaces must be Screened from the Road view.

- 12.90.14.5 Access to Parking spaces should be off the rear lane if a rear lane is available.
- 12.90.14.6 For the purpose of the calculation of the number of Parking spaces required for Commercial services, personal services, and Merchandise Sales and Rentals, the term “floor area” is defined as those floor spaces associated with the Low Impact Commercial Use, excluding storage area and washrooms.

## 12.100 59 Avenue Overlay

### Key information

- 12.100.1 <sup>105</sup>This Overlay establishes the maximum number of Dwelling Units that may be developed on the Site subject to this Overlay as established below:

Lot	Block	Plan	Civic Address	Maximum # of Units
10B	1	3176TR	6771 59 Avenue	2

### Regulations

- 12.100.2 The Development Authority may not approve any form of multi-unit Residential Development on the Sites subject to this Overlay if the proposed Development would exceed the maximum number of Dwelling Units specified. This cannot be varied by the Development Authority.
- 12.100.3 If 2 or more of the Sites subject to this Zone are consolidated into 1 Site, or combined as a Site for the purposes of redevelopment, the maximum

---

<sup>105</sup> 3357/BB-2024

number of Dwelling Units for the consolidated Site, or combined Site, must be the sum of the number of Dwelling Units allowed on the Sites prior to the consolidation or the combination of the Sites as a Site.

- 12.100.4 The requirements in this Overlay are in addition to any other applicable requirements under this Bylaw, and prevail where the requirements in the underlying Zone contradict or will not serve to achieve the general purpose of this Overlay, unless the underlying Zone is a Direct Control Zone where the requirements of that underlying Direct Control Zone prevail.

## 12.110 Historical Preservation Zoning Modifier: HP

### Key Information

- 12.110.1 This modifier maintains the historical character of an area in terms of Building appearance and ensures the degree of activity and other aspects are compatible with the heritage intent and historical preservation.

## 12.120 Historical Significance Zoning Modifier: HS

### Key Information

- 12.120.1 This modifier promotes community awareness of actual or potential heritage and historically significant Sites or Buildings, and a means where identified Sites or Buildings may be preserved with available and practical means.
- 12.120.2 This modifier provides that an identified Site or Building of potential historical significance must not be demolished or, in the case of Sites disturbed, until such time as an evaluation of the heritage or historical significance of the Site or Building is carried out. The Bylaw encourages but does not require that any renovations undertaken compliment the historical integrity of the Site.
- 12.120.3 This modifier is not to set these properties up to later be designated as municipal, provincial, registered, or federal heritage resources. If any change of the properties listed in this Bylaw to any other heritage designation were proposed, such a shift would occur only with the agreement of the landowner and through an amendment to this Bylaw.

<p><b>12.120.4 Permitted Uses</b></p> <p>12.120.4.1 Uses listed as Permitted Uses in the underlying Zone</p>
<p><b>12.120.5 Discretionary Uses</b></p> <p>12.120.5.1 Uses which in Council’s opinion maintain and achieve the general purpose of this Overlay outlined in subsections 12.120.1 through 12.120.3</p>

### Regulations

- 12.120.6 All applications for Development or demolition of Sites listed in subsection 12.120.10 must be forwarded to The City’s planning department for comment.
- 12.120.7 For Developments not involving demolition, The City’s planning department will work with the landowner to encourage preservation of the character-defining elements that contribute to the historical value of the Site.
- 12.120.8 For Developments involving demolition:

- 12.120.8.1 the landowner must give 45 days notice to The City of the proposed demolition;
  - 12.120.8.2 The City will cause an historical evaluation to be carried out in consultation with relevant expertise;
  - 12.120.8.3 if the Building or Site is considered of significant heritage value and a candidate for preservation, The City will work with the landowner during the 45-day period in an effort to preserve the Building or Site.
  - 12.120.8.4 if the landowner and The City are unable to reach an agreement, once the 45-day notice period outlined in subsection 12.120.8.3 has expired, this Bylaw will no longer prevent demolition of the Building or disturbance of the Site.
- 12.120.9 The Development Authority may vary the 45-day review period in the following circumstances:
- 12.120.9.1 if the Building or Site is considered not of significant heritage value or not a suitable candidate for preservation; or
  - 12.120.9.2 in the case of an emergency requiring immediate demolition.

