

EXHIBITION PROPOSALS

FAQ

VIEWPOINT GALLERY

Q: Is the Gallery looking for an individual piece or an entire show from one artist?

A: We are not asking people to submit individual pieces for consideration. We are looking for full exhibitions – either featuring the work of individual artists or group shows featuring a few artists.

Q: Do I have to fill all the walls and spaces shown on the gallery floorplan?

A: No, but having enough cohesive work to present is important. It depends on what is proposed, the scale of work and what the artist or curator is trying to present. There are options for configuration of the space, and for 3-dimensional work, 2-D or other media. If in doubt, contact us to discuss your ideas.

Q: How long do exhibitions run?

A: Exhibitions in this gallery typically run for 7-8 weeks.

Q: Do you pay artist fees?

A: The Viewpoint Gallery is an informal exhibition space. We pay an honorarium to artists based on the CARFAC recommended rates for *Exhibitions in Other Public Spaces*.

Q: Can I drop off my portfolio in person?

A: We do not accept submission of original works of art, please apply via e-mail using the [online form](#) and attach images of your work according to the instructions. If you need help with this process, please contact us.

Q: If I am involved in a group show proposal, can I also submit my own work for a show?

A: You can be included in more than one exhibition as long as you propose different work.

Q: Can I submit more than one exhibition idea for my own work?

A: Yes. We would consider it, but as there are only a few shows per year, it is less likely that you would be offered more than one exhibition during the same period.

Q: Can I propose to exhibit the same work I have already shown elsewhere?

A: Work that has been exhibited in other cities is acceptable, but we try to not choose work already shown in other local gallery or exhibition spaces. You could apply to show a different body of work or a continuation of a body of work.

Q: If I had a recent exhibition in the Viewpoint, can I apply again?

A: Yes, you can apply with new work.