## 12.130 **Vertical Height Zoning Modifier: V**

12.130.1 The general purpose of this zoning modifier is to prevail over the maximum allowed height on any Site in any Zone.

### 12.130.2 **Method of Application**

12.130.2.1 In a Zone with a “V” designation, the maximum allowed height of a Building, expressed in metres, is determined by the number following the letter “V” on the Zone map.

12.130.2.2 Despite any other section of this Bylaw, the maximum height established in subsection 12.130.2.1 prevails over the maximum height that would otherwise apply to the Site and cannot be varied by the Development Authority.

Per subsection 12.130.2.1, an example would be a designation of R-M.V18

“R-M” = Residential Medium-Density Zone

“V18” = Building must not exceed a height of 18.0m above Grade

## 12.140 Density Zoning Modifier: D

- 12.140.1 The general purpose of this zoning modifier is to prevail over the maximum number of Dwelling Units allowed on a Residential Site designated by the underlying Zone.

### 12.140.2 Method of Application

- 12.140.2.1 The maximum number of Dwelling Units allowed per hectare under a density modifier is indicated by the number following the letter “D” on the Site in a Zone map.

- 12.140.2.2 In calculating the density of a Zone the maximum number of Dwelling Units which may be developed on a Site is the Site Area expressed in hectares multiplied by the density restriction as per the Zone map.

- 12.140.2.3 Despite any other section of this Bylaw, the maximum density established in subsections 12.140.2.1 and 12.140.2.2 prevails over the maximum density that would otherwise apply to the Site and cannot be varied by the Development Authority.

- 12.140.2.4 If no density designation is established for a Site, the maximum allowed units of Development must be determined by the outlined requirements in the applicable Zone and using the same calculation outlined in subsection 12.140.2.2.

Per subsection 12.140.2.1, an example would be a designation of R-M.D40

“R-M” = Residential Medium-Density Zone

“D40” = Site must not exceed 40 Dwelling Units per hectare

## 12.150 Character Statements

### 12.150.1 Application of Character Statements

- 12.150.1.1 The areas of Waskasoo and Woodlea have applicable Character Statements that define the character of the area and outline regulations establishing the design parameters to which a proposal for redevelopment in the area must adhere.
- 12.150.1.2 The Development Authority will use Character Statements in conjunction with the Zoning Bylaw to evaluate if an application maintains the character of the affected area.
- 12.150.1.3 Where the requirements in the Zoning Bylaw conflict with the Character Statements, the Character Statements prevail.

### 12.150.2 Waskasoo Character Statements

- 12.150.2.1 Please refer to 'Appendix C' for Character Statement details and regulations.

### 12.150.3 Woodlea Character Statements

- 12.150.3.1 Please refer to 'Appendix D' for Character Statement details and regulations.

# Part 13 Site Specific Exceptions and Exemptions

## 13.10 General Requirements

- 13.10.1 An exception to the uses or requirements of a Zone or this Bylaw may be approved by Council on a Site-specific basis when a proposed Development, because of its unique characteristics or because of unusual Site constraints, may only proceed if an exception to the provisions of this Bylaw is approved.
- 13.10.2 Regulations in Part 13 cannot be varied unless explicitly outlined otherwise.

## 13.20 Areas Specifically Designated for a Particular Use

13.20.22 <sup>110</sup>Deleted

13.20.23 In accordance with the I-2 Zone, the following exceptions apply to the Site located at 27251 Township Road 391 (short legal: NW ¼ Sec 3-39-27-W4, Linc 0018975856):

- 13.20.23.1 any expansion of the use or Development will require the submission of a detailed noise impact study by the proponent, prepared by a qualified consultant, to determine what Site mitigation measures are required to avoid excess sound emissions to the satisfaction of the Development Officer.

<sup>110</sup> 3357/EE-2024

13.20.24 In accordance with the C-4 Zoning of this Zoning Bylaw, on Lot 1, Block 2, Plan 932 1800 (2506 19 Street) Development requires approval by the Development Authority and is subject to the following regulations:

**13.20.24.1 Requirements**

- 13.20.24.1.1 Site Coverage: maximum of 25%;
- 13.20.24.1.2 Building Height: maximum of 2 storeys (maximum 9.0m);
- 13.20.24.1.3 Landscaped Area minimum: 20% of Site Area;
- 13.20.24.1.4 Parking Spaces: general Parking requirements apply;
- 13.20.24.1.5 Design Criteria: subject to subsection 13.20.24.3.

**13.20.24.2 Development Authority**

- 13.20.24.2.1 Development Officers are the Development Authority for all uses and Development on this Site. In exercising its approval powers, the Development Authority must ensure that Development, in addition to the above Requirements, also complies with any design criteria;
- 13.20.24.2.2 Variances to the requirements or design criteria will not be considered;
- 13.20.24.2.3 All regulations, Site Plan, Site access, the relationship between Buildings, structures and Open Space, the architectural treatment of any Building, the provision and architecture of Landscaped Areas, and the Parking layout will be subject to approval by the Development Authority.

**13.20.24.3 Design Criteria**

- 13.20.24.3.1 The Design Criteria in this Site exception will prevail over any underlying Zone design criteria;
- 13.20.24.3.2 The physical relationship of Building with the Road is critical in establishing the overall character of the area. The Building must have a strong presence along its Road fronting Boundary and an inviting interface with the Sidewalk and Road;

- 13.20.24.3.3 Developments must create variety, character, comfortable scale, and visual interest by incorporating a variety of Building styles;
- 13.20.24.3.4 The Principles of Crime Prevention Through Environmental Design must be applied to all Development;
- 13.20.24.3.5 High quality hard and soft landscaping elements must be provided including trees and shrubs that add value throughout all seasons;
- 13.20.24.3.6 Developments must be designed with green technologies and materials that reduce energy, waste and conserve water such as green roofs, solar energy systems, Zone energy;
- 13.20.24.3.7 Building fronting collector Roads will have minimal Front Yard Setbacks unless additional space is required for such things as an eating patio, major private art display, water feature or other amenity;
- 13.20.24.3.8 The Rear Yard Setbacks will be flexible and as required to allow for Site access, Site Parking, loading, and servicing. The west Yard Setback to Building to be a minimum of 23.0m, except for the southwest corner of the Site permitting a minimum Setback of 7.0m to Building Façade;
- 13.20.24.3.9 Developers must create opportunities for pedestrian linkages to the east and south only;
- 13.20.24.3.10 Street elevations of Buildings on Corner Sites must have equal Sidewalk interface and architectural corner features and high-quality elevation treatments along each side;
- 13.20.24.3.11 Building walls facing a Road must be articulated at approximately 6.0-8.0m intervals containing varied design elements such as entrances, windows, vertical accents, Setbacks, canopies, Signs, Projections, and roof lines;
- 13.20.24.3.12 All businesses or stores must have their own clearly identifiable Road level entry;

- 13.20.24.3.13 All Commercial ground floor elevations facing a Road must contain un-tinted glass windows;
- 13.20.24.3.14 Underground Parking is encouraged. All surface Parking must be paved and located behind the Building in carefully designed, landscaped lots with defined, integrated pedestrian connections to Sidewalks and trails. No surface Parking will be allowed between a Road and a Building;
- 13.20.24.3.15 To assist in establishing a sustainable urban environment, internal private lanes are encouraged as part of the design to allow servicing, access to Parking, as well as key pedestrian linkages;
- 13.20.24.3.16 Signs must comply with the Sign requirements of this Bylaw for the C-1 Zone;
- 13.20.24.3.17 Illuminated Signs mounted on Buildings will not be permitted, except for a fuel sales Site. Signs may be accentuated by lighting fixtures projecting light either back at the Building or down towards the ground;
- 13.20.24.3.18 A 2.4m high solid opaque fence is required along the entire west Boundary;
